2 parts

PART 1: <https://youtu.be/UJAzwpsirzY>

In The era of warfare against Zion (future) that is when Zion rises to its full stature

Eventually this will extend to Jerusalem

There will be military war against the latter-day Saints then against Jerusalem

Joel 2 is warfare against Zion. Joel 3 is war against Jerusalem.

There's a future point where if the gentiles repent they'll be saved if they don't they'll suffer this becomes even more specific in the future where they get the two alternatives to choose from

These alternatives will be presented to the gentiles vividly and powerfully.

At that point if they refuse these offerings they'll be destroyed temporally and spiritually. We have not yet seen this and it will be rapid

consequence when it is presented.

The future warfare against Zion is when these alternatives will be presented to the gentiles.

Nephi sees a division on the one hand is the Church of the Lamb of God and this is not all of the latter-day Saints. The other is the Church of the devil which consists of anyone who's not on the Church of the Lamb.

2nd Nephi chapter 30 verse 10 also speaks of this great division

In that day there will be such a polarity and the gospel will be talked about throughout the world as it has never been before

In the scriptures Waters means people
The whore sat upon many Waters
The whore is a cultural mindset

Nephi says the church was spread all over the world this began to be fulfilled after World war II when the policy changed to not moving the United States when you're baptized
George Albert Smith started this then David McKay implemented it

In Central and South America missionaries did not have much success at all then president McKay dedicated the land and everything started opening up

There's a difference between ministering the gospel with the power of the spirit and just visiting with people and talking about the weather at cetera

It's much more than just knowing the church is true we have to get sanctified to be born again

Zion will rise to be the standard of righteousness in the world that it is designed to be
It must be a Zion endowed with Glory

There will be fire and cloud over all areas of Zion and this will be because the people are sanctified not just because they're upset about being oppressed

Right now the Saints are lazy and think all is well in Zion and are not willing to live for the gospel they're only willing to die for it this is why we haven't gotten the Glory of Zion yet

Wherever the Saints are gathered there's going to be a war against them war of bullets etcetera as the people around them gather against them. But the Saints will be preserved by the power and glory of God.

God's wrath we poured out upon the nation's such that all nations will have war and rumor of war that would include America

The Book of Mormon teaches that America will be the first great nation to make warfare against Zion

The Lord will come to Zion years and years before he comes in glory to the whole world

The gathering is not over we are in an interim. When the era of warfare against the Zion comes then the gathering will take place will "not go by flight"

Nephi says when the wrath is poured out on the abominations then the Lord commences in preparing the way for the fulfilling of his covenants.

We will gather to temples and to endowments of Glory. It begins at Mount Zion in this land of America is a gathering to the law of consecration and the holy order.

Before the gathering is a cleansing because we just aren't cutting it.

Isaiah says Zion is redeemed by judgement. Joseph Smith says a man cannot come to My. Zion except by suffering.

D&C. 42 identifies the sudden coming to Temple I spoken of by Malachi which was repeated the Joseph Smith by Morini as taking place at the New Jerusalem Temple.

To build Zion it's the righteous Latter-Day Saints who need to be refined not just the inactive

For Zion we need two things to happen we need the righteous Saints to be refined in the refiner's fire I don't need the land of America to be refined because it is the land of Zion

America will be destroyed otherwise God owes Sodom and Gomorrah an apology.

After the destruction of America Zion is established.

Then the gathering of Israel happens.

They go out from All Nations not in haste.

They will go peacefully bring as many people with them as they can and they'll have the same endowment as Israel leaving Egypt the pillar of fire and cloud.

They come to Zion singing songs of everlasting Joy.

This is the entire prophetic picture of the Book of Mormon.

We are on the threshold of the beginning of this era of time.

First Nephi 22 and 2nd Nephi 6 and 3rd Nephi have commentaries on the prophetic picture Nephi saw everything John did.

The beast is given power to overcome the Saints and everyone else

The mark of the beast era takes place after the redemption of Zion

There are two beasts

Daniel 7 he sees Adam-ondi-Ahman in the last days

Joseph Smith identifies the ancient of Days as the oldest man our Father

Adam who is Michael

In that meeting Adam council's with us to prepare us for the coming of Christ

Daniel 7 is also about the general World condition at the time of Adam-ondi-Ahman.

Joseph Smith says that the beasts of Daniel should be translated as figures of a beast and that they represent beastly degenerate carnal God opposing systems.

Daniel 7 deals with the same subject in general that Daniel 2 deals with. The great image. The kingdoms of that great image and 1806 that's when the Holy Roman empire ends and the prophecy is that in the day after that is when the kingdom of God is set up. The kingdom cut out of the mountain without hands. The four beasts of Daniel 7 represent the same things that the great image represented the lion was Babylon the bear was medes and Persians the third leopard was Greece the fourth was Rome terrible with iron like none before it. Revelation 13 has a beast with different body parts that have the same figures that Daniel used except they are reversed in order. Like the beast in Revelation being made of multiple animals, Babylon in the last days is a melting pot of different peoples.

Babylon's great ideal is Greco-Roman philosophy.

So the one who makes war against the Zion is a composite of Greece and Rome.

There was another beast the little horn and remember horns and scripture represent power.

The war against the Saints prevails until Adam-ondi-Ahman.

Out of Rome come 10 kings.

The little horn is very powerful but little in the sense that his rule as a short one.

Joseph Smith spoke of wars that would happen after the civil war of the United States he said when the Russian Bear lays its paw on the British Lion you know the winding-up scenes are not far off.

When Adam-ondi-Ahman happens there will be two great world powers. The one will be Babylon the other will be the Little Horn.

The little horn will subdue 3 Babylon kingdom, one of which will be England. The little horn is the Russian Bear.

Adam-ondi-Ahman will result in removal of the little horns power

Joel 2:28 to the end of the chapter was told to Joseph Smith that it wasn't fulfilled, it was for the Latter-Days.

"It shall come to pass AFTERWARD that I will pour out my spirit upon all flesh..."

After what? The 1st 27 verses deal with a great northern power coming to Zion to subdue it.

He says it's a northern army, a heathen (not Christian) power. Such a power as there hath not been ever the like, or will be after many generations. The greatest military power ever seen this far and ever seen until the end of the millennium. This is talking about the little horn.

Verse 30-32 in Mt. Zion and in Jerusalem AND in the remnant the Lord shall call there will be security.

Joseph Smith teachings p70-71 he reads Joel 2, says in the last days God will call a remnant where there will be deliverance / temporal peace in addition to Zion & Jerusalem.

It's the remnant who the Lord SHALL call, so he hasn't called them yet. The Lord will gather the Indian people, they are the remnant, there will be peace among them.

During the period of warfare the saints get sanctified. Eventually Jews will gather to Jerusalem in far greater numbers. Many

are in America, they may want to leave during the warfare era.

There's not only a modern Babylon, but also a modern Assyrian.

The lost ten tribes wanted to faithfully live the covenant like never before, this they fled. They are together in a body like Joseph Smith said.

The Lord brings upon the people the waters (people) many...shall fill the breadth of the land...

...I will send him against a hypocritical nation (America) to take their treasure...

V24,27 the Lord says to His people in Zion: Assyrian will do to you like Pharaoh did to ancient Egypt a little while then they'll be destroyed. His home will be destroyed because of the anointing.

V12-15 when he has done his whole work on Zion & Jerusalem, the Lord will punish the Assyrian. Don't worry about the Assyrian

The great northern army, little horn, Assyrian are all the same under various symbols.

The true Ensign, a spiritual Ensign and of general righteousness and justice, will be raised when Zion is redeemed with an endowment of glory. If people reject THAT, they get God's judgements both spiritually and temporary.

1Ne22 making known the covenants of the father of heaven refers to Christ. The people cannot be blessed unless the Lord makes bare his arm in the eyes of all nations. Mosiah 12 Abinadi prophesied of the last days, that all would see the salvation of God, the arm bare. So ALL nations see y and make a choice, a great division. Seeing eye to eye to bring again Zion, He has to make his arm bare to all nations! V28 the time shall come when the salvation of the lord will be declared to every nation, they'll see eye to eye when the Lord brings again Zion...made bare his arm, all nations will see His salvation.

PART 2: <https://youtu.be/jDhTQMqSpb4>

Once God made his arm bare anciently, Egypt. Brought them out miraculously. There will be little Egypt's all over the place.

God's people will be preserved, get glory, America will be cleansed.

Don't go gather with haste, gather as many as you can to go with you, if they reject you, spiritual and temporal destruction.

He makes bare his arm in all nations by his people in those nations.

Warfare against the saints then the cleansing of America and glory among the saints.

All that fight against Zion will be destroyed.

Nephi speaks of this time. The Lord won't allow the righteous to be destroyed and will protect them by fire.

None that believe in Christ will be destroyed.

The prey is Zion. It will be delivered.

We will build the New Jerusalem.

God will break the power of the gentiles.

If gentiles don't repent God's people go through and tread them down.

The Indians will rebel. Marines won't be able to come stop them. The Indians will be like a lion among sheep, none will stop them.

It'll be Indiana and cowboys, not cowboys and Indians, the Indians will win this time.

God will remove the witchcraft groves and materialism & whoredoms from us. Vengeance such as we have not heard.

When the Assyrian (great Northern Army Russia) will come into our land (America the hypocritical nation) and tread in our palaces, Christ

will deliver us. The remnant of Jacob Indian people will tread the Assyrian.

3Ne22 if gentiles repent they can come help build the New Jerusalem. If they don't serve Christ they'll be swept off.

DC133:34 richer blessing on Ephraim because he has borne the heat of the day. Ephraim will preside in building the new Jerusalem.

3Ne22 after cleansing of America and New Jerusalem is built and ten tribes brought in, Then the desolate has more children than the married. Gentiles more than Israel.

When we return to Missouri we will live celestial law including the law of consecration.

Jackson county will be the nucleus of New Jerusalem and it'll spread hundreds of miles each direction until the desolate cities if gentiles are inhabited by the Lord's people.

Zion will not remember the reproach of it's youth. It'll be gathered with great mercies. The Second Comforter will be there. All the children will be taught of the Lord. Warfare will be against Zion but no weapon formed against it will prosper.

Micah 5 is about America.

Even the best shows today have a Babylon setting. We are living in Sodom and Gomorrah. Judgement on America is sure.

Warfare against Zion will start everything, cleansing of Zion, the going to New Jerusalem, gathering of Israel from the 4 quarters of the earth, the rise of Babylon little horn (Russia), rise of slaves against their masters, etc.

We need to minister as we do hometeaching, not just visit and chat.

Says even if he knows something to be true and his Bishop is leading in a different direction, he will back off.

(Note: this is a strange teaching and is against much of what the early brethren taught, to not follow blindly. Following falsehoods cannot be good in any scenario. Perhaps what should be said is "don't contend with the leaders" more so than "do everything the leaders say even when wrong." We try all things, and do what Christ would, fearing God more than any man. The issue Andrus may be getting at here is that far too often we mistrust the leaders and are lazy, and not interested in their council on any level.)

Joseph said this world will stand next to Kolob.

He thinks the fall of Adam and Eve had "less to do with the apple on the tree and more to do with the pair on the ground"

(note: I think Andrus is wrong on this one. I don't know of any prophets teaching such, nor do I see any logic in it, but it is not an impossible idea, many Christians have that idea, but they see marriage as a fallen order. We know marriage and reproduction are of the Gods and are eternal blessings. So what about the fruit? Perhaps there was a certain bacteria in the fruit that lead to the change in their bodies, and another in that of the tree of life which would have reversed the effect and brought a cleansing resulting in immortality.)

Earth fell through space at Adams fall, many prophets have taught that.

Indian people go through among the gentiles. The Lord's people restore the constitution. The gathering takes place.

Hyrum Andrus: Nephi & John's Revelations of the Last Days – Lecture Highlights

2 parts.

PART 1:

<https://youtu.be/EtfUHHGqvFk>

The opening of the seals is a series of apocalyptic events that's not something that took place in the ancient history of the earth Joseph Smith clarified this Joseph Smith saw the same vision as John where are the qualified to clarify this he said it's the cleanest book ever written he knows

The opening of the seals are made to reveal the sequence of events in the last days

The seven angels in doctrine and covenants c88 are not the same seven angels as in the Book of Revelation

The opening of the seals are a series of apocalyptic events but seeing what the content of the seals actually is the content of what happened in each of those thousand year periods that is something that happens after Christ comes

The first item of business in Zion in the millennium is to judge everyone that's ever lived on the earth and knowing the contents of those seals will help them do that

The contents include the secret thoughts of the hearts of the people

The four horsemen of the Apocalypse represent 4 judgments before the final cleansing of the Earth

Doctrine and covenants prophecy of the civil war is not just about the civil war it's about several wars

It's about the worldwide bloodshed previous to the coming of Christ an era of war

These will continue on until the prophesied full end of all Nations
Historians agree that the American civil war is the beginning of the kind of war which is called total war, mechanized war

And they will also call on other nations. Hear the word that refers to Great Britain. You see the prophecy is more than just the civil war.

Church historian BH Roberts was able to predict what would happen in World war II from this war prophecy

John Nephi and Joseph Smith all saw the last days vision

The war prophecy says many days after that she'll slaves rise against their masters who shall be marshalled and disciplined for war this has been interpreted to refer to the civil war but it should probably be interpreted to mean after these world wars.

You can't say the slave involvement in the civil war fulfills this because it's not in the right context first you have the civil war then you have the world wars then says after days after that the slaves rise up against their masters this is something yet to happen. The Masters are the ones who are marshaled and disciplined for war and the slaves rise against them. Then verse four talks about another group The remnants left in the land will Marshall themselves and become angry.

Isaiah says the Assyrian will be driven back by the power of the anointing so the freedom lovers will get great help as they stand against the communist

The Assyrian will be sent against the hypocritical nation which is America it will cleanse America
The Indian people will band together in America. the church will have been humbled and cleansed and they will join in the freedom movement. That cleansed remnant will be who redeems Jackson county.

In 1967 the times of the gentiles were fulfilled
This is when they stopped being tracked down by the gentiles which is the definition of the fulfillment of the times of the gentiles

John's 4 horses correlate with the prophecy on war the White horse is America he has a bow and goes forth conquering and to conquer the White horse also represents the beginning of the era of warfare against Zion

The bow of the white horsemen is likely sending a bomb. America has a history of sending bombs places.

The red horse had a great sword it takes peace from the earth it is a military power. This is probably when the Assyrian comes to America. The third black horse has balances its interested in Justice the slaves who escaped from their masters. There is also language of rations personal note this could refer to a time of famine taking place after Assyria invades America. The fourth pale horse is death in hell it has power over the a fourth of the earth and America constitutes North and South America constitute the fourth part of the Earth. The pale horse has to do with the remnant and he will have something to do with pale faces. It says death and hell followed after because the wicked who died go to hell, it'll be the wicked who are dying in other words.

Also in the fifth seal we have the martyrs and there's still some more of those. The sixth seal is the ordination of the second coming not the second-coming itself.

Revelation 6 is an overview of the last days Revelation 7 is more about 6 seal stuff The calling of the 144,000

144000 gather the sanctified it's that church who gets caught up to meet Christ

The 144,000 do their work for about 21 years the half-hour

While the hundred forty-four thousand go forth there are plagues and war and they bring people to the Church of the firstborn which is the church that will be caught up to meet Christ

The hundred and forty four thousand are the people who gather the wheat then the tears are burned, the major plagues.

The wheat are then organized according to D&C 86

The Book of Revelation is a series of spotlights on the last days rather than a chronological order

Man was ordained to be placed on Earth on the sixth day and he was actually placed on the earth in the 7th Day as the pearl of great price says very clearly

It's the same way with the seals in The sixth seal is the ordination of Christ's coming and Christ actually comes in the 7th

PART 2:

https://youtu.be/8mdZqJpDG_I

Rev. 7 after these things ie the 4 horses

Hurt not the Earth till sealed servants God in foreheads.

The 144,000 high priests AR not high priest of the ecclesiastical order which we know today but of the Holy order and this anointing is received only in the temple and for couples jointly

There are the four gospel Angels then there's John he's the fifth who says hurt not until we finish this gathering Israel mission

The Lost ten tribes have to return before the calling of the 144,000 so we have a base of people to choose from and these things happen before the opening of the seventh seal

To some Paul says repent and be baptized that's the standard program of the Gospel to others Paul only says repent and be converted they had sent against like grievously and their best option was to go to hell with a repentant heart and pay the debt

The ten tribes will return as a body Joseph Smith taught that so clearly that there should be no issue on that matter

Moses Elias Elijah and John are all translated there are others too of course the three Nephites as well

Some faithful in the Kirkland area were called to the 144,000 The killing began then it will not only be living people but translated and resurrected

After the 144,000 gather people to the Church of the firstborn then the Earth is cleansed at the hands of these four angels of the restoration

The half-hour silence is in the Lord's time

The great task force the 144,000 goes out during that half-hour it's the prophecy of Jeremiah the hunting
They teach it in Minister the gospel with power and seal up people to hell who reject them
This is the gathering wheat from tares.

3ne.21:25 Christ will personally come to the new Jerusalem. This is when Zion is cleansed on the 7th seal. This is technically the beginning of the millennium. It's around the opening of the 7th seal.

Isa59:19-20 is warfare against Zion then Christ coming to Zion. The enemy comes in like a flood that's the great abominable Church making

multitudes to fight against Zion. A standard is lifted against them, the power of God and great Glory rest upon the Saints. It specifically says at that point the Redeemer comes to Zion. Moroni at the Hill Cumorah tells Joseph Smith the Saints will be persecuted until they finally receive an inheritance where the glory of the Lord rests upon them. Moroni says at that point is when the Isaiah passage will be fulfilled when Christ comes to Zion.

Suddenly the Lord will come to his Temple this didn't mean suddenly near the time that Malachi said that it means suddenly after the work preparatory to that event is complete. It has reference to the 144,000.

Adam-ondi-Ahman is after the Lord comes to his Temple suddenly

Adam-ondi-Ahman is a great judgment of past

The past dispensations were not complete this dispensation is to be complete.

This is not the dispensation of the fullest of times until we build Zion have Adam-ondi-Ahman and seal other dispensations to us.

This is also called the dispensation of the fullness of dispensations.

The capstone being put onto a dispensation requires Zion being built with an order of kings queens priests and priestesses.

It's after the ministry of the 144,000 that Christ come suddenly to his Temple that Daniel seven of the ancient of Days at Adam-ondi-Ahman is fulfilled.

We seal all things to Christ by sealing all things to Joseph Smith first. This is the last being first.

Those who follow Christ are rewarded not by ecclesiastical office in the celestial Kingdom but by receiving one hundred fold of all the things they sacrifice be it houses wives etc

When past dispensations are sealed to Joseph Smith we are able to do the

temple work for those past dispensations because we still have living people on Earth who are able to do Temple ordinances

There are a group of Jewish converts aside from the latter Day Saints they will uphold the two prophets of Revelation 11 during the abomination of desolation

The Assyrian and Babylonian combine against Jerusalem during the abomination of desolation

Whenever God ordains an earth to be built there is always a Jerusalem and Zion two centers and it is that way on this Earth as well following the eternal pattern.

Awake awake again I was I put on my garments oh Jerusalem the holy city

The word again is not in Isaiah but it is in the 3rd Nephi passages of Jesus's teachings

So when did Jerusalem in Zion rise up in power happen the first time it was in pre mortality the war in heaven mirrors what's happening down here

There are three Great gatherings the Saints from every nation the Jews and the wicked

When Satan can't get Zion he goes against Jerusalem

To rule all nations with a rod of iron is political power

Since what was having as a type of what's on Earth we know there was Babylon in heaven and the people who followed Satan in heaven weren't just against agency they were committed to Babylon and they knew they wouldn't make it if they went to Earth so they bargained away their freedom

The time that the woman flees into the wilderness to the place prepared

for her in the regular says days Joseph Smith changed it to years 1260 years

The Church of Jesus Christ of latter-day Saints will have to give birth to the political kingdom of God the gentiles won't be able to do it

Doctrine and covenants speaks of the church coming forth out of the wilderness in 1830

1830-1260 would be 570AD when the church went to the wilderness. But that's 250 years after the Nicaean council, long after the great apostasy started. So this is referring to the war in heaven.

Satan was thrown out in heaven and on Earth we have to do the same thing to throw Satan out

The first part of Revelation 12 is about the war of heaven the latter part is about the scene in Jerusalem.

The church in Jerusalem is given wings for 1260 days to flee, comparable to the 1260 years in heaven.

Some will flee from Jerusalem to Mt Zion for 1260 days. Other stay at sustain the 2 prophets there by their faith.

The Savior takes a group of people from Mt. Zion, they go and stand on the Mt of Olives just in time. They rebuild the temple and administer the ordinances there. They bring the Jews to the church of the firstborn. THEN Christ comes in glory. The resurrection of the dead in Christ will have already risen first.

Rev. 14 talks about the restoration of the gospel.

The Book of Mormon speaks of a great polarization in 3 ne and 2ne30. Rev. 14 is about how the great division is produced by the restoration of the gospel.

The ten virgins parable of men & women shows us that virgin means sanctified. The 144000 are married.

You can't build Zion on your own, you must unite with your bishop and stake president.

He has never seen a stake president without the mantle of God.

Joseph Smith was a greater prophet than Moses.
