<https://the-roaring-lion-book-store.myshopify.com/>

The book of Enoch reads like a conspiracy theory. The ancients used it. We have found many manuscripts of it. New Testament authors quoted it. Aliens are involved. It details how anti-Christ will be extremely powerful and overcome the saints for a time. It demonstrates that the latter-day exodus will be miraculous. It shows that God and our religion are inherently supernatural.

MICHAEL RUSH BOOK OF ENOCH ANALYSIS **VOLUME 1**

Ch. 1 The Book of Enoch

Hugh Nibley did some stuff with the Book of Enoch but didn't approach it at face value since the face value approach is akin to academic suicide.

Rush speaks of the various translations of the Book of Enoch and the intense German interest in it.

Rush speaks of Robert Charles an extremely gifted linguist and his translation of the book of Enoch.

The Dead Sea Scrolls had more than a dozen copies of the Book of Enoch. These scrolls confirmed the accuracy of the Ethiopian text that Charles' translation is based on.

The Dead Sea Scrolls are mostly in Hebrew but all of the books of Enoch found among the Dead Sea Scrolls were Aramaic, showing they were even older.

There's evidence that Peter knew of the book of Enoch. Some of his writing about the work for the dead sounds like Enoch, etc.

The antediluvian records did survive the flood because Abraham said he had them. Also consider: God went through great trouble to save the animals, surely he would have also saved the records.

Several Bible writers including Moses likely knew and drew upon the Book of Enoch.

Modern education teaches that we live in a sterile universe where life is the exception rather than the rule.

The Book of Enoch makes it clear that visitors from other worlds came here. In our times we are seeing an increasing number of reports of beings from other worlds. The basic premise of the Book of Enoch is that people from other worlds came to this one.

Ch. 2 Enoch's Warning

The Lord will judge the world based on the books that are written. Read the book of Enoch, don't just take others' opinions for it.

Enoch 1:1-2 show that this book is not for the time of Enoch, it is for our time.

The book of Enoch says Michael will come in the last days and fight the watchers.

D&C 107:54-57 endorses the Book of Enoch:

“54 And the Lord appeared unto them, and they rose up and blessed Adam, and called him Michael, the prince, the archangel.

55 And the Lord administered comfort unto Adam, and said unto him: I have set thee to be at the head; a multitude of nations shall come of thee, and thou art a prince over them forever.

56 And Adam stood up in the midst of the congregation; and, notwithstanding he was bowed down with age, being full of the Holy Ghost, predicted whatsoever should befall his posterity unto the latest generation.

57 These things were all written in the book of Enoch, and are to be testified of in due time.”

Both Old and New Testament prophets quote from The Book of Enoch, which says that the Lord will come with 10,000s of his Saints to destroy the wicked.

In The Book of Enoch the obedience of the elements of

earth is contrasted with the disobedience of men. This could be what inspired the Book of Mormon authors to write the same thing.

The Book of Enoch says that in the millennium our lifespan will return to the lifespan of our forefathers. This is more understandable than the vague reference elsewhere in scripture of having the lifespan of a tree in the millennium. The ancients lived into their 900s, so that age would refer to trees which get quite old.

Ch. 3 The Watchers

Is Adam found on the earth? - the question implies people could have come to Earth of their own will from elsewhere (but they hadn't)

God sent true Messengers from elsewhere to teach Adam and Eve and their posterity the truth, so it makes sense that false messengers from elsewhere came to teach Adam and Eve and their posterity falsehoods.

The government now routinely discusses space alien encounters. Several military accounts are related in the text.

150,000 people worked on the Manhattan project yet only three of them knew what it was about, so yes you can keep big secrets like this under wraps, and yes there is a task force who keeps the topic quiet, puts out disinformation and assassinates those go too far and leak information.

There is apparently a federation of nine planets and they have agreed with Earth to do observations here.

There are tic-tac-like crafts maneuvering at physically impossible speeds and angles traveling impossibly fast in the air and in the water. The tic-tac-like crafts travel at 1,000 G's, faster than bullets.

The translation says sons of God, a top linguist specified that those words meant angels or demons because there are people who could hover in the air.

The author over several people who have published on UFOs who have been strangely killed.

Ch. 4 Mutual Implications

Mutual implications (that's the phrase sometimes used in the scripture) are secret agreements try to keep corrupt deeds secret. The washers from another planet came here and did bad things; they tried to keep it under wraps so their home planet wouldn't find out.

Scripture says people sent to this earth were only the ones who spiritually strong enough to handle it. As this is the wicked world, the people who were sent here are some of the best and are in proving grounds to develop their leadership.

? Just as this is the prison planet for Satan's angels that were cast out to this earth (as the Book of Revelation 12 says), the Savior came to this house there are other interventions such as each world

The watchers came here from another planet, perhaps on a mission to explore, they were not spiritually prepared for the pressure here, and Satan overcame them right away. They broke galactic agreements and taught the people of war.

Ch. 5 Giants in Those Days

There can be life on other planets which are not in the Goldilocks inhabitable zone which our planet is because people can be designed to survive different conditions than us. For example, Shadrach Meshach and Abednego did not burn in the furnace. Also consider how resurrected and translated beings could certainly withstand other conditions.

There's likely a translation error with describing how many L's tall these Giants were - certainly we couldn't have people 4,000 ft. tall.

God's planet revolves around the star Kolab.

Note- Whether God resides on a planet or a star I do not know. But scripture does say that God lives by Kolob.

Numbers 13 is about the giants dwarfing the people like grasshoppers:

“31 But the men that went up with him said, We be not able to go up against the people; for they are stronger than we. 32 And they brought up an evil report of the land which they had searched unto the children of Israel, saying, The land, through which we have gone to search it, is a land that eateth up the inhabitants thereof; and all the people that we saw in it are men of a great stature.

33 And there we saw the giants, the sons of Anak, which come of the giants: and we were in our own sight as grasshoppers, and so we were in their sight.”

Mary I was supposedly found it by Giants which the people revered as gods the leader of those being called on which sounds similar to what the Bible calls the Giants which is Anak (Num. 13:33).

The Giants were a result of the 200 watchers inter-marrying with people of Earth.

The watchers breeding with people of this Earth gave their giant DNA. This is a problem because people's DNA is suited for the planet they live on.

There are fossil footprints of 3-4 ft. long. With an approximate 6:1 body-foot ratio, we are talking 24 ft. tall.

Note- there's also the famous Smithsonian cover up of giant skeleton fossils. Check out this book:

“The Ancient Giants Who Ruled America: The Missing Skeletons and the Great Smithsonian Cover-Up”

<https://a.co/d/dPS7ag7>

The Giants of old were feared strong and terrible, they were not the frail Giants of our time (the people with gigantism who can get up to 9 ft. who are frail). These Giants could take on entire armies.

The record says they came back a couple generations after the flood. Where did the additional Giants come from after the flood?

Ch. 6 Unacknowledged

Primary notes on this missing?

Someone with power to do miracles will come to Earth and claim that he himself is God; many will believe him. This is the antichrist which Daniel and John wrote about.

The author suggests there are multiple Angels named Gabriel in key positions. Note- I'm not a fan of this idea.

Gabriel is the one appointed over the world's when they have fallen?

A passage is described about how the archangels were getting impatient when God was waiting to do something until people asked.

This shows us important lessons. Our own agency carries a lot of weight about what happens. Make sure you're asking God for what you want because things often don't happen unless you ask. Don't wait to ask her help from God until you're overwhelmed.

Azazel was a very wicked watcher. God commanded that

he'd be bound hand and foot, and covered with jagged rocks to wait for the day of judgment where he would be eternally cast out. The scapegoat has long been called Azazel, named after him. The sins of a group are put on the scapegoat and are cast out.

Ch. 7 Michael the Great Prince

Michael has charge over chaos, meaning Spirit prison hell. Michael was given charge over the best men and chaos.

Note- I think there are a few others named for this too. I'm aware of Brigham teaching that Joseph Smith presides over the spirit world. The other angel name comes up later in the book.

The watchers are sentenced to remain in hell until the final judgment where they will receive even more punishment. The watchers that will come in the last days will be another group of them, not these ones that are already in hell.

The Jaredites were large people; Joseph Smith could only use one eyepiece of the European glasses at a time they were so big. Perhaps the Jaredites were descendants of the watchers spoken of in the book of Jubilees which came after the flood. The Lord destroyed 90% of them right when they came, but 10% were allowed to stay, supposedly because they were righteous. The Jaredites could be descendants of these righteous ones.

Note- Joseph Smith also identified giant skeletons as Jaredite skeletons.

Michael is told to bind the watchers for 70 generations, possibly meaning forever until the judgment. It was said that they (the watchers) will be in prison for 70 generations. Now 70 generations have passed, and we are hearing lots of reports of alien crafts.

Michael will be the one who destroys the watchers who come in the last days and thereby deliver the saints.

Those who make it into the millennium will have dramatically increased lifespans (1000 years), and therefore live to have thousands of children.

Daniel also saw these times - he spoke of the four beasts and then Adam coming to the rescue.

The fourth beast is the United States. (Note- One evidence of this is that the sign of the 4th beast is the water eagle, which is the bald eagle.) The three eagle head rulers (of the 4th beast America) are destroyed by the Stout horn (which is the Antichrist, which is an other-world watcher). This watcher will claim to be God himself and have great power; he will show evidence of the watchers from the past etc.

The Lost ten tribes will come from heaven and rescue us.

Adam-on-di-Ahman will be a planning meeting to get ready to rescue the world from the watchers etc. After Adam-on-di-Ahman the city of Zion comes out of heaven like a bride adorned for her husband.

The 144,000 will go on rescue missions and the American Zion will be known for its greatness. The Lost ten tribes are part of this rescue mission.

Moroni when quoting Malachi to Joseph Smith added the phrase "they that come will burn them."

After Adam-Ondi-Ahman, the New Jerusalem will descend from above.

The 144,000 missionaries are involved in rescue missions to bring people to the New Jerusalem.

Ch. 8 The City of Enoch

A watcher generally speaking is anyone who watches this Earth. Many do watch this Earth as it is where the Savior came.

Joseph Smith taught that the city of Enoch left from the area of the Gulf of Mexico and that they will return to the same place.

The City of Enoch left before the flood so it would have left a gaping crater and everyone would have known it left. Moses 7 says the city of Enoch was taken up to the bosom of God out of the midst of all God's creations and that millions of earths aren't even the beginning of it.

Thus we see the city of Enoch is an intergalactic hub to which the righteous have been gathering from throughout the universe for the past 5,000 years.

People of the city of Enoch were translated so they could

give the gospel to other worlds.

Note - Hyrum Andrus also speaks of this, that those of the city of Enoch are presiding over the terrestrial worlds throughout space. This argument can be made from multiple sources.

Joseph Smith says the Lord translates people so they can minister to many planets.

Joseph spoke to and met with various translated beings like Moses Enoch and others. He knew what they were up to.

Joseph Smith blessed Orson Pratt that he would minister yet to other worlds. Apparently even after death a person can gain the ability through a translation or something to minister to these other worlds.

In Lorenzo Snow's patriarchal blessing it says that he would be able to translate himself to minister to other worlds. Again this is an example of people doing this even after death.

Since people of this world can minister to other worlds it is logical that people of other worlds can minister to this world.

It's not just people of this Earth that are special, it is the Earth itself. Parly P Pratt taught that people who had been removed with parts of this Earth to go elsewhere will all be returned as part of the restoration of all things. This Earth will be many times larger than it is now due to these returning parts.

Note- we are aware of several who have been taken from this world like the city of Enoch, the city of Melchizedek,

the lost 10 tribes, and there are likely others we don't have record of. Later in the book a group of disappeared top German scientists etc. will be considered as another group which left somewhere.

It is written that the Lost ten tribes, when they return, will receive ordinances here. There are higher temple ordinances which are only to be received in the temples of the restoration.

The noble and great ones come to this earth to be thoroughly tried to see if they will qualify as God's chief assistants.

Moses was translated, he didn't die. See Alma 5?

D&C 130:5? No inhabitants minister to this world except those which were or are from it.

Regarding that verse the word minister could be referring to priesthood keys and ordinances. Therefore, people from other worlds could still come to help protect Earth, but they should not attempt to administer ordinances as the watchers wrongfully did.

When people of this world are sent to minister to other worlds, they typically take a piece of this Earth with them. Perhaps there is something special about the Earth itself.

The presence of God is the equivalent of a temple.

D&C 133 says the lost 10 tribes get their ordinances on this earth when they return, therefore perhaps some are only available here.

Jesus said in the resurrection they don't marry, they are angels. **Ref** Consider that marriage is only for the Celestial Kingdom and the Earth will become a Celestial Kingdom. In the resurrection those who do not obtain the Celestial Kingdom to the highest degree will only remain as angels and will not have marriage. **ref**

Note- I would think that marriage is available in any Celestial Kingdom, not just the final state of this Earth, as there are other celestial earths. Though likely you must appeal to local resources you are designated to.

Scripture says Zion will come forth out of all the creations God has made. **ref**. This could be a reference to people needing to get ordinance work done here from all over the universe.

Delete the statement that I wrote about marriage only for those on this earth. Of course there are other Celestial earths.

He suggests that this Earth might be the only place where temples with these ordinances are available, this is not seen reasonable. **Update what I wrote about it.**

The oath and covenant of the priesthood may very well involve becoming a governor of all these systems of worlds.

Note- perhaps this galaxy is all working together for a

single 7,000 year ‘eternity’ period. Perhaps even the whole universe, though it seems much more likely to me that each galaxy is it’s own system.

Note- Much has to be learned in preparation for this event of the return of the City of Enoch so we actually appreciate it and understand.

Ch. 9 The Holy Scribe

In prior chapters he makes reference to folding of space for quicker travel.

Note- I do not think this is a possibility, the theory of relativity has been and will continue to be disproved. It is true however that faster travel than we are acquainted with is possible, as evidenced by Moroni traveling in the conduit of light, and many other examples. A later chapter in this book on portals will further discuss these possibilities.

People come to Enoch and warn him about what the watchers are doing. The original 200 watchers came at the time of Jared, Enoch's father.

Helaman 10 refers to the great sealing power over the elements which Nephi and Enoch had.

People came to ask Enoch to intervene against the watchers because Enoch had the sealing power.

The Lord intentionally uses wild men as his messengers which people will likely not believe as a trial of their faith.

It has been claimed that much of our technology has come from reverse engineering crafts we have found etc. Imagine how great the technology could be with the walkers openly teaching. Technology of the ancients could have been far-reaching.

The reason the wicked must suffer in hell for thousands of years is because that's how long it takes to unravel the satanic messages they've believed.

The scripture says all men were offended because of Enoch. He preached from the high places.

Note- broadcasting over the internet can be a very high place indeed today. We should use every resource available to us, like Enoch did, to preach.

Paused red text edit

Chapter of the Holy scribe

It has been claimed that much of our technology has come from reverse engineering crafts we have found etc. Imagine how great the technology could be with the walkers openly teaching. Technology of the ancients could have been far-reaching. Reaching

The reason the wicked must suffer in hell for thousands of years is because that's how long it takes to unravel the satanic messages they've believed

The scripture says all men were offended because of Enoch. He preached from the high places. Note broadcasting over the internet can be a very high place indeed today.

Ch. 10 The First Vision (and Significance of Earth)

Before his vision Joseph Smith was first tempted by the adversary, then he saw God on his throne with angels. This is similar to other experiences of other prophets.

Group called The Rechabites were a translated group of righteous people. They have no bread, no wine, and are naked but are clothed in glory. They live typically separate from their wives. They live in an Eden-like state and were removed to above the earth on an island without death or temptation. The account does point out that they were still covered modestly by the glory.

Note – a few of these points are questionable, as we know it is righteous to both dress and live in marriage. Perhaps they are living after a lower order. The Rechabites' condition of no bread wine or clothes is likely a symbol of mourning, a symbol of the separation and awaiting world-wide peace. A little information about them here:

[Rechabites - Wikipedia](#)

The author claims that there is probably more racial diversity throughout the universe than we understand.

Note- I do not see a need to make this claim because all people start as the children of God on each planet so I don't see I need for extreme diversity. In fact minimal diversity is one of the testaments that we are children of God made in His image. The situation of extreme diversity would be evolution of all kinds of random human species. There are many diverse animals and we even read in scripture of strange animals we do not know of in scripture, and there are likely a greater diversity of fruit trees etc., but when it comes to the children of God the point is to be one not to be different. When humanity falls diversity increases, but in the resurrection unity increases. All humans are beloved children of God with divine ancestry, and equal opportunities for divine destiny based solely on choices, not race. The author points this out as well.

The author speaks of a fiery Crystal Palace that may belong to Lucifer. It is a place devoid of inhabitants, cold and fearful. Contrast this to the throne of God which is bright glorious and surrounded with people.

We will see numbers of announced temples double and triple because during the millennium there will be a tremendous need for temples.

Revelation 21 speaks of how the New Jerusalem will be so glorious the whole of North America will become a temple.

The author claims that people of this world are the only ones who were qualified to receive marriage.

Note- I think any of God's children who get to go to an earth get to do that as it's an essential and central element

of the test of life, you could say family life is the test itself. It is a celestial test to be sure. But I can't imagine a world without family, it doesn't make sense on any level.

The author suggests the possibility of this earth being the only one offering temple blessings, which would draw other earths to it.

Note- I don't subscribe to this view. I think temples would be the theme of God's work on any world worth inhabiting. Perhaps many have rejected those things, but needing to come to another world for ordinances is most strange. It is written that Christ saves many worlds, so it is possible, as the author suggests elsewhere, that people would want to come to this earth perhaps as sort of a pilgrimage to where the Lord lived, and where the Lord would live in the millennium. These are difficult details. At one time Brigham Young taught of each world having its own savior and its own tempter, which would make sense, but several scriptures strongly indicate that our Savior indeed does reach out to multiple worlds. In chapter 4 the topic of this unique world is discussed further.

Ch10

The other claims that there are probably more racial diversity throughout the universe than we understand. Note I do not see a need to make this claim because all people start as the children of God on each planet so I don't see I need for extreme diversity. In fact minimal diversity is one of the testaments that we are children of God made In His image. The situation of extreme diversity would be evolution of all kinds of random species. There are many diverse animals and we even read in scripture of strange

animals we do not know of now and there are likely a greater diversity of fruit trees etc but when it comes to the children of God the point is to be one not to be different. When humanity falls diversity increases but in the resurrection unity increases.

The author speaks of a fiery Crystal Palace that may belong to Lucifer. A place devoid of inhabitants cold and fearful. Contrast this to the throne of God which is bright glorious and surrounded with people.

The rockabytes no bread wine or clothes is basically a symbol of morning a time of a symbol of the separation. They live in an Eden like state and we're removed to above the earth on an island without death or temptation

Ch. 11 Worthless Mysteries (of the Evil Watchers)

Only the watchers could keep the giants in check. The Giants were being allowed to do whatever they wanted so God intervened with the flood.

Note- as indicated elsewhere, those with the sealing power such as Enoch could also intervene.

The watchers will return and try God's people like how they tried Enoch & his people. But Enoch had power beyond the watchers and we will get this same power.

Nephi speaks about the people of God being all around the world having limited numbers but the power of God in great glory. **ref**

Note- I think a strong case can be made that we already

have this, but it does seem clear that it will become greater. In a recent General Conference (April 2020?) prophets have spoken of us as being those people. I do believe times of greater magnitude are at the door. Perhaps if there are other worldly watchers they will operate covertly in disguise appearing like people from this world. Another possibility is they will openly announce their interplanetary technology and power and use that as a part of their argument that they are stronger than us and that we need to leave our ways and go to their ways. Of course it could also just be that evil spirits inspire people of this world rather than people of other worlds coming here, but Rush makes a very interesting case in this book for the other-worlders to come visit.

The watchers do have god-like power which led false religions to thrive for thousands of years, but Enoch's power was greater and it caused the watchers to flee to the hills as he battled against them.

Moses 7 speaks of the power of Enoch **paste text**

The technology and crafts of the watchers could be taken away, but the sealing power of the priesthood which cannot be taken away can shut all of the watchers abilities down. Despite the amazing things the watchers could do with their science and technology, the power which Enoch had terrified them and they literally ran to the hills.

The saints (the righteous) will get priesthood power based on how much they need to combat these evils.

Both men and women will have the power to protect their families. But more women will survive than men.

There will be an overt War against the saints where we will

need miraculous power to protect our families.

The things the watchers were able to do were real, they were not tricks. They shaped the early civilizations of the world for thousands of years and the structures they built still amaze us today.

God referred to the power which the watchers had as worthless. It is certainly 'worth less' than what God offers.

Chapter 11 worthless

The technology of the watchers could be taken away their inventions and crafts but the ceiling power of the priesthood can shut all that down it cannot be taken away

We'll get free super power amounts based on how much we need to combat these evils

Both men and women will have the power too protect their families. But more women Will survive than men.

The things the watchers were able to do for real they were not tricks and they shaped the early civilizations of the world for thousands of years and the structures they built etc still amazes us today

Despite the amazing things the watchers could do with their Science and technology the power which Enoch had terrified them and they literally ran to the hills

Got referred to the power which the watchers had as worthless.

Ch. 12 Cosmic Journey to the New Jerusalem

The writings of Enoch were better understood by those who paid attention to the heavens.

Enoch goes to see the New Jerusalem on another planet; he sees John the revelator and Moses there, and sees the city center for the New Jerusalem is already built that will come down.

Several key versus from The Book of Mormon and Revelation to put here

The rainbow is the sign of the covenant that God made with Enoch to restore his people in the last days, that the city of Enoch will be restored to the earth.

The burning ones that can appear as men are the constellations.

The flaming sword is reference to Orion.

The lightning is reference to Cassiopeia.

Enoch and Moses saw the Treasuries of The Luminaries which is the inhabited worlds that bare God's children, which is the source of God's glory.

Enoch and his translated city minister to these various worlds.

Enoch went to a place that burns night and day.

The rainbow is the symbol of the covenant that God made with Enoch to restore his people in the last days, that Zion the city of Enoch will come again on the Earth.

The author recounts an incident involving a soldier named Ivan in Russia who was taken by an Angel to another planet where he was shown the bright city that shines brighter than the sun, the city of Zion being prepared. He describes traveling with the angel right through the ceiling of the barracks just like how Moroni traveled through the ceiling at Joseph Smith's house. He went to another world where there were no serpents, this could mean it was a world where there were no evil spirits. He also saw Moses a translated being (remember Alma 5 proves Moses was translated).

Being translated involves ministering to people of other worlds. These things are not consistent with mainstream Christianity but are consistent with the Book of Enoch and the scriptures of the restoration.

Joseph Smith history 137² says the remnant of Jacob will come to America to destroy the wicked.

Ether 13:3 add says a portion of the New Jerusalem will descend from heavens.

Another portion of the city of the New Jerusalem will be built by the people.

There's a holy tree on another planet that gets transported to this earth to the holy place, we're not allowed to touch it until the time appointed. The tree gives long life etc.

Revelation speaks of this too.

People who are healed by the tree live a life span similar to that of the ancient patriarchs, so the age of a tree that we live to in the millennium would be the Sequoia tree where we live around a thousand years.

Note- remember 1000 is the limit, that is 1 day in God's time, the maximum time a person may live in this fallen condition as God said.

Ch12

The writings of Enoch were better understood by those who paid attention to the heavens

And it goes to see the New Jerusalem on another planet he sees John the revelator there and sees Moses there and sees the city center for the New Jerusalem is already built that will come down

Several key versus from The Book of Mormon and Revelation to put here

Ch. 13 Outer Darkness

Enoch saw outer darkness. He saw where the wicked suffer 10,000 years. Outer darkness is torment that never ends, as opposed to the hell of 10,000 years.

Note- hell is a 1000 year period during the millennium for many. At the end of the millennium when the final judgement occurs, death and hell are dissolved, and the

various kingdoms of glory are inherited, except those who remain in the prison planet of outer darkness.

Uriel is one of the holy (arch) angels who took Enoch to visit outer darkness. Outer darkness is at the end of all things, the literal end of heaven and Earth. It's a burning mountain range at the edge of the universe. The house of God is a house of order, but outer darkness is a place of chaos.

Trillions of people from other planets will come to visit the New Jerusalem and pay their respects to it.

In His wisdom God protects us from knowing certain things we aren't ready for.

In contrast the to the burning mountain of fire that holds its captives for 10,000 years, outer darkness will hold its captives forever. It is for the fallen angels. It is a fearful place of much fire and pain.

There's a place prepared for people who are beyond saving, they have to go pay for their own sins (as D&C 19 says), but once it's paid it's over. God's work is to exalt us and we can get to that quickly through faith in Christ and obedience to the Father, or we can make it take tens of thousands of years. God's punishment is meant to refine us, not to forever imprison us. D&C 19 says endless punishment is God's punishment because his name is endless.

Note- there are certain privileges withheld for a lack of faith in this life, which is our testing ground, and a very fair

test of our natures. Our surest hope is to repent today and have faith in Christ now.

Satan has been bound to this earth like a serpent to the ground, so in the future day when he is released perhaps this indicates that he can then go to other worlds and tempt them to join to fight against us.

Satan's lies to other planets might include a narrative that our planet Earth was spared even after rebellions, whereas the other earths were destroyed upon rebellions, so God must be a tyrant. The hidden truth is that Satan has had greater access to tempt men on this Earth, and with a harder test comes more leniency. All of God's judgements are just. But the Devil could easily deceive others when he has greater access to tempt them with his lies.

There's never been an army like them before when it comes to the remnant of Jacob. But he doesn't say it'll never happen in the future. At the end of the millennium it will happen.

Moses 1:35? shows us that entire world to have been destroyed before. Perhaps the army that attacks at the end of the millennium will think they have better technology than God who is there with us, perhaps they'll have something like a "Death Star".

The demons have seen outer darkness, that's part of why they're so upset, they know what's coming for them. Demons asked Jesus why he had come to torment them "before the time." Joseph Smith & Sidney Ridgon saw outer darkness in vision, they described it as facing God's wrath in endless punishment where the worm dieth not and

their fire is not quenched, which is their torment. People have seen outer darkness in vision but the intensity the depth and the breadth of the anguish of that place is only understood by those who go there. See D&C 76.

God has placed parameters to where it's almost impossible to become a son of perdition now, but after the millennium in the great open rebellion against God there will be many sons of perdition. (Note- it will be similar to when many rebelled openly against God in pre-mortality, and lost their opportunity to come to earth, and all became sons of perdition.)

Sons of perdition are those who shed innocent blood after having entered into the new and everlasting covenant; they must also hate the Lord and seek to overthrow him.

13 prison

Uriel is one of the Holy Angels who took in it to visit outer darkness

The house of God is a house of order but out of darkness is a place of chaos

Satan has been bound to this earth like a serpent to the ground so in the future day when he is released perhaps this indicates that he can then go to other worlds and tempt them to join to fight against us

Satan's lies to other planets might include a narrative that people of Earth were spared even after rebellions whereas

the people of the other earths were not that their planets were destroyed upon rebellions so God must be a tyrant. The hidden truth is that Satan has had greater access to tempt men on this Earth.

The demons have seen out of darkness that's part of why they're so upset they know what's coming for them. Joseph Smith insignia rigdon saw outer darkness they described it as facing God's wrath in endless punishment where the worm dieth not and their fire is not quenched which is their torment. People have seen it envision but the intensity the depth and the breadth of the English of that place is only understood by those who go there.

God has placed parameters to where it's almost impossible to become a son of perdition now but after the millennium in the Great rebellion there will be many sons of tradition

Sons of perdition are those who shed innocent blood after having entered into the new and everlasting covenant. They must also hate the Lord and seek to overthrow him.

God's punishment is meant to refine us not to forever in prison us. DC 19 says endless punishment is God's punishment because his name is endless.

Ch.14 The Plan of Salvation

Death is not the end of the second estate, the judgment bar is the end of it. Most people spend most of their second estate in the spirit world. (Note- perhaps we all were sent to the earth's spirit world upon its creation, away from God's home where our spirits were raised, and therefore all had the same time in our second estate whether we came earlier or later to earth for mortality.)

Patriarch Joseph Smith Sr. gave a blessing to someone about how their work would be on multiple worlds.

For those who reject Christ, after paying for their own sins (D&C 19), people will be released from hell (2 Ne. 9), they will not be able to progress to exaltation because exaltation is only through the gift of Christ (D&C 76).

The Telestial Kingdom is the only one where they cannot go on to where the Father and the Son are, worlds without end (D&C 76).

After 10,000 years in hell, people can progress to the Telestial Kingdom.

Note- maybe progression from telestial to terrestrial is possible as well. But again the big factor is that this life is the test to show what we want. If we don't want a higher kingdom, we won't be forced to go there, or expected to raise to it over time. It has been (by Truman G Madsen) said that Satan has the key to his own cell, he just refuses to use it. The point is that God doesn't irrationally force people to certain areas of punishment, it is always our own doing.

After the veil is removed, progression is much harder to achieve and takes much longer. Progression in the next life could literally take tens of thousands of years if not more.

The celestial know God personally and do His will, not just talk about it.

Heirs of the Celestial Kingdom follow the promptings of their hearts regardless of social pressures, this is the way it has always been.

The law of Christ is that you feel the spirit of God and live by it. This is the law of the Celestial Kingdom, and this is how we fulfill the measure of our creation. We covenanted to do certain things on this earth, now it's time to get them done. Doing God's will rather than ours is how to get to the celestial kingdom. When we put our will first, God can only bless us to the amount that we're willing to receive, and we lose all that we could have received.

Ch14 plan

In excess somewhere another planet perhaps deep in mountains smooth caves with a fountain of water or the spirits of the Dead assemble. Raphael teaches this to Enoch. Note Raphael teaching Enoch could indicate that Raphael is not the angel name of Enoch.

There's a division of places one for the righteous Dead one for the wicked dead

Note look at the text see if it says Phoenix looking somewhere else because the spirit world is supposed to be

on this Earth

After 10,000 years some imprisoned spirits can leave to obtain a kingdom of Glory

He suggests that evil spirits who denied the Holy Spirit who followed Lucifer in the premortal existence might spend 10,000 years in hell out of darkness and then graduate to a telestial kingdom

He suggests that there are tens of thousands of years a person might move up to a higher Kingdom of Glory except for those which in the description it says where God and Christ are they cannot come world without end

Just like how many who claimed to follow Jehovah God but crucified Christ rejected Christ so today many Christians around the world reject Christ's restored gospel and persecute those who have accepted it

Ch. 15 Armageddon

Ether 8 shows that in the last days America will be taken over.

Note- see Morgan Philpot's comparisons of ancient Israel to America and Utah, it is clear that destruction is at the door of these once righteous places.

The 4th beast has a seat of power in the United States.

The “stout horn” (Daniel speaks of is the) Antichrist, he does great miracles and deceives many, many will lose their faith.

In the prophetic image Nebuchadnezzar saw, the legs and feet are iron, they're the 4th beast Kingdom, but the toes are a mixed thing, this could mean that the Antichrist is from another world, that they mingle with us but they are not like us.

In Jeremiah wormwood is associated with false prophets who poison people with lies and false hope. The arrival of wormwood may correspond with the arrival of the Latter-Day Antichrist Stout horn.

Note- Apophis comet of 2029 which is predicted to fly near earth, and perhaps even collide, could be wormwood. These things are at the doors.

Enoch said the express purpose of his writing was to bless those who live in the last days who are living through these times, to prepare them in advance for what's coming. D&C 107 says that the Book of Enoch will be testified of in due time:

“54 And the Lord appeared unto them, and they rose up and blessed Adam, and called him Michael, the prince, the archangel.

55 And the Lord administered comfort unto Adam, and said unto him: I have set thee to be at the head; a multitude of nations shall come of thee, and thou art a prince over them forever.

56 And Adam stood up in the midst of the congregation; and, notwithstanding he was bowed down with age, being full of the Holy Ghost, predicted whatsoever should befall his posterity unto the latest generation.

57 These things were all written in the book of Enoch, and are to be testified of in due time.”

The burning wheels, aka ships of Chitim, this is the returning lost tribes.

The Antichrist gets sent out from the West by the return of the tribes and then the Antichrist goes to the east to attack the Jews.

The dragon beast with the head wound that should have killed it but comes back is the fall of the USSR which returns to power with the help of China. Russia and China make alliances to combat America. America is the most powerful. When the Assyrian gets kicked out of America they will go for power in the Russia-China alliance. The Lord will destroy all these alliances in the battle of Armageddon.

The great apostasy which began at the time of Paul was about the faith being tampered with, changed from its original purity. The last days apostasy will involve faith going away entirely so that many will not believe in God and Christ at all.

The Antichrist will present himself as God and many will believe.

Ezekiel and John spoke of literal earthquakes that level mountains, massive hailstones, etc.

Eliza Snow said she got her idea of the 10 tribes being taken off the planet (as seen in her hymn) from her husband Joseph Smith the prophet.

Joseph Smith told brother Brown where the Lost tribes were.

They are below north polar star, to right, a little twinkler there.

In speaking to brother Brown Joseph had him read D&C 133:26-34 which reads thus:

“26 And they who are in the north countries shall come in remembrance before the Lord; and their prophets shall hear his voice, and shall no longer stay themselves; and they shall smite the rocks, and the ice shall flow down at their presence.

27 And an highway shall be cast up in the midst of the great deep.

28 Their enemies shall become a prey unto them,

29 And in the barren deserts there shall come forth pools of living water; and the parched ground shall no longer be a thirsty land.

30 And they shall bring forth their rich treasures unto the children of Ephraim, my servants.

31 And the boundaries of the everlasting hills shall tremble at their presence.

32 And there shall they fall down and be crowned with glory, even in Zion, by the hands of the servants of the Lord, even the children of Ephraim.

33 And they shall be filled with songs of everlasting joy.

34 Behold, this is the blessing of the everlasting God upon the tribes of Israel, and the richer blessing upon the head of Ephraim and his fellows.”

In the account of brother Brown, Joseph said what would cause the everlasting hills to tremble more than the coming together of two planets? Joseph said they will thus return to this earth. He said Mountains of ice melt quickly from the friction of two planets coming together.

There are several accounts that collaborate Joseph Smith teaching that the lost tribes were no long on this earth. Another one comes from Bathsheba Smith the wife of President George A Smith. She said that Joseph said the 10 tribes are not on this Earth, but a portion of the earth cleaved off and left with them, and that when the earth reels to and fro like a drunken man, it will join on again. This account was included in an official manual of the church.

The Diary of Wilford Woodruff also corroborates this. He recorded that he was with Brigham Young when Brigham was the prophet, and heard Brigham say that Joseph said the 10 types of Israel were on a portion of land separated from the Earth. (Diary of Wilford Woodruff “Waiting for the world to end” 1993, pg. 238.)

Joseph Smith taught the fragment of the earth that was taken with the lost tribes was from the North Pole, and would be restored to that location.

Note- Joseph Smith also taught that the city of Enoch was from the Gulf of Mexico, and that such would be restored to that location.

The ships of chi t i m are not the whole body of the Lost

tribes it's just their army that comes before them.

See D&C 101:43-60, esp. 55-58:

55 And the lord of the vineyard said unto one of his servants: Go and gather together the residue of my servants, and take all the strength of mine house, which are my warriors, my young men, and they that are of middle age also among all my servants, who are the strength of mine house, save those only whom I have appointed to tarry;

56 And go ye straightway unto the land of my vineyard, and redeem my vineyard; for it is mine; I have bought it with money.

57 Therefore, get ye straightway unto my land; break down the walls of mine enemies; throw down their tower, and scatter their watchmen.

58 And inasmuch as they gather together against you, avenge me of mine enemies, that by and by I may come with the residue of mine house and possess the land.

Magog are the armies associated with the Russia-China alliance.

If you don't know about the events of the Christ's second coming, you'll be as ill-prepared for it as the Jews were for Christ's first coming.

Note- when it says kings will shut their mouths for what they had not heard they will see, perhaps this is about how kings they know pretty much everything that's going due to their on behind the scenes inside scoop, but these are events that not even they know about. These things are reserved for the faithful.

The battle of Armageddon involves people from out of this world leading people in battle in this world. Then after the millennium is the final battle and it's a much greater host of foes.

Revelation 20 refers to the battle that happens after the millennium.

People who are not celestial do not make it into the millennium. Many people will die and Earth will be quickly repopulated by the Lost Tribes who will then inherit the desolate places of the Gentiles (see 3 Ne. 22).

People of the city of Enoch and the Rechabites also return.

People of this world govern the other worlds because they overcame Satan on this difficult world. D&C 133:26 speaks of the Lost Tribes returning from the north, then it shows that Ephraim will have the greatest blessings from all they endured:

32 And there shall they fall down and be crowned with glory, even in Zion, by the hands of the servants of the Lord, even the children of Ephraim.

33 And they shall be filled with songs of everlasting joy.

34 Behold, this is the blessing of the everlasting God upon the tribes of Israel, and the richer blessing upon the head of Ephraim and his fellows.

The last battle involves Satan turning multiple worlds against this world, teaching them to despise the rule of Israel over them. This will indeed be star wars.

As the author points out elsewhere is that Satan is bound here during the millennium, and at the end of it when he is

released, that is when he brainwashes and marshals the worlds to attack this one. Indeed, it wouldn't take him 1000 years to do it.

Ch Armageddon

He believes anti-christ may come at the same time as wormwood

Note to remember APO pH iS, coming in 2029 could be wormwood

The house of Israel has had so much experience this has prepared them rule the worlds

At Armageddon the mountains will melt and hailstones will smash the armies

Ch. 6 Portals

NASA says there are portals from the North Pole connecting to the Sun, they are magnetic tunnels. Portals at the South are similar to portals at the North.

The magnetic force field becomes highly charged and glows, these are the Northern lights.

Enoch sees a portal at the North Pole and various portals to travel to solar systems and places around the world.

The author speaks of Einstein-Rosen portals.

The author speaks of the gates of New Jerusalem the three gates on each side making 12 gates. The word gate could easily be translated as portal.

When the New Jerusalem is complete people from all different solar systems will come visit it through the portals.

Chapter portals

In his travels Enoch sees the tree of knowledge

An OCH relates the northern portal to the weather

The Einstein Brothers are about vending SpaceTime as in a wormhole note this is all highly speculative and I'm not interested in it particularly because there's no such thing as FaceTime space time

Ch. 17 The Holy Race

The gathering of Israel is an ongoing process, whereas the restoration of the House of Israel is an event. It is a marvelous event, not just done by our teenage missionaries. It is an event that stops the mouths of kings.

We are on earth to be tried, to find our own way, and some

of the great ones fall, which things try our faith.

He proves that there are mysteries which are only available to those who seek them and not to the general public. Multiple prophets have had to stop writing when they were about to enter upon this subject.

Note- another issue is that Babylon's goons work to silence truth, burying both information and those who spread it.

The return of the 10 tribes to cleanse North and South America will be a miraculous event.

Chapter the holy race

Previously this book is covered the first book of Munich now it goes into the second book Covina.

Second Nephi 32 review access for not studying knowledge even when it's right there finally before us plainly before us

The second Book of Enoch is the message of the Lord of spirits in other words about the father. It is similar to the message Jesus gave in third Nephi the message he was committed from the father to give which book is done what will happen to the Latter-Day gentiles if they reject the gospel.

What was Nephi about to write in first Nephi 22 before the Lord told him to stop? About the covenant to restore the house of israel. This is the Great secret. It is how this restoration will occur and how it will impact the wicked.

Modern day Pharisees argue that there is nothing mysterious about the restoration because it's been ongoing

since 1830 when the church was founded. The gathering of the process but the restoration of the House of Israel is an event yet future. Look at article phase 10 there to separate events.

The Lord intentionally doesn't give the full account in order to try our faith. Then the greater things are manifest. Three Nephi 26

The Lord has commanded us to study the words of Isaiah if we have failed to do this the mysteries will be withheld from us to our condemnation

This condemnation is not about being damned to hell it is about falling short of what we might have done if we had heeded God's word. It would have been able to help many others in these spiritually trying times but instead we were being helped ourselves.

Daniel 11 and Daniel 12 speak of those who understand teaching many but even some understanding note to look at the book for the specific verses

NX 39:1-2 no c h scribes many holy people coming down from heaven . The election holy children to send. Note Pace the whole scripture. When it says elect that's referring to the covenants.

3 Nephi 21 note get the suggested verses

Jesus plainly says these things are so incredible people won't believe it even though it's declared to them. This is all referring to the return of this portion of Israel in a mighty way. N o c h called them the holy race.

Ch.18 Interstellar

Remember the Israelites pray to God referring to him as “Lord of the universe.”

Note- this is found in the Passover Haggadah reading etc.

Consider the possibility that people from other worlds could want to come visit the Holy Land just like we want to, since Jesus saves multiple worlds.

The 900 iron chariots in the bible, are these more than simple chariots? How did they overcome Joshua and Caleb? This happened at Armageddon and is a type of what will happen in the next battle of Armageddon. Deborah wrote about the event. She refers to numerous stars and kings, and these were people who didn't want money, they just were there to defeat. The “stars” referred to are people from other solar systems coming to the aid of Israel. An ancient document corroborates the arrival of these interstellar spacecraft spaceships. It takes place at the similar time in which Deborah writes. The document speaks of the fiery flying disc that emits a strange odor. A study has been done cooperating various UFO encounters which shows the theme that these crafts do emit a strange odor, perhaps due to some kind of combustion. The ships were about the size of 18 houses. Eventually the whole sky was filled with them. The document was likely stolen by the Nazis who had power over this area and an interest in this topic, it is called [REDACTED] from the Egyptian archives.

A Galactic Federation is reported to have already stopped

countries from using nuclear weapons multiple times.

The Lord speaks to Job of various constellations.

The Lord speaks of the sons of Arcturus, perhaps meaning the people who orbit those stars.

Moses 7:31 shows that the city of Enoch is ministering to multiple planets:

“31 And thou hast taken Zion to thine own bosom, from all thy creations, from all eternity to all eternity; and naught but peace, justice, and truth is the habitation of thy throne; and mercy shall go before thy face and have no end; how is it thou canst weep?”

Moses 7:62-64 alludes to people of various planets coming to this Earth when the city of Enoch comes:

“62 And righteousness will I send down out of heaven; and truth will I send forth out of the earth, to bear testimony of mine Only Begotten; his resurrection from the dead; yea, and also the resurrection of all men; and righteousness and truth will I cause to sweep the earth as with a flood, to gather out mine elect from the four quarters of the earth, unto a place which I shall prepare, an Holy City, that my people may gird up their loins, and be looking forth for the time of my coming; for there shall be my tabernacle, and it shall be called Zion, a New Jerusalem.

63 And the Lord said unto Enoch: Then shalt thou and all thy city meet them there, and we will receive them into our bosom, and they shall see us; and we will fall upon their necks, and they shall fall upon our necks, and we will kiss each other;

64 And there shall be mine abode, and it shall be Zion, which shall come forth out of all the creations which I have made; and for the space of a thousand years the earth shall rest.”

In Abraham 3:22 we learn that the Lord selects his rulers from among inhabitants of this Earth:

“22 Now the Lord had shown unto me, Abraham, the intelligences that were organized before the world was; and among all these there were many of the noble and great ones;”

General conference is not the forum to expound on the mysteries of God, it is the forum to extend the invitation to seek the mysteries.

We are being tested so these events will only be discussed in those general forms after the tests are passed.

Chapter interstellar

Some signs in heaven are anything but natural

Don't think that just because society is advanced enough to do interstellar travel that they never do more. Even In heaven there was a civil war.

Between 1700 and 1500 BC is when the iron chariots account is. This is long before the supposed iron age. Judges chapter 4

The Cooley papyrus of Egypt t u l i.

The original manuscript is now missing likely stolen burnt by the Nazis during world War II who were very interested in esoteric ancient documents.

Speaks of fiery discs in the sky appearing before pharaoh and frightening them. At first there was one then there was more and more filling the skies. They made no sound as they moved and they admitted a foul odor.

This was the Egyptian year 22 which is believed to be around 1500 BC which matches the time of the iron Chariot account and Debra's writing about it .

The Egyptian record says it was the most astounding event of all Egyptian history even surpassing The Exodus and the Red Sea.

The watchers interfered with things before the flood and again at the time of the grandchildren of Noah. Then at this battle of Cicero with the chariots a large fleet of ships came and gave the warning but these things can't happen anymore

Deborah says morose was cursed for not helping in the battle. The Jewish Thomas says morose is someone we don't have record of but it's either a mighty man or a star. Since we know the elements will be God this could likely refer to a civilization who orbit the star morose. Scripture says the entire civilization of morose was bitterly cursed. Perhaps they were changed into the appearance of gray aliens.

Brigadier general blank talks about the galactic federation and the plades

Ch. 19 Stranger Than Fiction

A 2015 report is related of a military sergeant traveling with his family when a large UFO came over their vehicle and they were suddenly transported hundreds of miles off course. Then that night at a motel the man was in a trance and he wrote various symbols he saw scrolling before his

mind which he discerned were some kind of warning against humans sending signals into space. They were actually known characters which translated to be a warning against various celestial coordinates.

There's an event called the Nuremberg Celestial phenomenon. It was some sort of celestial battle in the heavens above Germany 60 years before the Mayflower. These sky lights occurred long before sunrise.

David Grush is a recent whistleblower who said he's on a team that recovers alien spacecraft; they've recovered over 100. And to qualify, it has to be something that can't have been made by any country they know of.

Note- see the list of video expert testimony witness.

In 2015 in salt lake under a flight path a crop circle miraculously appeared with the same code and it said essentially, beware the coming ET.

The Lord told Job he would find Orion; why does the Lord find things? Because of wickedness, and remember the other 2015 warning of Orion.
Zeta Reticuli was another place in the warning.

In 1974 we sent a trillion watt message into space buy a radio telescope. August 2001 in England a reply came in a crop circle and then sent another one. The message we sent out included Earth statistics, and the message received included statistics from the others.

The warnings have a similar message that soon a massive deception will occur.

A prophecy states that the Antichrist will come from another world and will appear to make the sun and moon come up a different times. He will rule for about 3.5 years and many will call him God.

He will summon the sun to rise in the middle of the night. It'll be a trick because only God has the power the change the course of the sun and moon. This trick could be accomplished by blocking the sun with something, causing some great light to occur at night, etc.

Ch. 20 Signs and Wonders

There were strange star like objects in the sky that guided people to the Christ child.

Knowledge turns irrational fear into excitement.

The author knows people from other worlds are visiting this world.

The author refers to an experiment where a proton changes direction when a person looks at it.

Note- remember have not seen individual protons, only individual atoms, I don't know how this experiment panned out, perhaps a secondary movement was detected which they reason was due to proton movement. Either way, this could be very interesting. Much is yet to be revealed in the world of sub-atomic chemistry.

The autobiography of Parley P Pratt relates a sign he saw in the skies that he knew was not by chance, of various shapes being formed. He saw the square and the compass and a straight line. He thanked God for this sign of the coming of

the Christ and was rejuvenated.

The square is the male symbol & the compass the female symbol. The square makes a square and the compass makes a circle. This is according to the masons. The “G” between the symbols in the mason insignia means “generative,” which means these together have the power to create. The woman is depicted with the compass on either side of her head, and God on his throne has the symbol of the square above his head. The circle and square have 360°, they are symbols of perfection. The square is the symbol of the perfect man, the circle is the symbol of the perfect woman.

The square represents God the perfect man, and the sign of Israel, the star, represents the church as the woman.

The ancient temple veil had pictures of cherubim guarding the holy of holies. Blue fabric in the veil was a reminder of covenants man makes with God. Blue tassels in the clothing served as a reminder of covenants. The purple in the veil represents Christ as king. Pilate put a purple robe on Christ and sent him back to Herod as king of the Jews. The red in the veil represented the future Messiah to deliver them from political peril. When Christ died the temple veil was torn from top to bottom exposing the holy of holies, that such was now accessible to the common man.

The old veil had seven marks for the seven wounds of Christ; now it is simplified and contains only four marks.

He shares various celestial signs he has seen in this chapter, which he asked not to be shared with people who have not read the book.

Ch. 21 The Hopi Prophecy (Book of Mormon Parallels, Ancestry, & Forthcoming Purifiers)

The Hopi were a people who were in cycles of war and peace until the Creator told them to lay down their weapons, and now they are people of peace; the name Hopi comes from a word that means peace. They have sacred prophecies which they kept private but were impressed recently to be very public about.

Hopi legends sound very similar to The Book of Mormon.

The Nephites had to have been the founding fathers of some of the Germanic people in light of the Hopi prophecy.

We do know of the migration of the people of Hagoth about 50 years before Christ's birth.

Note- there could also have been Nephites to escape which went to Europe before the destruction. We see a pattern in scripture of some escaping before destruction. (See the documentary evidence by the Joseph Smith foundation titled Nephites in Europe.)

The Book of Mormon says the end of both the Nephites and the Jaredites was on the same Hill (Joseph Smith taught that too.) Cumorah and the settlers of this New York area knew that there were tons of skeletons and war materials, evidences of civilizations dying there. They are not two hill Cumorahs (as is commonly advocated at BYU today). Just because it's called the land of desolation doesn't mean it's a desolate area, it means it's where a lot of people died.

Niagara as in Niagara falls means the narrow place. It leads to the land northward.

Note- Niagra Falls as the “narrow neck of land” as spoken of in the Book of Mormon is also supported by the research of Jonathan Neville, a prolific writer on Book of Mormon geography in the US heartland.

The Hopewell people have genetics with Haplo group X which is connected to Galilee. The Hopewell are the highest concentration of Haplo group X outside of Israel. (This is further evidence that the Nephites and the Hopewell of ancient America are one and the same. Note that the Adena were the Jaredites.)

Iceland was called Thule. Early Norse people descended from Thule. Their King was Nefflinger, from Nephi.

Algonquin and Old Norse words have many cognates. The pronunciation of similar words in these two languages are almost identical.

See book “Scandinavian Secrets of the North Ruins: Hebrew Secrets”

Scandinavia's oldest runes can only be deciphered when giving Hebrew sounds to them.

Note- I can't find the book, let me know if you can.

Most early saints were of Nordic descent. The Hopi prophecy included the white man leaving and then coming back (much later). When the white brothers returned they would bring with them great change. The Hopi four corner symbol is about how all would unite in the center land to a place of refuge (New Jerusalem Missouri).

They also foresaw the swastika (an ancient symbol the Nazis employed) that reminds people if they don't walk the true path, destruction comes.

Paused edit (of black text)

They also said after these wars scientific advancement would rapidly accelerate in a jagged path jagged because advances in technology without spiritual progress is very dangerous.

They foresee that we would go to the Moon etc and said when you go there don't be bringing anything back because that disrupts everything and bad uncontrollable things will happen.

They for saw major earthquakes where people would need to know how to live off the land

They foresaw big ships in the sky, people in a large floating house, it must be the watchers. You're going to want to be gathered in a place of refuge at this time.

At this great cleansing time you won't have to pay taxes you'll live freely and produce

You won't have to pay to use something that someone else invented

Verifiers will clean this land purifiers

The purifiers and those who have kept the faith will lay out a new plan for everyone who has survived. From there on we will live in real peace

Three major Nations joined together and come to America. The sky will be darkened in one day people will start raining from the sky. They will cut us into four sections.

Those who took advantage of the Indians took away their lands and their means of production get decapitated

These people from the East with the red cap and the swastika will have methods of paralyzing all of our machines

If the people from the East don't cleanse the land for the great spirit than the people of the West will. Millions from the West with no mercy for anyone.

Someday a white brother is going to realize they used to live here and they'll go around trying to correct things

The purifiers from this prophecy must be the remnant of Jacob

We don't have the entire discourse of Jesus to the nephites Mormon was forbidden from writing it all

The purifiers are not the native Americans they are the remnants of Jacob

The place of refuge is the New Jerusalem that comes from heaven

The Hopi prophecy says these purifiers will rain down from the heavens in great numbers. So many that they will darken the sky and move on the ground as ants.

Ch21 hopi

Show us how the people of Hagar going north could have easily been 40,000 people

Shows how the Germanic origins Old Norse from Iceland etc came from a people called Nephi

Shows how the holy symbols of the white man where the cross and the swastika which indicates need fight origins of the Germanic people

North North Norse artifacts from the Great lakes area the dramatic people were from the nephites

Germanic people

Third shaking event purifies this land. Major earthquakes where you won't have access to modern conveniences.

People will rain from the sky coming to purify the land they will decapitate those who persecuted the Indians etc and gather people too safety

Millions of people from the West like ants come and sweep through taking out wicked

So there's two groups of purifiers both coming to this continent America

There'll be a great man of chief of all people great religious leader

The Hopi know that someday the white brother is going to realize he used to live here in America it is going to go

around trying to fix things before it's too late. Of course this is what we hear in the restoration The Book of Mormon Joseph Smith the ancient American

Without a doubt the purifiers of this prophecy and the marriage of Jacob spoken of in the Book of Mormon are the same

Jesus said there's a difference between the American native American people and the remnants of Jacob

The Hopi prophecy refers to the remnant of Jacob as a nation this is a lot of people

Besides the remnants of Jacob another group of purifiers are the righteous descendants of the Nazis who have learned from their mistakes wearing the Red hats and red uniforms and gather the righteous.

Ch. 22 Germania

The Hopi prophecy said some of the purifiers would come from the sky others would be descendants of the Nazi people who learn from their forefathers mistakes

The Lost tribes were split into two places one the worst place and two somewhere even worse than that as the North Pole. And that land mass was removed they were on

The people of hagarth left going north on the St Lawrence River

The people known as the Chelsea of early Germania built on top of earthen mounds like the hopewell. They were a fair skin and we're not war makers. They punished people by hanging them on trees like the nephites. They may have been the people of Hagar who went north. Their women were very chaste.

In the early 300s ad Ophelia was a elder who taught Jesus was the literal Son of God and that the godhead were three separate beings. He got the letters of the apostles translated into german, the German Bible existed before the Latin Bible translation.

The Germanic Aryan people had these different views than the Catholic Church of Rome so they persecuted the dramatic people and then the Germanic people thought back and sacked Rome

The Germanic people attract time by the setting of the Sun not the rising just like ancient Israel

The word Aryan comes from someone who believes Jesus was a literal heir of God the Father The offspring now

The council of nicaea was called to solidify the Roman version of doctrine which was that Jesus was the same person as the father.

Talks about Charlemagne and the Germanic origins of the Anglo-Saxons Charlemagne was of course Germanic emperor and most Royal European monarchs can trace themselves to the Germanic

Face the scripture from second Ezra's of the 10 tribes going north a year and a half

The Euphrates River would be dry before the Lost ten tribes return it is now drying up at an astonishing rate

The Germanic tribes built mounds like the Hopewell mound builder nephites

The Germanic Christians were Aryans a r y a n s and as such they believed in the correct Trinity of three separate beings and after the council of nicea they were purged from the Catholic Church

Ch. 23 Knights of the Teutonic Order

Both the next Templar and the knights of the Teutonic order claim to have acquired secret knowledge as a result of the crusades.

The knights Templar say they found an ancient book in a rune on the Temple mount.

The Temple Mount is literally built upon the peak of Mount Moriah. Massive Stone arches were needed to make a level building ground. There were many hollow cavities.

The book was from one of these areas and had many ancient Temple rights and symbols. Because it was so sacred they memorized it and destroyed it. Freemasonry is based on the ritualist acknowledge from this book.

One of Hitler's top officials had documents on belief that he

was the traumatic people were descendants from the Lost tribes and they wanted to take the same path as those tribes to the north

An angel lady visited this night order and gave various hidden information about the original of the dramatic people and gave a dark seer Stone to them and they changed their name to be something to the effect of the order of the sear Stone it was the Lords of the black stone and it was abbreviated the SS shown with ruid symbols. Whether or not this is true it's essential background to understand the views of the Nazi party. She was called Ishtar or Ashera or Indu. Those who saw her described her as a being a great goodness and loveliness. She called Yahweh Satan and praised Babylon. She appeared transparent and not quite corporal she did not have a body she was transparent without a body. She told them to build Berlin. She had the Egyptian crown of the crescents and sphere. The northern kingdom of Israel was taken captive for worshiping her and baal. She said there was truer knowledge under a stone, an imitation of the restoration. This is a source of Nazi antisemitism. This is like corahar k o r i h o r who had an opposite God. It's also like the nehrs who weren't atheists they just had a demonic God. K o r i h o r says the devil appear to him in the form of an Angel and told him to reclaim the Lost people who believe in God.

Note there may be connections here to false narratives in the restoration Joseph Smith use the German thumb which were white stones yet there are claims of these dark stones for the translation and I think not

Satan has great persuasion by flipping the narrative to be

the opposite of the truth.

Today traditional Christian values are considered the height of bigotry in a world where gender is backwards etc.

Ether 8:20 says the secret of the devil are among all peoples.

Reports One Man who Saw a beautiful demon angel in the temple who commanded him to shut down the temple or they would be attacking the people of the land.

The knights of the Teutonic order didn't start out as evil people but they were deceived being led away from their Christianity.

Satan doesn't have a monopoly on the hearts and minds of the people, we can and must resist.

Chapter 23 nights

The account of the evil spirit in the temple this was the author's great-grandfather he was president of the Temple in cache valley I think that's Logan this handsome well-dressed evil spirit said if you didn't shut the temple down he would have his and his people would relentlessly attacked the people of Cash valley

Korahore is an example of people who didn't deny the existence of God they just taught a false version of God just like this Ishtar evil spirit taught

Chapter 24 Germany and the Book of Enoch

Righteous German King Winchester King Winston's less tried teaching against Catholic indulgences. This is where the Reformation began. There were several German Bibles in circulation before that of Martin Luther but Martin Luther's was particularly well translated. Gutenberg who invented the printing press said the idea for it came to him like a ray of light, and with the printing press Gutenberg proceeded to print the Bible. Determines where the first people to really know the Bible in their own language.

Lutheran settlers to America came and were killed by the Spanish.

The Germans went on expeditions to the nearest to find more sacred texts. They did find cornea farm see you in i f o r m

A secret society the Bavarian Illuminati or was it Bohemian Illuminati was made in Germany to decrease religious influence. They had some good goals but they used the same bad techniques of secrecy they claimed to occur abhor. Their name was certain to Illuminati. Their plan was to infiltrate power systems to correct them from within without overthrowing them. Aluminum Illuminati dead to the Europe what the nicolaitans did to the early Christian Church.

The French revolution was attributed to the machinations of the Illuminati. Several attempts were made to shut down the Illuminati to no avail.

Germans deciphered kuneiform for the first time.

The Germans saw the Book of Enoch as a key to unlocking the past while others saw it as a fanciful document.

The Odyssey was used as a map to discover Lost cities and it worked. The swastika was everywhere in the ruins of Troy. King herod's Temple also had the swastika carved into the walls repeatedly.

The Germans did lots of archaeological digs like is shown in raiders of the Lost ark movie. Finding the swastika in various ancient things fueled the German belief that there was an ancient Master race and they called it the Arians which is cuneiform for the noble race.

Germans found the altar of ayana which also means Ishtar and they went through great efforts to transport it from pergamous. In the New testament this is one of the seven churches the apostles right to and in a letter to pergamus they refer to Satan's seat being there. The apostles say they also have the nicolleton doctor in there which things God hates. Nikolaitan doctrines. Revelation 2. The altar was relocated to Berlin ishtar's New Capital City.

Germans found ancient Babylon as well.

The gate 50 ft High 100 ft wide was destroyed from hundreds of thousands of fragments finished in 1930. They restored the gate of Ishtar.

The two great monuments of the ancient world dedicated to Ishtar were relocated to Berlin.

Babylonian false priest saga communicated with Nebuchadnezzar about energy wave flows. Vibrations and

energy currents producing Fields self-sustaining. Speaks of long hair of women being a means of tapping into some of these signals wherein they can become Sears. Weather apocryphal or not this text represents the dramatic belief of the ancient higher race. That they had greater power which was lost through delusion. The German elite which had access to this information we're the closest to this area and race and many occultic groups began focusing on restoring these ancient powers.

A young lady age 17 Maria blank got the name had a series of lapses and consciousness where she saw tall bright people who communicated to her various symbols she wrote them down and Senior societies such as the fool society focused on her. My name is tool the name t h u l e was taken from a legend that such was the name of the capital city of the Aryan race. To join the society one had to swear that no Jewish or colored blood closing his veins.

The name is Maria orsick

It was probably the throle society that published The secret documents of the knights of the tectonic order.

33.33° was a number repeatedly given to Maria these coordinates were quickly discovered to point to Mount Hermon both 33.33 North and east. Maria said her understanding was that these were the coordinates for SpaceTime for how they got here so she couldn't describe who they were. Even believed the secret society is believed that the watchers arrived here to Mount Hermon at

The Germans soon believe that they descended from the watchers

Maria said the beans she was communicating with were from a star system called alderbran. This is alphetari in the Taurus constellation.

In the epic of Gilgamesh a heavenly bull is sent to wreak havoc by Ishtar.

Vril society. Their objective was to build spacecraft to travel to the algebrun.

Images from Maria on Craft were had by the vril society but the thule society sent them to the SS who made them.

It is shocking that the Germans were working on space travel in the early 1900s.

July 2023 David Rush from the national reconnaissance office testified before the US Congress they had been engaged in recovering over 100 extraterrestrial spacecraft. The first was 1933 Italy.

The German Christianity was warped to say that Jesus was not a Jew but was an Aryan sent to reclaim the Jews from worshipping a false god.

The Nazis believed their messages that they were the best in the world and needed no one else this is why they burned other people's books they were taught by Ishtar that they were the best the greatest seekers of knowledge etc

Maria or sick and the entire vril society had disappeared from Berlin by the time the Americans got there in World War II they were never heard of again and many of Germany's top scientists and their families disappeared with

them

Pics of Project paperclip

Speaks of projects paper clip not picks up

The German secret societies were likely absorbed into the American military industrial complex when Germany was defeated at world War II so what was the SS is now the United States deep state.

The deep state has now reversed engineered spacecrafts with technology far surpassing everything else we know of.

Our universities are doing proverbial book burnings they are rewriting history like the Nazi Bible.

Ch24 Germany Enoch

Germanic secret societies believed that with a pure bloodline ancient Powers would be accessible. This is why they were very interested in Maria ornick.

Nicola Tesla also believed he had received communications from other worlds he was closely watched. He met Maria they had a lot in common and similar Family lines.

Maria had plans shown to her to build ships to go to another store they far surpassed the technology of her day in the early 1900s, and Germans tried to make them

Mussolini found a recovered spacecraft or at least oversaw it oversaw the recovery of it

The Germans including the Nazi party adopted this false

religion of Ishtar that the Jews were worshiping Satan and that Jesus was an Aryan come to call them to repentance this was the same Ishtar worshiped by Jezebel 2700 years ago.

After the war the Russians and Americans were in a race to get to the Berlin they had heard of many strange things happening there by the time we got there Maria and the entire vril society had disappeared

The same forces that made Nazi Germany are working right now to destroy America

Ch. 25 Conspiracy Theories

Remember the Hopi prophecy says the dramatic people would shake the world twice and then the remnants of them would ...

Remember The Hopi prophecy says in one day the sky will become dark and people will rain down from the sky you are the purifiers in America.

Remember The Hopi prophecy says that these will be descendants of the dramatic people and they will be righteous and help cleanse America.

German U-boat 530 surfaces after World War II has been over for some time at Argentina. The crew spoke of a mountain Base accessible by their submarines. They speak of another race there who would not allow those who

participated in the atrocities of the Nazi party to go on but which saved others. Found extensive cave networks etc.

A list of German top scientists we found very few of them this fits with the theory that they left with the Braille society b r i l society

25% of the German U-Boat fleet remains unaccounted for

90% of Germans Germany's top scientists unaccounted for

The disappearance of the real society and the top scientists and the u-boats could mean they left in the boats

Project high jump led by admiral Byrd many of the United States greatest ships and planes went in the Arctic. Called project high jump

Richard Byrd the son of admiral Byrd was on his way to a speaking assignment about his father's expedition in the Arctic and died mysteriously. He is the one who published The secret Diary of admiral bird. He was found dead in an abandoned warehouse his clothes were tattered and torn one of his shoes was missing. It's Antarctica not Arctic.

The secret Diary indicates that admiral Byrd was flying in the Arctic and saw green valleys woolly mammoths and chips with the ancient swastika UFOs disc ships came and landed him down and they were in the hollow Earth the people were called blocked and kind. The people were tall blonde and cordial. Their leader said they tried to help but the surface people but they shot them down. They said the surface people are beyond the point of return because there are people who would blow up the Earth before relinquishing their power. They said when another sort of

dark age comes they will come and help the surface people.
They spoke in nordish and German

This fits with the Hopi prophecy about some of the white men joining with a greater advance people

Reports of ships coming out of the water flying disc ships showing off their Superior ability to our military

Admiral Byrd is on the record saying that planes from Antarctica are the greatest threat to America

The Hopi prophecy is that descendants of the Nazis will repent and change their ways and help plans America plans
c l e n s e

There were many righteous Germans his inner circle tried to assassinate him etc Hitler's inner circle tried to assassinate him multiple times, Jews hit Germans hit Jews etc hid

There is great opposition that produces great Saints. In Germany we saw the greatest evil and there may have been the greatest good.

DNC God wants us to learn about what's in and under the Earth. He wants us to learn the complexities of the Nations to prepare us for missions. The Germans were doing precisely that.

Revelation 12? Speaks of three groups of people's one in the heavens one in the earth one in the ocean one in the seas. So there are people like us and all these places. Congress is making inquiries into all the trans-medium crafts being found coming from the seas.

DC 121 shows us there are many things we think we know but about which we are totally clueless.

The mysteries of God are not meant to remain mysterious they are the events of the last days which are known only to those who seek them. They are not incidental. Without knowledge of these things your faith will be placed in extreme Jeopardy soon.

25 conspiracy

The healthy prophecy is that the people with the swastika and the iron Cross symbol which the Germans had they will cause two major disturbances in the second will almost wipe them out as in world War ii. Then later they will know what to do righteously and there will be a third event that will purify america. And the purifiers will rain down from the sky.

The later use of the swastika it will be a symbol which has the swastika with a sun around it and they will use their technology for good.

Samuel the lamanite came out of nowhere gave an obscure prophecy and then disappeared again. His words could be as important and relevant to the nephites as the Hopi prophecy is to us

German U-Boat 530 passengers surfaced with no artillery and artillery launching systems disabled and claimed they had been to a mountain cave base and encountered people there who only allowed those who did not have any direct or indirect ties to the atrocities of the Nazi party to continue

See Operation highjump documentary about German

exploration of the Antarctic.

There are claims that the Rosenberg list of top German scientists that this was a plot to relocate them to Antarctica and indeed most of the people on that list can't be found.

German U-boat 977 also later appeared in the Antarctic? By Argentina? (significance?)

America was also suspicious about what was going on at Antarctica so they made Operation High Jump she headed by Admiral Byrd to Antarctica

The secret Diary of Richard Byrd speaks of very spectacular things and this author relates them in this book because they match the Hopi prophecy.

And Hertz son died suspiciously on his way to a speaking engagement about his father's trip to the national geographic in DC.

Birds secret Diary speaks of green valleys and Antarctica. He sees a woolly mammoth and grape orchards and a city. His ship is the controls are not responsive and a flying saucer with a type of swastika comes to his plane. They speak to him in English in a Nordic Germanic accent they take control of his plane and land it safely after landing tall blonde people come to his plane. Is taken to their leader who informs him that he is no longer on the surface world but inside the Earth. They're in a sort of Crystal City with things which radiate like Light. Their leader reported that they had tried to intervene when we started using nuclear weapons but our fighter planes attacked their plans. He said we are beyond the point of no return because we have people who would blow up the world if they had the

chance. Said more dark ages are to come. He said his society would come when the time is right and help ours with their treasures technology his birds radio man was there with him and saw the city and the people but did not come to the meeting with their leader. This was 1947. When bird got back he did relate the message as charged from the leader he did relate the message to the president. He was ordered to remain silent on all he had learned.

This goes along with the prophecy of the Hopi that the Germanic White Brothers merge with the more powerful Nation. Remember the escorts had the Nordic Germanic accent and the swastika on their saucers and they said goodbye to bird in German.

Some say the operation hydrop was ended prematurely because saucers came out of the water and our planes fired on them and they fired back and they again disappeared into the water

One member of operation high jump reported the flying saucer craft coming out of the water and firing upon them to a devastating effect and then returning from where it came

Admiral bird is on record saying that we should wear hostile aircraft in the from the pole
That America could be attacked from planes that can fly over one or both of the poles

The Hopi prophecy says the descendants of the Germans repent of their ways and join with a greater nation and help the purifiers

The Nazis of course had any of the greatest evil people remember there were also people trying to stop them people driven people trying to stop them intelligent righteous people perhaps some of the best alongside some of the worst.

Scripture of things in heaven and in and under the Earth
Dc88

Germany was doing what tc88 says to learn of all these things. Germany was able to both study the ancient world and surpass everyone in technology development.

Scripture suggesting that people inhabit both are oceans and the heavens

Congress is seeking information about transmedium craft within our oceans

DC 121 26 through 30 speaks of last days everything's going to be revealed whether there are one or many gods whether there are bounds set to the heavens and the planets etc

The prophetic events of the last days are the mysteries of God they're the things we have to valiantly endure for to have all these mysteries revealed to us

Ch. 26 The Lady

Chris bledsoe book UFO of God.

They also his son's podcast bledsoe said so especially

episode 17

Chris was in the wild when he saw several large bright spherical objects circular objects in the sky at night they were right and they moved in a pattern apparently took corral him to a certain spot he then encountered black aliens with red eyes he then lost 4 hours of time and found himself in the woods late in the night. When his son went looking for him he encountered the same these aliens had a symbol with a triangle and a circle on their uniform. The aliens paralyzed him and stood guard until his father came to find him how much time no just before he arrived they left.

Christmas story was told on a program and the CIA had been in contact with the program directing them to intentionally make Chris look bad and incredible

Chris continued to see flowing orbs around his property and large owls which seem to be harbingers of significant events.

On one occasion Chris saw the large owl which had its attention on him then the orbs came and the black aliens with red eyes then a lady came and the black aliens bowed to the lady

With the lady there was a muscular black bull and stars can be seen in the bowl.

The lady said she was heavenly mother and the third member of the godhead. She claimed to identify with all these female goddesses of the past Ishtar Athena Hathor she claimed to be the mother of all life in the universe and said this Earth was more important than the others

She told him that Easter 2026 an event would come that would transform the world into a new age of enlightenment. That it would be the time of the divine feminine and that the world would never be the same after it. She told him a various future events such as earthquake times details of presidential elections and that she would help him get photographic evidence of the orb sightings etc to help people believe him. She told him that she would give him power to heal people so they would believe him. Government officials begin to show up on his doorstep and he got VIP clearances. When asked why he was getting special treatment the man told him we can see them but they don't interact with us like they do with you and we want to know why. He also field several people and he knew when he could do so by what felt like a buildup of an electrical charge in his body. The lady informed Chris about an assassination attempt on the Pope because she needed the pope alive so Chris was able to work with government officials to arrest the man.

Various people have had encounters with the lady and when they do they have significant rheumatoid arthritis which gets increasingly worse but which goes away on the 12th anniversary of the meeting of the initial meeting. The government official told him this when Chris expressed his concerns about his arthritis and the official said don't worry about it because.. this is the pattern with other people who have encounters with the lady. So it was for Chris the 12 years later he was no longer affected with it and Chris continues to have these encounters with the lady around Christmas and Easter.

Red-eyed creatures worshiping this supposed heavenly mother?

Claiming to be the third member of the godhead?

These are all red flags

Saturday Saints aren't the only ones who believe in a heavenly mother ancient religions did as well. Eliza snow and Susie young Gates and the family proclamation I'll verify our belief in heavenly mother as wife of heavenly father

but we do not flaunt mother as people have flaunted Ishtar with the many idols etc.

We don't pray to God the mother.

Note canonized scripture attests to the fact that the third member of the God had the Holy Ghost is in fact a male. Some people Advocate the Holy Ghost as female and this is apostasy.

Historically when people worship the Queen of heaven and make offerings to her destruction comes.

Ishtar is the epitome of an anything goes philosophy. Even anciently she was a representation of gender fluidity and was depicted in men's clothing. Suicide to have power to turn a man into a woman and a woman into a man. Her worshipers would crossdress etc.

Tolerance and love becoming indulgence then indulgence becomes celebration next comes to vine destruction. Divine destruction.

Joseph feeling Smith made it clear that the Holy Ghost is a male Spirit whose job is to testify of the father and the son.

John 5:31 to 32 she's a speaks of another who's with who witnesses of him that his witness is true. Again we see the

witnesses male.

Another red flag the lady only ever bore witness of herself.

The male beings of the godhead are a type of progression. The Holy Ghost is a premortal spirit. The Sun was one who came into mortality. The father is the example of the exalted man.

Note I have been advocating this type of progression in the godhead for a long time, it was impressed upon me by the spirit without anyone teaching it to me. It makes the most sense.

To interject a female into the godhead is blasphemy of the highest order.

This lady is a servant of Satan one of the premortal disembodied spirits. She has led past civilizations to destruction. These evil spirits compelled by their hatred do not rest they are always going about tempting and lying with half truths. Note remember elder bednar David bednar David talk recently about how the adversary is constantly hunting us in his analogy of the cheetah.

This lady tempting Chris bledsoe is the same lady who tempted the Germanic people.

When the original apostles were killed the nicolaitans took over the church they got rid of the writings of the apostles and took the church in a very different direction. By 500 AD widespread veneration of the Virgin Mary had become common in the Catholic Church. Only the Aryan Germans resisted this these egregious departures from the gospel. Mary was not coincidentally soon given the title Queen of

heaven. Catholics began to consider Mary as their intermediary between them and God. When the Germans made the printing press and circulated the Bible these false ideas began to go away.

In the 1500s Juan Diego was visited by the lady. Because her image to appear on his tunic and she is known as the Lady of Guadalupe. The lady is standing on top of the Christ child and he is holding her skirt indicating that she is more preeminent than Christ. The purpose of The apparition was to request that a church be built in her honor. Mary would not request such a thing but Ishtar would. The lady encourages many figurines of her to be made she takes the focus off the father and the son.

The Fatima apparitions are from a man who experienced seeing an Amber spear in the sky that wildly moving around experienced Wonder and fear but not the gifts of the Spirit

People that saw in this vision beholding this sign became ugly and I'm sickly and then the sun turned to the color of blood and rushed toward the Earth.

A merry apparition occurred with this where they described a again young Mary dark eyes and a dress like stars the hair covered.

Next consider The apparition of our Lady upset you see it why you? Z i t y u?

Orbs were seen in the sky over multiple days people gathered to watch it the lady appeared and stood on the edge of a building and smiled down at the people.

Photographs were taken.

Different transparent she appeared transparent

Another lady apparition recently 2009? The lady appears in

a bluish white light similar to what Chris described.

Whenever the lady appears it's usually a request to build a church to her name or to make a dolly medallions with her on them or about praying to her to get blessings.

It's not a question of whether these apparitions are happening it's a question of who is behind them.

The real Mary avoided the spotlight and kept things in her heart rather than using them to get attention

This is blasphemous treacherous slander of Mary

The worship of the lady violates the commandment to have no Gods before God and the commandment to not worship craving images

Second Nephi chapter 9 well to those who worship idols for the devil of all devils the lights in them

Idols to the mother are everywhere and sites

There is no goddess who stands as an advocate between Christ and his people

The lady did give Chris power to heal people and he did heal prominent people. Yes demons can heal. These things are now out in the open.

The Latter-Day Antichrist the one who understands dark sentences he has power but not his own he deceives many and destroys the Peace of many he destroys the faith of the righteous and does miracles in the eyes of all people.

Why are we surprised that Satan has power when we read in the New testament that the devil showed Christ all the kingdoms of the world at one time inside you would give all that power and glory to Christ because it's his right now. Satan is the world's first and only Universal ruler and his Dominion has lasted thousands of years. Showing Christ all these things is truly God like power. See book of Daniel

Remember God was able to show Moses all things at once all of the world all of its people all of its particles and many other worlds and they're inhabitants. Moses's experience left him in Hanson in large enhanced but when the devil tempted Christ with such a vision it wasn't about other people it was about wealth.

As we see from Chris's accounts the government is already aligning itself with these corrupt powers. These black red-eyed aliens are also lining themselves with these evil powers.

The drying of the Euphrates river is a sign that the Antichrist is about to arrive. It's almost completely dry there's only a trickle now.

The Antichrist will not be from Earth he will be a watcher as The Book of Enoch and other scripture attests. He will stand at the head of the world's governments do great miracles and rain three and a half years?

He will do a deceptive miracle that looks like the sun coming up in the middle of the night. He doesn't

The Antichrist will do deceptive miracles making it look like he's changing the course of the Sun and the Moon. He

could do this by putting something in the sky to block the light of the Sun and by putting something up in the night sky that's very bright to look like the sun. Of course he will not have actual power to change the actual Sun and Moon.

Most Christians will lose their faith due to the Antichrist.

The lady who revealed to Chris that the new age will begin April of 2026 is ominous.

The address Eagle prophecy short feathers have been through represent incomplete time in office and have been through assassination political machination and voter fraud no I think he's referring to Trump on the voter fraud with Trump as a short feather who naturally would have been longer

According to address Eagle Biden will not be in as long as Trump was

The three eagle head rulers replaced biden. But the three eagle head rulers are removed by the latter day Antichrist.

Note several events could make it very plausible for Biden to leave early and new international leaders to take over America such as major natural disasters.

The lady said that this new era at 2026 would be the time for the feminine. Over a billion Catholics already worship the mother. Perhaps in 2026 there would be a staged return of Christ along with the mother. According to Chris bledsoe the pool party knows about this. The Pope already knows about this

Perhaps this mother figure will come and speak of love for

the gays etc.

Jonathan Cahn in return of the Gods speaks of the spirit of Ishtar causing sexual revolution. These things have already taken place and we have not only seen the sexual revolution we have seen the revolution of sexual identity.

America is no longer a city on a hill it is now a millstone around the world's neck. Our entertainment literature philosophies are blinding the whole world.

Jonathan Khan points out that ball moloch and Ishtar are now at the head of our societies.

C a h n points out that Ishtar didn't just make these gender problems okay she makes them holy. These things were rights in her temples and shrines r ites

Now the heretics are those who don't embrace sexual perversion. Questioning those things are akin to blasphemy.

Note I was in a classroom once where I said it's okay to be homophobic. All the students gasped in bewildered fear and wonder.

Luke 21 the powers of heaven shall be shaken

Chapter 26 the lady

Events of coming days will be sudden and most people won't endure them

The prophet Jeremiah rebukes the worship of the Queen of heaven

Jesus said I just I don't just bear record of myself he that bears record of me whose record is true. So we see that Jesus refers to the Holy Ghost as a male. It's the reference the whole thing

Note add these things to the Holy Ghost not female essay

It's not a coincidence in the Catholic church that Mary was soon given the title of Queen of heaven and that many figurines of her are made just like the many figurines of the ancient goddess Ishtar

People fell into darkness as they prayed to Mary instead of to God

Write the specific Mary apparitions

1917 Lady Fatima? And Amber orb appeared dancing around in the sky people could look on it not like the sun. It became red and looked as if it was hurled at the people which scared them. The orb of illuminated everyone with an unnatural light which debases them making them look yellow and ugly. The event was preceded by a visitation of the lady to three

Regarding the Fatima appearance? The Lady appeared to several young children. She appeared as a lovely young lady in a dress. She had covered hair and dark eyes.

The Antichrist and his followers will undoubtedly be empowered by demons to do great wonders

Jonathan Khan points out that when we leave the true God we follow the false gods that lead to destruction

Our society is in stage 4 cancer we can see how the careful plan for our destruction is being carried out. The same ancient story is playing out. They had what is very similar to gay pride parades in ancient times with the worship of these false gods who changed genders encouraged cross-dressing prostitution etc.

Ch. 27 Looking down the Pipeline

Trump is a short feather just like Ezra's Eagle says because the election of 2020 was stolen. Biden won the election with all the enthusiasm of a funeral parlor. He lists the series of very unusual occurrences about the election and Biden getting more votes than any president in history.

It's hard to prosecute big crimes because there are police judges etc that are in on it just like the book of ether talks about. They destroy evidence they intimidate and suppress whistleblowers. They condemned the innocent on hearsay.

All these short feathers JFK Richard Nixon Donald Trump they all invite involve crimes of the state crimes by the state being covered up.

Scripture says that Babylon had written on her forehead the word mystery. Mystery is essentially synonymous with conspiracy.

The whole prophecy of Ezra's eagle is base on the foundation that US presidents are put in by conspiracy.

The book none dare call it conspiracy identifies the CFR council on foreign relations as the conspiratorial agency which puts in the presidents.

Note remember president Ezra Taft Benson at general conference urged the Saints to read the book none dare call it conspiracy by Gary Allan. The transcript of his talk was scrubbed to take out that line but the video still proves it.

President Hoover is where the Ezra's Eagle prophecy starts. That's where the CFR conspiracy starts.

The good news is God has promised to destroy the secret combinations. He has to do this so that he can give covenant blessings. Secondly if I chapter 10. Second Nephi 10.

Our job is simply to awaken to the reality of our situation so we aren't deceived by the seductive messaging of Babylon.

January 2025 is the expiration date of the others Eagle prophecy just like how there is an expiration date to the prophecy of Samuel laminate of 5 years.

Joe Biden has to be removed before that because the prophecy says he rules less time than the guy before him. Biden doesn't remove himself it's the three eagle head rulers who supplant the others who wanted to rule.

Note it could be behind the scenes to where Biden comes out and says he wants to relinquish where in reality he's being forced to.

The Antichrist is a man of flesh and blood. The lady gives him power.

The first of the three Eagle heads will be in control of America before January 2025.

The three eagle head rulers are called such because of that they rule with much more oppression.

The role of each of these three Eagle heads is considered are considered separate kingdoms in our modern vernacular separate presidencies.

The first eagle head doesn't rule very long he dies in his bed of some painful sickness.

The second dies by the sword and eventually the last is also killed.

Behind the deaths of all three of these is the Antichrist.

Division of Ezra's Eagle is meant to supplement Daniel's vision

The King of the North shall come this is the first eagle head. The arms of the South will not withstand this is the Middle East. The glorious land is consumed by his hand.

The second eagle head is more palatable to the American. He ends the .Middle East war and rebuilds America.

The third is killed pretty fast.

Antichrist comes in peacefully by flattery. Dan 11:15-22
antichrist overcomes the saints.

For first eagle head there will be a false flag event and
subsequent war in Middle east. This is before Jan 2025.

Second is short.

Third raises taxes to rebuild America.

When the tree Eagle heads come on scene so does the
antichrist. After the first eagle head the next two are world
leaders.

The Antichrist and his lady will present themselves with
supernatural power they will have 10 rulers to help them.
The w**** Babylon actually will not want to share power
with them. The world will have gone through significant
things with the oppression of the evil heads and they will
beg the Antichrist to save them and take over. When given
power they will destroy the apparatus of Babylon in a day.
The scripture says the beast Kingdom will do this against
Babylon Revelation chapter 17. The 10 men they will have
chosen will be very familiar with how Babylon works and
know exactly how to take it down. Then Ishtar will flip the
script like she always does and teach a pleasing message
that we have been deceived. It'll be couched in acceptance
piece tolerance . To exalt the profane and debase the God
fearing. Her message will cause traditional Christian
churches to sound the alarm. The Antichrist and the lady
will immediately paint the true Christians as bigots
extremists etc.

The scripture says the mother of abominations will gather all nations to fight against the Lamb of God. First Nephi 14. The Saints around the world have power and great Glory. This scripture about the mother of abomination is like they're referring to Ishtar the Queen of heaven demon.

Take the property of the Christians and kick them out of their houses. These are the days of trouble when the Christians are refined and tried. But God will deliver them don't be afraid. Second asress chapter 16. Verse 70 to 75

The wicked Will expel the righteous from among them. Don't resist this the Lord is using it. Will be separate before they get destroyed. Yes have your food storage and emergency supplies but you'll need to leave your homes and rely on God like the Israelites with Moses.

Alma 10:23 the Lord spares the people when there are some righteous among them but when they kick out the righteous those people are destroyed.

The weight must be separated from the tears.

Because of the great supernatural evil there will also be great supernatural good such that has not been seen for thousands of years

Gods power will be poured out on all righteous men women and children.

With the address Eagle prophecy Eagle heads beginning before January of 25 and the lady revealing that Easter of 26 is when her new era begins it is likely that before Easter

of 27 Babylon will be taken out as the Antichrist takes full power . The destruction of the w**** of Babylon is the sign that the Lord is about to redeem his people. First Nissan chapter 14 verse 17. Any phi
N e p h i

When the lost 10 tribes are restored the antichrist's stranglehold on America will be broken and the Saints will be delivered. At that point to the cities of the gentiles which have expelled the righteous will be left desolate without inhabitant. Once the cleansing of the city center has taken place as in Missouri a New Jerusalem will descend from heaven. For the Saints the millennial of reign of Christ begins.

Then the dynamic duo of the Antichrist and the lady go to Jerusalem to pick on the Jews since they can't work in America anymore.

The image of the beast is likely the physical embodiment of the devil himself. He works with the Antichrist and the lady.

The righteous will be gathered and brought to America from all over the world by miraculous means. This is what the Christian world calls the rapture. This is where two people are working and one is gathered the others left. Other is left

Joseph Smith translation of Luke 17 shows that these will be gathered to the location of where the body of saints is. That means the New Jerusalem.

While the righteous are gathered out the wicked gather

together to the battle of Armageddon right for destruction r
i p e.

This is when the two prophets and someone named David
hold off the forces of the Antichrist in Jerusalem for three
and a half years. This will probably happen sometime
between 20:30 and 2034. Two out of three Jews will be
killed in this event. The two prophets get killed the
Antichrist has temporary rule over Jerusalem with the beast
and the lady and shortly thereafter Jesus Christ comes and
destroys all remaining wicked people. The Jews then plans
and rebuild Jerusalem. Plans and reveal. That's cleanse and
revealed r e b u i l d.

The righteous Jews will rebuild Jerusalem this is the time
called a new heaven and a new Earth and will likely be
happening by the end of 2034.
those in the New Jerusalem America will already have been
living this way but now it's worldwide millennium
condition.

And it said at this point our lifespans return to that of our
ancient fathers. Enoch said

During the millennium people from all different planets
come to worship God at this Earth

The prophecy of Ezra's eagle being fulfilled is how we know we don't have decades left

The first Eagle had dies in his bed
The second dies of the sword of the third
The third is also killed

The first Eagle had makes war on The Middle east. Before January 20th 2025.
Note I wonder if it will be in supposed defense of Palestine

1 Nephi 14 talks about the mother of abominations gathering people to fight against the church. This mother of abominations is this Ishtar "the Queen of heaven." She appears she will appear likely she will appear with the Antichrist and preach tolerance love and Target traditional Christians as hateful bigots.
The scripture says these are days of trouble and but don't be afraid God will deliver.

The wicked Will expel the righteous from among them, don't resist it God is using this to protect us from the destruction of the wicked. Alma 10:23 says when the wicked kick the righteous out they will soon be destroyed.

Food storage will help you for a while but in the likely event that you have to leave your house you're going to be relying on God completely like the Israelites of old and the wilderness.

The destruction of the w**** of Babylon is the sign that the Lord is about to redeem his people. First Nephi 14:17
paste it

It's when the things are getting worse for the Saints that's when the house of Israel gets restored.

Joseph Smith translation of Luke 17 shows that in the rapture when people are being gathered one taken the other left behind they're taken to where the body of the Saints are which is the New Jerusalem in America. Then with all the righteous gathered the wicked can be destroyed.

Note add-on somewhere probably last chapter about how Ezra's eagle starts with the one before FDR because that's when the CFR was started I think it's over and present Benson said in a conference talk we should read none dare call it conspiracy by Gary Allen you have to watch the video to see it it was taken out of the transcript text but the whole premise of that book is that the CFR has been controlling who the presidents are

Note that h is multiverse means spiritual world physical world different dimensions here

Note he says in a another lecture lots of people take the approach of layman and Lemuel that if there's something you need to know the dad slash The profit will tell you otherwise you don't need to know or otherwise you can't know

Note in another speech he says Jesus speaking to the people

said you ought to read as you ought to study Isaiah then he corrects himself and how often does Jesus correct himself he says I command you to study Isaiah.

Note to another lecture he says guess how many conference talks expound on the meaning of Isaiah zero you're supposed to do this you're supposed to figure this out yourself. He also says plenty of good commentaries good books helping explain Isaiah

Notes right down somewhere and try to get the reference of this from him Joseph Smith said to Saints in Illinois that the man whatever other three the three animals were I think it was The Lion and the I don't know the bear the cheetah I don't know but that those four symbols were used by Daniel or by John or something because those are four things that came all four of those things came to this earth from another planet that did not originate on this earth

Bonus: Ch. 2 Ezra's Eagle from A Remnant Shall Return by Michael Rush - Highlights

(Note that the Remnant Shall Return book was published in 2015, and an updated edition in 2020. The notes here I believe are from the earlier version.)

-Explains why to start with Hoover, FDR being the double long feather, and the 2 who are cut short, etc.

-No coincidence Ezra Benson had the same name as Ezra of old, who made the prophecy of America.

-explains why Ezra's eagle prophecy much more closely matches America than Rome.

-evidence for the lion in the Ezra eagle prophecy being the remnant of Jacob, which is suggested to be the lost 10 tribes.

-in the bible dictionary in "Israel, Kingdom of", it says the return of Israelites from the north countries is to be more spectacular than when Moses led out the children of Israel from Egypt.

-he shows a chart with which feathers and presidents match

-his blog post titled "awake" where you can read more on this topic <http://thelost10tribes.com/?p=962> . It shows how the Book of Mormon succession of leaders correlate with American leaders thus:

Hel. 1:9: Pahoran killed, JFK killed

Hel. 5:2-4: Nephi resigned, Nixon resigned

Hel. 6:15: Cezoram killed, Trump killed?

Hel. 6:15: Cezoram's son killed, Pence killed? (Note- this prediction can probably be updated in light of recent events of Pence no longer being with Trump, etc.)

Hel. 9:6: Bro of Seantum killed, Speaker of the House killed?

3 Ne. 7:1: Unnamed killed, President of the Senate killed?

Jacob burned with fire, stout horn burned with fire

3 Ne 9:9 correlates with Rev. 19:19-20

9 And behold, that great city Jacobugath, which was inhabited by the people of king Jacob, have I caused to be burned with fire because of their sins and their wickedness,

which was above all the wickedness of the whole earth, because of their secret murders and combinations; for it was they that did destroy the peace of my people and the government of the land; therefore I did cause them to be burned, to destroy them from before my face, that the blood of the prophets and the saints should not come up unto me any more against them.

19 And I saw the beast, and the kings of the earth, and their armies, gathered together to make war against him that sat on the horse, and against his army.

20 And the beast was taken, and with him the false prophet that wrought miracles before him, with which he deceived them that had received the mark of the beast, and them that worshipped his image. These both were cast alive into a lake of fire burning with brimstone.

In the “awake” article, he presents a parallel of great church growth of the Book of Mormon story and of 20th century America, including detailed specific time windows.

In the “awake” article, he speaks of how the day before 9/11 attack the US announced they didn’t have record for 2.3 trillion dollars of transactions

In the “awake” article, he shows how Trump is no an insider of the secret combinations, and has Christian views, and how his time in office could soon be followed by downfall, like how in the Book of Mormon

-there is a free audio file on the page of this chapter of a chapter called the blue marble, about how great of an honor it is to live on this earth, etc., quite interesting. It’s about 2/3

down this page:

http://thelost10tribes.com/?page_id=33#_edn20

-discusses Nazi use of politically correct speech to brainwash

Note: Remember the words of Joseph Fielding Smith, that we don't know where the lost tribes are, but that they must be together as a body in order for the scriptures to be fulfilled.

MICHAEL RUSH BOOK OF ENOCH ANALYSIS **VOLUME 2: THE SON OF MAN**

[A few vol 2 things for while I'm still working on notes to that new release](#)

I will certainly make notes on vol 2 like I did on vol 1 since I find this material so valuable.

Here are a few more points and stories on v2 which I'll be writing about further:

A Christian man's dream/vision of UFOs taking up the righteous Christians in the rapture (to the New Jerusalem).

A shopping mall where a portal with monsters coming out of it appeared, and 100 police showed up to cover it up, and many made videos of what they saw. The appearance was at a mall whose coordinates, when inverted, take a person to antarctica, so likely these creatures meant to show up in antarctica.

Talks about people visiting various kingdoms.

Shares an interview where a pilot of a galactic federation calls into a radioshow. Note- I find this less credible, why would a private/secret organization make a public appearance like this?

He analyzes various D&C chapters which have the Enochian marker, “Son of Man,” as this title originated with the Book of Enoch, and likely relates to it, and means more when we know of the writings of Enoch related to them.

He says we are spirit children of God’s exalted children, who contribute to populate the words God makes. He points out that in a revelation God calls us the sons of Adam, not his sons. He says this because of the repeated scriptures saying Jesus is the only savior, so we wouldn’t go on to have our own savior for our posterity, but use the (only) Jesus.

Note- This is possible but I don’t know either way. Some have suggested God being more local. And I do believe there are a handful of other revelations where God does directly call us His sons. Either way, Father or Grandfather, it could work, don’t know the answer.

He does have a few lengthy parts demonstrating that God has a body, and that the Son is a separate being from the Father. These basic gospel truths are strange to appear in a volume that goes into such depth on other plan of salvation topics.

Ch. 1 Parables

There was a purge where the ancient church used to talk about the godhead has three separate beings and then after The Babylonian exile Purge they stopped doing that. The Book of Enoch survived the Old testament Purge and still spoke of the polytheistic godhead.

The Book of Enoch speaks of the elect one, this could have been translated as the Christ. But in no uncertain terms the book uses the Messianic phrase son of man. Choose would have been familiar with these titles

When Daniel writes about the son of man he is likely getting that title from the Book of Enoch . The way Daniel phrases his vision suggests that he's relating it to another account which speaks of the son of man and that account would have been the Book of Enoch.

The brass plates were never purged after the Babylonian captivity which tried to get all polytheism out this is why it was said that this record has more

The book of Phoenix clearly uses the title son of man messianically and the Jews would have been familiar with this.

Psalms chapter 80 is the only remaining is the son of man that survived the purge in the Old testament

Abraham had a copy of the original records of the fathers he also used son of man

John 5 and the Book of Enoch say the son of man will be

the judge.

The Jews won't translate the book of Phoenix scrolls they have from the Dead Sea scrolls from Aramaic to English.

The Book of Enoch is only controversial to those who have a vested interest against Christianity who say that such a Christian text couldn't have existed before the New testament

No I have heard people reject the Book of Mormon on similar grounds thinking that such Christian writings could not have existed before the New testament.

Your nibbly route on one of his books it is all about the book of Anna.

DNC tells us to study things to learn more at home and abroad etc site the verse

So don't think you can just only study scriptures in general conference

Ch. 2 The Holy Race

Jacob 539 there are three separate grafting events the first the second and the last. First is the Northern Kingdom of Israel that was scattered. The last grafting is about Joseph in the most choice part of the vineyard.

Jacob says the grafting will be separate bodies. One goes to the worst place in the vineyard and the next goes to somewhere even worse than that. Perhaps the 10 tribes

were broken into two groups after leaving Assyria in one body.

E zra talks about the 1.5 year journey the 10 tribes took into the North. The group splintered one continued faithfully even further north into the Arctic see. The other migrated south from there taking them to Northern Europe. The ones who went North were lifted up like the city of evening. Revelation 12 13 through 17. Joseph Smith also said this happened that they were taking up into heaven like the city of Enoch.

The Jared I said become the most powerful civilization in the world. They destroyed themselves in a civil war. Note America will also perhaps destroy themselves in a civil war.

Jacob 543 through 45 the second grafting must refer to the Jewish Nation.

So the grafting's correspond with the order of the nations were destroyed.

The first graft is of the lost 10 tribes of Israel corresponding with the destruction of the Kingdom of Israel

Second grafting is the kingdom of Jud which was complete in 70 AD

Then you got the Nephites the people of hagoth leaving becoming the Germanic people of Europe.

So you've got the first being last and the last first in the

restoration of the house of israel, Joseph's last fall so he comes back first, lost tribes were the first to fall so they'll be the last to be restored.

Has the Book of Enoch says the holy ones will come and cleanse the land

Anna is taken by a whirlwind into heaven. This is space travel.

Deuteronomy 34:5 no it's 30 versus 4 through 5 says the Lord will gather in those who are scattered to the outmost parts of heaven paste it

Nehemiah 1:9 paste it more about gathered in from the outmost parts of heaven

The Berlin takes Enoch to the place of the dwellings of the Holy ones. Not Berlin it's the whirlwind

Among the holy race and occurred intercessory prayers being made for the children of men

Scripture God calls out to the heavens and they stand. He refers to all the inhabited worlds. Face the verse

First Nephi chapter 20 the Lord says he showed the former things from the beginning. In other words he revealed stuff for the last days from the beginning. This is how we know that God knows the end from the beginning. That's how we know that he prepared the way for our deliverance.

DC 8:46-62? Paste Jesus visits other worlds

I was just chapter one says the many worlds are mine and I

know them. Consider how the word no implies he has first-hand experience with all of them.

Moses chapter 1 that is

Paused 43m ch2

Cuz I will come suddenly in an instant.

Zion

The wild overgrowth in the Lord's vineyard will be purged in one day then Zion will descend.

Isaiah shows that the times of the greatest trial for the Saints will be the birthing pains of Zion

. America will be renewed overnight.

Ch. 3 Those who Sleep Not (God's Exalted Children etc.)

Elicit drugs give a counterfeit feeling of heaven. It's so overwhelming that people will trade their well-being to have it just a little bit more. A substances make it counterfeit sense of well-being love etc. Satan's version of these things consumes rather than edifies us.

The total absence of the glory of God is even too terrible for demons to contemplate. When Jesus came they said terrified are you come to torment us before the time? Plus we see that the greatest consequence for Angels and demons alike is to be totally cut off from the glory of God and the converse is true that the greatest blessing is to have full access to it.

Enoch saw those who sleep not will always praise the Lord etc.

We say the dead are sleeping, they are in the spirit world, so here we have with Enoch he sees those who sleep not, these must be resurrected beings exalted gods in heaven with Christ. The author believes these are graduates of prior iterations of the father's plan of salvation, God's not Angels. One scripture refers to their names being brought before the Angels so they aren't angels. If they're exalted they must have Spirit children, that's us. Enoch and John saw angels but this group was not described as Angels they must be something else. John said they are the people who overcame the world and obtain white robes.

The passage that says the sons of God shouted for Joy should say this be translated as the sons of the Gods shouted for joy

And the restored gospel we have no problem with the heavens being filled with gods

The author thinks that all these Spirit children for all these worlds couldn't have been raised by God the Father and then it must be God's working under God the Father.

We don't raise children in Mass communal centers on Earth why would it be done that way in heaven

DC something about bearing the sons of men the gods and goddesses etc
Paste.

The other claims we are children of God not because he is our literal father but because he is the process the father of

the process whereby such things happen. More like the grandfather. See if I already did some possible responses to this

Ephesians 1:3-6 speaks of God adopting children through Christ
Paste

The author says God the father is god with the capital g and his exalted children who contribute Spirit children to his world's our Gods with a lower g. Note that I would suggest through eternal progression there's always more room out there and perhaps we go on to be God with a capital g in our own sector of space since the time of salvation is about making us like God in every way. So this would be much down the line after we have much experience if we could handle it.

The mirrors facing each other in the temple suggests that if we obtain godhood we will not be the first generation to do so nor will we be the last

Many religions have taught of many gods were presided over by a chief God. In these traditions there is a beloved Son on whom the kingdom is conferred. sumer Egypt Babylon Israel etc I'll have this. Get the names.

Consumer with on and key

Assyria with Asher and naboo

Babylon with o and Marduk

Something with Elohim and ball as by all means Lord

In Israel with Elohim and Jehovah

Missed a few

See a podcast called the ancient tradition by Jack Logan for similar material

Private note is Adam the father of everyone here? The first man on each Earth the father thereof? Christ would still be above him as the Christ would come to an earth of the several of that batch that was the wicked enough to crucify him. This still leaves intact God the father and the son as separate higher beings than out of Michael. The key issue with this is that you have Adam as a resurrected person who comes here gets old and dies unless through the temple ordinances Adam overrides death and does in fact take up the tree of life which would again be contrary to several scriptures about Adam dying. Perhaps all this has something to do with the 70 sons of God which are perhaps above Adam. I cannot figure it out.

In one passage got refers to us not as his children but as Adam's children what is that passage pasted

We say the only begotten son according to the flesh. But the scriptures never add the phrase according to the flesh. The author uses this to suggest that God's only son is Jesus and the rest of us are his posterity through his other exalted children rather than directly.

No depending on how you use the word god each parent is a God and their parents are God to them and so on up to Adam and then up to God the Father. Here we see many fathers many gods. It has been described I think by Joseph Smith that anyone who has more knowledge than someone else is a God to them. Parents certainly have more knowledge than their posterity especially if that parent continues to learn as they should. Dispensation heads as in priesthood leaders have also been called God's.

Samuel must be Christ p h a n u e l

The name means the face of God
He is given power over repentance and eternal life
This must be the premortal name of Christ the son of man
It was phanuel who prevented the Satan's from accusing us
before the throne of the father. In other words he is the
gatekeeper to the throne of God.

These four angels Michael Gabriel Raphael and p h a n u e
l are mentioned as being different these were the leaders in
premortality. These were spirits. These were not they
already resurrected exalted gods.

God is addressed as God of Gods. This is evidence there
are exalted resurrected Gods under him some of his
children have already been exalted. These would have been
exalted in a prior round and of course saved by the last
rounds Savior.

Joseph Smith didn't spend all day preaching most of his
time was spent learning raising his family and enjoying
himself. Scripture says the same sociality that exists among
Us here will exist there in heaven. So having what involves
something similar not just clouds and hearts harps

The author claims that the noble and great ones on this sent
to this earth that God would make his rulers for many
worlds from the people on this world. Note that is only one
interpretation. Another possibility is that the noble and
great ones we're not everyone sent here they were just a
group of people that were chosen from among the people
who are going to come here would be rulers here, and that
each planet has its own leaders that rise out of it.

The author promotes the idea of many gods being subject to
God the Father and Jesus being the savior of everywhere in

the visible universe. He calls this one iteration of God's plan.

No others advocate every Galaxy being its own father and son, some Advocate a smaller scale such as each solar system which yes implies that there will be people on more than just the one planet in a solar system. Whatever the scale is, we do have scriptures that strongly suggest based on the basic reading of the passage that Jesus saves many worlds.

Personally my understanding of business structures involves local leadership on every level so I prefer the theories which are Jesus being the savior of a certain Galaxy or a certain solar system or even a certain group of stars, him saving the entire visible universe seems like we're getting far too big, especially in light of our theology of many Gods. To me when it says only begotten son it's referring to that current batch.

The author directly refutes the idea that God the father and the son that the Sun pertains to this galaxy only based on the scripture that says only begotten son and here first to a scripture about of all the worlds there's no sacred besides me what verse is he quoting see if it really says that I don't think so.

[Ch. 4 The Family Business](#)

The author rejects the idea that Gods operations are centered in and only concerned with our galaxy, and points to scriptures suggesting that God rules over all things.

Note- when scripture says only and all, these could refer to

this system, and doesn't necessarily mean nowhere in all of space are other fathers and sons. Space never ends, and we know God Himself didn't come from nowhere, that every person ever has always had a father, and it goes on this forever in both directions. Remember the temple mirrors facing one another which demonstrate this. I believe that we don't know either way, both scenarios are scripturally plausible.

the idea that an exalted man goes on and has an only begotten savior for his spirit children is denounced by the author.

Note- I think it is a possibility. By and by when prepared, these things could happen, according to eternal progression. Consider the Joseph Smith quote from Wilford Woodruff:_____

The author emphasizes that when we are exalted to godhood we do not have our own savior we raised to redeem our children, but that the exalted men and women contribute children to the overall picture of God and the one savior which is ours.

Note this is perhaps true on one scale but depending on how far you zoom out I believe we can indeed progress to what God is. Indeed Brigham and Lorenzo Snow taught that as God is man may become.

The author emphasizes that we don't go on to exaltation to godhood to go do our own independent thing somewhere. Note this is true and it is true with everyone including God Himself, everything is always family-based.

The author suggests that when we are exalted, our spirit children go to the worlds that Christ is God of.

Note - this meet be true, but there are possibilities of

eternal progression where our role becomes what God's is, if we are willing and wanting and proven able to do so.

The author suggests that we are children of Adam, not necessarily direct children of God the Father as we know Him.

Note- this could be true but isn't the only possibility. We also remember that we are all related.

The author points out that scripture has God calling us the children of Adam rather than calling us His children.

Note- true, but I'll have to check, I believe other scriptures God does call us His children.

The author points out that God is Adams direct father, so we can indeed trace our genealogy to God The Father.

Note- this is a very important point, and does make us literal children of God.

The author suggests that we are the spirit children of exalted gods who are below God the Father. He says God couldn't and wouldn't simply have a massive batch of children, since we know children need individual attention.

Note - this is a possibility.

Brigham at one time said it doesn't matter if we call Adam God, or Adams dad God, or His dad God.

I will add that God uses plural marriage to have more children than we are accustomed to today.

I will add that there of course is the likely possibility of us being direct spirit children of God the Father. I remember in the MTC that Elder Holland told us that God loves us because He raised us from His knee in pre-mortality. This of course suggests God the Father as our direct spirit father.

I suppose at the end of the day all of the exalted share power and titles, so it could go either way.

[ABOVE WERE ORIGINAL NOTES ON THE CH,
BELOW ARE 2ND ROUND NOTES]

The author states that the purpose of the Gospel is to give us the opportunity to become heavenly fathers and others with our own Spirit children. Note that he still makes the distinction between uppercase and lowercase gods and separates us from the position God is in. I would agree for the short-term but for the long long term I would disagree and assert that they're eventually be zero difference.

Isaiah 43:11 I am the Lord and besides me there is no savior.

The author just is this scripture to claim that there aren't systems of salvation going on in each Galaxy with a different savior etc but that everywhere as in everywhere existing now wherever people are now and for that matter and I don't know how distant past and I don't know how are saved by the same Jesus

He says a better grand of as God is man maybe come and as man is God once was would be to say Christ instead, as in as Christ as man may become and as man is Christ once was.

Nope this is not the only interpretation
Note

Jesus says he does only what he's seen his father do. The author suggests this would mean that Jesus was present as a spirit witnessing the father atone for the last cycle of salvation. The author suggests that Christ would have functioned as the holy ghost in the last cycle.

Elder McConkey suggested a cycle of salvation so to speak is not just 7,000 years as this Earth is but maybe 7,000 of gods years which would be $365,000 * 7000$ which is 2.5 billion.

Joseph Smith plainly talked but God the father of Jesus himself had a father and so on and that there never was anyone without a father.

The author claims this indicates a royal lineage of Fathers and sons, a line of God's.

Note this is one possibility. Another possibility is that we would go on to be crisis atoning ourself for others

There's a trend of praying to one's heavenly parents this is against the commandments we do not pray to mother in heaven we are strictly commanded to pray to Father in heaven in the name of Christ.

Mosiah 5 and other scriptures point out that we must become the family of Christ must be adopted there into. So while we are we gotten children of the Gods by birthright we become children of the father and the son by choice.

Romans 8:15-19 by adoption we call god father

Ephesians 1:3-6 adoption through Christ

Galations 3:26 we are children of God by faith in Christ.

Thus we see Paul taught in three places that we become children of God by adoption

Paste these

Remember the DC verse also note that it says Christ is the being by whom the people become begotten sons unto God

The father of resurrected Christ and the rest of us are resurrected by Christ. This makes Christ literally the father of our resurrected bodies.

We are children of God this is a central doctrine of the church. The author explains it thus: our heavenly parents are literally the children of God the father because he was their savior in the last iteration of the plan of salvation . Plus the author claims that God the father is the grandfather of our spirits and Christ the father of our Resurrection bodies .

Yes we are literally God's children we can trace our ancestry to God.

But if we were to become permanent members of the household of God we must do so voluntarily through election.

Dc76 also verifies that you have to choose this path if you want this.

The godhead is an example of progression for example Holy Ghost premortal then Jesus mortal than heavenly Father post mortal. Note I have been teaching this doctrine for many years it has always rang true to me which no person taught me but the Spirit of God.

Lucifer wanted to sit on the Northern slope in the heavens this shows us that this is the location for the highest gods higher than God.

The author claims that Lucifer's aspiration was to sit down with the line of Savior gods but she never could do. And of

course he wanted to force his way in by forcing people.

Note I agree with the part that his idea of force wasn't going to cut it but I mostly disagree with his idea that there's this unaccessible unattainable race of savory gods. I believe the key is not that there is somewhere we can't eventually gain through progression, but that the method has to be the right way.

Note the author's views of each cycle of the plan of salvation taking 2 and 1/2 billion or longer time is interesting and there is some evidence for it but I tend to view it as a much shorter thing since it's easier for me to understand a business model where you have leaders on every level. Admittedly I do not understand all things but I could see each one of these cycles being as short as the 7,000 year span of each world.

My mind is boggled by how long 7,000 years is and how many people live on this Earth alone.

[Ch. 5 Glory and Power \(Their Connection\)](#)

g Lori is correlated with and drive from praise and daughter.

Satan tempted Christ if Christ would in exchange fall down in worship Him. Note we see this would have given Satan more power.

Satan tried to get Moses to worship Him

Scriptures of the last days show that there will be a time when the beast is worshiped by all the Earth this is a time when Satan is worshiped and honored and this correlates with the time when Satan has the most power on the Earth we can see the connection between worship and power.

Church members today don't believe God would let Satan get so much power they don't even believe in the Antichrist existing.

John Taylor in a letter to the church called the coming crisis and how to meet it said that very soon the devil will be revealed in signs and mighty wonders. God's power will be strongly manifested but Satan will also be revealed. Satan will have more people armies and rulers on his side than ever before. Satan will do more miracles than ever before. He said it's not about Pope's sitting in temples , that one far greater than any Pope is soon to be revealed , it is the devil Himself that is coming. He will be allowed a much longer chain than before. It will seem to many that he is entirely a greater destruction is coming than that witnessed by Pharaoh at the Red Sea. Wickedness will rise to a greater height than past generations have been allowed to witness. The devil will lead literature politics religion etc greater than ever before. Powerful Kings and Nations will fall down and worship Satan marveling at his great power because his signs and wonders will be among all nations. His mysterious arts will be studied and used greatly. Satan the cunning God of this world will show people how to manipulate the elements. Don't think that you'll be able to detect these arts our minds won't be competent to detect the delusion. You have to get the sun to reveal the father to you personally. But no more trust in man it won't suffice that someone else saying they know God you have to know him yourself.

Now go and get Revelation for yourself. Pray mightily for the spirit of Revelation to rest upon you and you'll not just hope and fear. God is revealing himself as much as ever. Get full John Taylor quote ?

Don't be so foolish as to think that you are stronger than every proceeding generation and that Satan can't get you down

Don't think our generation is above being deceived as a group. Here he refers to church members.

Dual slip experiment showed that human consciousness changes behavior of subatomic particles. They act differently depending on whether they are being observed.

GLori is probably influenced by the spiritual quantum realm in a similar way in other words it is increased when a person is worshiped.

Worship has real quantifiable impact on both the physical and spiritual level

The sun has never asked to be worshiped in place of the father. In third Nephi the sun pray to the father apologizing that the ignorant people prayed to him instead of the father

God has so much Glory so many people trust and worship him even the words he speaks can cause galaxies to come into existence. There's no greater power than this.

[Ch. 6 The Epiphany of Nichodemus \(What He Thought He Knew Was Wrong, Don't Trust Man\)](#)

Mysteries of God are hidden intentionally because they require spiritual maturity to properly contextualize

Alma 12 9 through 11 those who won't learn more lose what they have. Paste it

Anything you hear someone teach you have to take it to God so you don't get deceived and find out for yourself that's true

Profits at conference don't tell us the mysteries because we have to do the work we have to crack the shell ourselves. But they do regularly invite and even urge us to seek these things.

Doesn't Nelson recently urged us to that person revelation to expound our ability to get personal revelation because there's so much more that God wants to tell us. Paste it

Scripture thoughts I'll give you knowledge by his holy spirit unspeakable knowledge that has not been revealed till now. What time to come in which nothing will be withheld whether they be one daughter many gods DC 121:26-28? Paste i

The Holy Ghost reveals truth those who are seeking for it

The Bible dictionary says without Revelation man could not know the things of God I could not be saved with any degree of salvation.

Receiving Revelation is the principle of salvation. This is a wonderful yet terrible realization that we are responsible to learn the mysteries.

We are responsible for getting the personal revelation we need.

Note Brigham Young's teaching on this point about the priority of receiving Revelation: "Our first and foremost duty is to seek the Lord until we open the path of communication from God to our own soul."

Enoch and Enos or the earliest references we have to the heavenly mansions, the idea of houses in heaven. Christ also says this.

In Christ uses return to son of man in scripture is often referring to something from the book of Mina.

Enoch

Jesus reviews Nicodemus who is a master of Israel who didn't know the things that he should . Nicodemus understanding was based in the teachings of men not the teachings of God. Jesus showed him that much of what he thought was true was not .

Just because something is believed widely doesn't mean it's true.

The gay rights movement is an example of many people believing in something that simply isn't true. It is an extremist movement that would result in human extinction, clearly this is not from God.

The holy spirit will not always strive with men second Nephi something paste

With a gentleman's of the Holy Spirit sees to blow the world will soon reap the world with Romans whirlwind

Enoch points out that God can control the orbits of planets so he can also control the orbits of Our lives putting us where we need to be

An analogy of the kingdoms of heaven is as follows those who inherit the kingdom of the sun celestial have the fullness of the father and thereby generate their own life. Light. The kingdom of the Moon tell us steel this is reflective light but it's still much brighter than the lower star Kingdom, we see the stars are very small lights which are their own mind which is very faint.

Note Of course the analogy breaks down when you're not looking at it from our perspective as stars are actually something quite different inherently but from our perspective analogy is important and used in the scriptures

Those who pay for their own sins will never become as bright as those who worked with christ. God makes much more of our us than we could ever make of ourselves.

Note I think this can be helpful on a daily basis, how often do we ignore promptings to do things of importance both spiritual and temporal, how often do we fail to repent and forgive and love, how often do we put the things of the world above the things of God and family, how often are we day by day paying for our own sins by misery and grief and doubt when we could be enjoying so much more and making so much greater progress everyday? Maybe repent desperately and seek to change the trajectory of Our lives into the Great heights God has in mind. God has great and yes even difficult expectations for us, but if it were any

other way how disappointing that would be!

Everyone's life circumstances are catered sufficiently for each of us to fulfill our life purpose mission.

God will forgive us to the degree we forgive others, so we should bend over backwards to forgive others.

Ch. 7 Lady Wisdom

We must disabuse ourselves of the idea that we know how the kingdoms of God work because we do not. We know next to nothing about these kingdoms.

Apparently the Celestial Kingdom is the only place where spirits and resurrected beings live together as this is where resurrected beings have Spirit offspring

The lady wisdom, ahead Ishtar etc was worshiped by many ancient societies and it brought them down.

Scripture Central recently called asherah mother God and related her to the tree of Life. This perverse ignorance in the church today is sickening.

Enoch says lady wisdom couldn't find a place in heaven, we see she chose not to participate in the plan of salvation.

Lady wisdom has described by Enoch apparently chose not to participate in the father's plan of salvation had to go to some other lower Kingdom.

The author discusses that some people knew they wouldn't

make it so they chose to not come to Earth. So they got something not very good.

No remember when Jesus spoke of people who offend little children that it would be better for them if they had not been born.

The author discusses how people of the highest Celestial Kingdom can visit anywhere in the universe they please whereas those of lower orders can only visit the lower areas.

The author suggests that those who rejected the plan of salvation were assigned to some lower Kingdom available to those who did such, we don't know the laws that govern those kingdoms, but those people are free to move about and do as they please in their Kingdom they've been assigned to.

Note I always thought that the people who rejected the plan entirely became sons of perdition banned to outer darkness. Wherever they are it's not good. At least it's not nearly as good as the lowest Kingdom or telestial.

Joseph Smith taught that the telestial Kingdom surpasses all understanding.

Note I am not sure on this quote. I'm not sure on its validity or accuracy. In this life we experience family Parenthood procreation and many other happy things many of which we are specifically told only continue in the highest Celestial such as procreation. Therefore I find it hard to believe that the telestial kingdom surpasses all understanding. That said I don't know everything and it does make sense that every kingdom of God is good, just

that the lower ones are not as good as the higher ones.

The author suggests that this lady wisdom who apparently rejected the plan of salvation was one of our spirit sisters in premortality.

Note I've also heard some people argue that the sons of perdition are only male by definition. This is interesting but given cases such as this evil Ishtar lady I can hardly believe such to be the case, and I'm confident that there will be both male and female in outer darkness. We are confident however that, as revealed by many prophets, that there is no procreation except in the highest celestial. This life is the time of probation, after the judgment and assignment to an internal Kingdom God will not be mocked in any of his kingdoms. His laws including the law of Chastity will be respected voluntarily or involuntarily. But I would of course agree with the obvious conclusion that women are generally more righteous than men and the sons of tradition will predominantly be men with probably only the rare exception of women .

lady wisdom says she was there for the creation etc this is just describing Spirit childhood we were all there. Trying to make us think she's good

No I cannot tell if the lady wisdom described in The Book of Enoch is this evil lady or not but it's an interesting idea. With a further study of the topic I can easily likely find that Rush is correct in his assessment.

FPryor Oliveira was told by the lady before the event to Tulsa times have trouble will begin October 13th 2023 this has been less attacked Bond Drake Israel. As long as called

for gas in the Jews finishing what Hitler started Islam.
Islam has also long frosted hate for America.
So the wicked lady called this one right.

Judah and Joseph have influenced the world more than any other group. Judah through its brilliant innovations and Joseph through carrying the gospel.

October 13 was a declared day of rage by Islam for something?

Second Nephi 28 talks about the devil raging in the hearts of men in that day

The lady said this October 13th 2023 event was assigned she was about to rise to power.
Satan uses the horror of Babylon until it accomplishes his purposes then he has no more use for it.
Since this lady's about to rise Babylon is about to fall.
Satan doesn't care about people getting rich he cares about the influence rich people can use to corrupt society. So once he has a total influence he doesn't need to let people get rich by the merchants of Babylon anymore.

Lady wisdom says her Joy is with the kingdoms of men. Is the nature of her and similar evil people to go around corrupting things in the mortal worlds.
Our kingdoms in this world lay within their jurisdictions! It is their current Kingdom they already have their punishment. God intentionally placed our world within their reach to tempt and try us.
So in the future the Earth will be relocated physically to a place that needs evil people can't influence it.

And I can says unrighteousness went forth from Lady

wisdom's Chambers.

Enoch said the watchers would return to the Earth in the last days. Notice how we're getting a lot of reports now about the aliens.

When lady wisdom first visited the Earth she found no place and returned home. This describes how Adam and Eve and their posterity weren't buying her narrative so she left.

Enoch that's about lady with him having a chance encounter with some kind of people. If it was a chance encounter it must have been unplanned it must have been rather than people on a planet maybe encountering some people traveling through space in a spaceship. In a concludes these things in his writings because they will bless the people in the last days so we find some kind of relevance in this to us. The people on the ship accepted lady wisdom and perhaps she sent them to this earth. Perhaps these were the 200 men who descended upon Mount Hermon

Ch. 8 Starships and Rumors of Starships (A Radio Call from General Jeremy of the Galactic Federation)

When the watchers showed up in ancient times the people bought into their narrative seeing their amazing technology of spaceships they became known as the anunnaki and ruled the world.

Colonel Corso wrote a book called The Day after Roswell about his incredible experiences. He said he was in Roswell

at the time of the infamous UFO crash. Beside his team at the Pentagon was tasked with reverse engineering The Craft. His team included scientists drafted as part of Project paperclip which project was about bringing over top German scientists after world War II to America . In his interview and his book he said the craft contained both living and dead gray alien beings. You had an interview with George Knapp. He said the ancient Sumerians referred to the gray aliens as igigi. With the anunnaki there were servants called the IGigi.

The autopsy of these showed that they were clones some kind of advanced computer Androids. They also had some kind of scales.

Remember from volume one the account from Chris bledsoe with the alien shaped people who were black with blowing red eyes they served the lady.

Note that in other accounts I've heard describing these Androids they do not have reproductive genitalia which are further evidence that they are in fact clones, some kind of bio-robot which does not self reproduce.

The miracle of the Sun in Fatima Portugal where the lady manipulated the orbs that looks like Suns associated with these alien beings shows that she uses these to deceive people.

General Thomas Jeremiah Davis interview. He claims to have been offered by the federal government to be on the galactic federation. He came into command of a ship several miles wide and long. Several have corroborated his story including a group of ranchers from Utah. One reliable rancher claimed that general Jeremiah scanned his property from space to show him where all the valuable minerals were in it. General Jeremiah called a radio program called

evident footprints.

He says his spaceship is named The alliance and there are 26,000 people aboard. He says they don't interfere with roller world affairs usually. He says the federation is from 574 planets throughout the Galaxy. He says their federation formed after Jesus visited our world and that Jesus visited their worlds also as their savior. And at the alliance the federation is a religious one United by that doctrine. Is that they don't have War amongst their continents or planets. To join the federation you have to agree to exist peacefully to lay down the weapons.

Said there are thousands of spaceships from other parts of the Galaxy coming to observe things on this planet and he hopes things remain peaceful.

Claimed the information on that talk show was accurate.

Claimed that their surveillance tracks things happening in the governments etc of all the planets in the federation and on this planet etc.

He said their presence has been seen all around the planet they have thousands of crafts coming to and from this planet daily.

He says they have been attacked thousands of times my other planets who want to hinder their progress because the federation wants to help earth move forward in its progress. He said recently they were coming in a craft for helping a situation here and they were attacked by many spaceships piloted by the grays.

He said the threat of these attacks from the grays etc or why they don't make themselves completely visible often. The show host said that the call was very clear and did not seem to be coming from a wire. The spaceman said they're using high-tech communication device but which is going through a relay in texas. Note this could be a giveaway that the caller was a prankster from Texas. Back to the story.

He claims there are listeners to the radio show from various planets.

The spaceman said one time when one of the show hosts was doing poorly in the hospital they sent a few of their doctors to him in the hospital.

He claimed a group from a distant solar system left crystal skulls here.

In the book put the link of where to buy the book in and out

Says the federation is ruled by a council of 24 elders comprising some of the wisest men in the Galaxy. People who live 500 plus years .

Says his ship is orbiting our solar system and has had some of those elders on their ship recently.

At the presidential inauguration they were there. Some of their ships were seen through the cloaking devices having a glitch or something temporarily. He says they had 30 ships there.

The show host brings up how he had announced that the ship seen in the 2009 sky at the presidential inauguration were from the federation and the host confirmed that was the case.

He says all of these 500 plus planets in the federation the people are human. If you go there you would think you were on Earth.

Note in the introduction to my notes that I've listened through both volumes twice

Note follow up with Dean I think you still has my hollow

planets book by Jan

Note another question is if the federation really wants to be known as evidence by the supposed phone call to the radio show why aren't they making much more frequent contact? There are possible answers to this but it's something to think about as you consider whether or not this account is true.

There were people who wanted to say the picture of this craft of the presidential election was just showing a bug or a bird or something in the sky but they affirm that it was spacecraft

The federation has multiple designs of aircraft because they are from multiple planets.

General Jeremiah said he would not comment on the expanse of God's creations because there's no way to describe it. He says they can travel beyond the Galaxy but that there are hostile races so they limit their travel to inside the Galaxy. He said there are so many planets in this galaxy you couldn't visit them all in a million years. And that there is life on many millions of those planets.

The spaceman said he's aware of the reptilians who have invaded this planet for centuries and that he hopes to learn more about them.

He says he is aware that they have been on this planet for centuries and their hostile to his federation.

Note this is another red flag, such an advanced federation from so many righteous worlds, wouldn't they already know all about these reptilians? Not certainly, but likely.

He says they travel through space with antimatter generators.

He says there are many people already living on Mars

He says the Gospel of Jesus Christ in the limited amount you have it is correct. Note this is another red flag mainstream Christianity is not correct!

General Jeremiah's statement about Christ visiting many worlds does match restoration scriptures which most Christians are not aware of.

The statement of the planets being inhabited by humans also matches the restoration.

I spoke to a general galcotry a spaceman who suggested the entire Earth would be converted to Christianity within 30 years this was in 2009 so that's 2039.

Note that does match restoration timing for the millennium

These evidences from this conversation which match the restoration but which are not by the accepted by Christianity in general do give credence to the validity of the conversation

Enoch showed us that the lady is capable of interstellar travel unlike Lucifer and the imprisoned spirits. Is apparently going around falling off major cosmic deceptions.

Rush suggests January 2025 is when the big events of Ezra's eagle will be due

Remember the lady told Chris bledsoe there will be global major shifting events around Easter 2026

This 2026 could correlate with the coming of the Antichrist and a 7-year reign of terror which would put the coming of the real Christ around 2034 a very respectable date.

The lady the Antichrist and the beast creatures all hate God and Christ.

Ch. 9 Lightning Among the Stars (Powers of Righteous Resurrected Beings)

Ancient gods are about to return this will shock everyone

The righteous are the lightning among the Stars. They can travel freely.

If you insist on this thing to science and reason above God you can end up like layman and Lemuel who can't hear the spirit. Note take caution science and reason are very important. But of course without God even the brightest of mines can be deceived.

Lightning is born in a situation of opposition. The righteous who learned how to hear the voice of God are like lightning who illuminate the sky.

Because of the law of angular conservation of momentum all cosmic bodies revolve be that Moon planet star or Galaxy. Note this is very important, later and elsewhere I will discuss the issues with redshift Theory and expanding universe theory, and attempt to depict a universe revolving

around a center.

A member of a handcart company hurt people bashing on the church and the hard handcart situation he stood up and said I was in that company yes it was a mistake to leave that late in the season but nobody from that company ever apostatized because we all had first-hand experience with God helping us. We went through harder things than you can imagine and many of us died. He knew on multiplications that someone was pushing his hand cart though he could not see them. He would see a spot ahead and say I can only go that far and when he got there he saw the cart was pushing him and he looked back many times to see who it was but saw no one and it was angels. He considered himself privileged to have come in the Martin handcart company

We need to ask God to send angels to help us more often .
When we use our agency God uses his power.

When Joseph asked God for a manifestation that's when the angel Moroni came.

Enoch associated lightning with the bodies of the righteous.
Joseph Smith describe the continents of the Angel Moroni as lightning.

In scripture God points out that there is one type of flesh of man another type of beast another foul and other fish etc he points out these big differences. Note this is an important case against evolution.

Dogs can hear better than humans. Shrimp can see better than humans. But nothing compares to the genius of man.

There are clearly more than five senses for example many animals can sense and Orient themselves based on

magnetic fields while we cannot.

Sharks have sensory organs in their noses that can allow them to sense beating hearts from miles away by electric fields

Some animals can use echolocation very well.

Imagine what an exalted human could do!

Joseph David and Oliver encountered Moroni. He said good morning it is warm and wiped the perspiration from his brow. He said he was going to kimora then he disappeared. He had the plates which he had taken from Joseph just before they had set out.

Moroni therefore was able to alter his appearance. When he appeared to Joseph he had the countenance like lightning. In this other encounter he was a short heavy set man of age.

Jesus also was able to alter his appearance for example the disciples on the road to Emmaus did not recognize him.

Remember Moroni traveled directly through the roof of Joseph's cabin.

Jesus asked the disciples which one of them could by taking thought add a cubit to his stature. He was highlighting the limitations of mortality. But apparently resurrected beings don't have that limitation!

Those who have near-death experiences often see their loved ones on the other side and they are recognizable and they are often seen in as being in the prime of their life others are seen as aged etc.

The beauty of the Gods must far surpass anything we have

seen. Note this is hard even to imagine as we have seen such great beauty here.

Our spirits look like our Heavenly parents. Our bodies look like our earthly parents. Note I'm sure there is some overlap.

The Baylor forgetfulness extends into the Spirit room it's not removed at that point either.

In a cutscene Adam but in his visions he never recognized Michael as Adam. Adam lived with Enoch and his people for hundreds of years.

When Enoch saw Michael in vision that was likely that not being limited by the veil at that point, Adam had reverted to his premortal appearance. Therefore Enoch did not recognize him.

A soul clearly has a flexible shape as is evidenced by souls existing in newborn infants.

The lady sometimes appears as a young girl sometimes a young woman sometimes as a mature woman. Perhaps she is allowed to appear as she once has been, as she has aged as a spirit. Each of these forms are readily available to her.

The forms that Moroni appeared in are likely forms that were previously available to him which then became available to him.

Satan came to see people by appearing as an angel of light likely because he once was an angel of life so this appearance is available too note at least for now

Satan is also described as being very handsome. Beauty is

the default state of a spirit. After all the resurrected Gods it is perfect Spirit children. Produce perfect Spirit children.

The author suggests that in the resurrection are appearance may change again as we know our name will change.

Thus we see the three forms we have had are one our spirit bodies created by our heavenly parents. Two are mortal bodies created by our earthly parents. Three our resurrected bodies created by Christ. This makes Christ literally Our Father. Thus in heaven we all have three fathers just as the godhead is comprised of three different men.

The author suggests that in the resurrection we will be able to move between these three different forms which belong to us.

Hebrews 2? Says there are Angels among Us that we are not aware of

Apparently it is as easy for resurrected beings to transform the molecules in their own body as it was for Christ to transform water into wine. Note we must take caution on this subject we do not believe God is a spirit we do not believe he is in more than one place at a time we do not believe in God's dwelling in the heart. We do know that God can influence our heart and that God knows and sees all things because he gets reception and feedback from All things literally. We do not understand the power of God but we do know that God has a body of flesh and Bone.

Ch. 10 The Righteous Will Inherit the Earth

And one place to read that spirit is light and truth in another place where we read that intelligence is light and truth right the references. In other words spirit is intelligence.

Are the peops said the stars that fall as figs are fragments of the earth that had left. So much had left with annex some with the 10 tribes some perhaps of the gracefiction crucifixion.

The restoration of all things will bring back all these parts.

Harley p a r l e y p r a t

Earth will be many times larger than it is now.

Millennial star volume on number 10 10th of February 1849
pages 257-259

Moses 7:31 people of the city of Enoch Kevin ministering throughout the cosmos

Elijah Snow hymnm thou earth was once a glorious sphere. Part of Earth left with Enoch to form another sphere. Same with den lost tribes.

PRA2T and Eliza Snow would have learned these things from the same source, Joseph Smith

Moses 7 The Lord will preserve his people when the earth shakes

Joseph and Judah have been gathered to make the nations of America and Israel. Now the destruction may begin.

Polarizing events in Israel right now are making many people hate Israel.

Apocrypha AL writings suggest the two people that the two prophets that protect Israel for 3 and 1/2 years will be translated Elijah and blank Daniel? We will see

Earth Becomes the new home for God the Father.
Celestial people from all over the cosmos will come to live on earth.

Nope note I don't understand why this would happen.

No Jerusalem Is a cube \$1,400 mi. Earth diameter is currently \$4,000 maybe it means Earth's diameter increases that much.

He suggests this big city edition of 1400 mi could expand birth size to accommodate celestial people from other worlds that need to come here note perhaps if their worlds did not become celestial but they did they will need somewhere to go.

Scripture suggests there will be no seas the entire surface area will be inhabitable.

The other suggests there will still be oceans to somewhere even if not on this world somewhere nearby.

All Celestial world will be connected somehow as well all generations of time

[Ch. 11 The Hidden Son](#)

And exceeds the head of days and someone glorious with this person note is this Adam and Christ?

Something translated head of days to men ancient of days

Daniel sees these same two needs. One like the son of man came to the ancient of Days. The author reads the passage to indicate that the ancient of days gives to the son of man to rule

Daniel 7:13-14.

Christ receives the throne from the ancient of days.

Note to implications of this are stirring. Some have suggested a meeting of this passage where Christ is giving to Adam but really it's Adam giving to Christ.

DC 116 Adam o n d i a h m a n is where the ancient of days comes to visit his people.

It makes clear that the ancient of days is Adam which is Michael.

The author suggests that the term ancient or head of days not only refers to Adam but to God who created Adam. He says the title can also refer to Christ who was present in Eden at the creation of Adam.

Nope the author is taking significant license here applying this title so broadly but it might be so.

The answer correctly points out that sometimes the title Lord refers to God the Father Other times to Jehovah

Note that temples are built to God the Father. The temples say House of the Lord. Said about the temple numerous occasions calling his father's house. Several statements in the

restoration have indicated that we build temples to the father.

Nope the term lowered he says sometimes refers to got the father sometimes to Jehovah. We might also point out simply that the term Jehovah can be a title for God the Father Ann was used as such for a long time in the restoration until recently

The author says that sometimes in the book of Phoenix the term head of days is referring to God the father. Note are we justified and applying this term to two different people? Perhaps not. Perhaps it's referring to that being we know as Adam go away through and Adam has tremendous power and authority we underestimated.

When the terms head of days and Lord of spirits are spoken of that's about Michael and God the Father.

He says there are some places where the term head of days refers to God the Father creator of Adam. Note I am not certain of this

Enoch 46 verse 2 to three

Head of days in opening verse. Then title Lord of spirits in verse 3.

In this case title head of days clearly refers to Michael. The man with Michael is Jehovah.

The Lord of spirits is got the father.

Note check the passage to see if it indicates three people or two people.

They all there suggests that here Enoch is seeing Michael and Jehovah and Elohim

Enoch asks about the Son of Man and why he goes with the head of days.

Note here I see a description of only two people The head of days and the son of man.

The son of man is called the gatekeeper of all hidden knowledge. Knowledge about the true identity of Christ has always been the great mystery. Only those who were seeking him were able to find him and his true nature.

Jesus identifies himself as the creator and Redeemer . Mosia 26:23-26 And it's 28

Christ was quite mysterious at this time.

Today the Christian world also fails to understand the separate identities of the father and the son and the Holy Ghost.

With the nice and creed to join the club of being called the Christian you have to view all three of these as the same person.

They don't understand the hidden son. It is the modern version of the Arian controversy all over again.

Put away the false theories of people with diplomas about who God is.

The true nature of the godhead is hidden and always has been.

Those who have the truth of the Sun taught to them by the Holy Ghost are both willing to and have laid down their lives for the message. Note Jesus said the father revealed the son to Peter. So there are two ways to look at this the son revealed it or the Holy Ghost revealed. Perhaps the Holy Ghost is the method of revealing the message of the father?

Coming to know the hidden son has always been the primary test of mortality.

Pause 20 minutes

People say stick to the basics don't delve into the mysteries but Christ is the greatest mystery. No one knows anything unless they're taught by God not men. Many of us only have some correct doctrines because of our ancestors we've not paid the personal price and therefore we are at Great risk of losing even what we have.

Many people hear the truth but when the persecution comes they leave it alone.

Note it seems that this is the case for basically everyone. And when we have found some truth we are timid about finding more because with every step forward opposition comes. So we got comfortable and we stop making progress for long amounts of time and life becomes much less than what it could have been. Ultimately if we are not going forward in our knowledge we are going backwards.

The author openly states that some ideas he reports in his books are likely incorrect and urges the readers to become seekers of knowledge, not relying on him or anyone else

The book of h e l a m a n talks about people who are upset and blame the profits as being gatekeepers of knowledge keeping the people ignorant. In reality God has always wanted his people to find the truth themselves and profits encourage them to do so. Satan is the one that seeks to control the flow of knowledge to gain power and control.

When Eve remembers who Satan is and that he rebelled against god, Satan doesn't deny the charges he just reframes the narrative.

Throughout history Satan has made ministries of Truth to enforce his lies and to make those who accept the truth seem ridiculous.

Note I believe the phrase ministry of Truth in the context of promoting lies is from the book 1984 which I highly recommend.

Satan's lies will not reconcile with revealed truth and they can be detected however unpopular to do so.

3rd Nephi 26 verse 8 through 11 says if people won't receive these things the greater things will be withheld from them

The world refuses to understand not because it's difficult just because they refuse. Therefore they are going into the times of greatest trial with their eyes blindfolded in their arms tied behind their back

Nephi says that those who diligently seek the mysteries of God will be unfolded to them. First Nephi 18? Chapter 10 verse 18 19 and 22

Nephi learned the truth by living the scriptures not just reading them. In other words you need to have those meetings with God.

The teachings of Nephi aren't on the dangerous periphery of the gospel, they are the heart of the Gospel.

The voice of the devil is the loudest voice in most people's heads. Beware and square your thoughts with the doctrines of the Gospel.

The deceptions we experience now are minor in comparison

to the forthcoming ones. These forthcoming deceptions will be the time when we will be deceived if we are not directly taught by God constantly. To know the mysteries of God is to be taught by God constantly.

I'm a 13 verse 22 through 26 the people knew Angels would come to teach them about the timing of Christ is coming.

Nephi says the time the message of the Holy Ghost and the message of angels are one and the same. So you don't need to actually see an angel appear to be taught by angels.
Second Nephi 32:2-3

It takes more faith to believe the Holy Ghost and those who can do that are more blessed.

Whether you learn Truth by praying in your closet or by an Angel appearing to you it's the same truth.

All of the ordinances represent the gateway not the final destination.

Without personal revelation your spiritual education is incomplete.

Elder bednar prepare to obtain in every needful thing, in that talk he said if all we know about the restored gospel is what other people have told us then our testimony is built on sand.

Christ is the only gatekeeper to the knowledge of salvation
And you have to get it from him directly.

Salvation isn't just about repenting of sins it's about following Christ doing what he did.
He showed us the example of seeking the will of his father

and fulfilling it. Matthew 7:21 not everyone who says Lord Lord will enter into heaven but he that doeth the will of my father.

Christ learned the will of his father by praying meditating going into the mountains early spending time in the temple which is his father's house, he sought time alone with God. We become like Christ if we to do the will of the father. Note remember Joseph Smith said to obtain salvation we have to do it in the same way Christ did namely by obedience. And note thankfully repentance is a part of obedience for us.

The greatest mystery is to find out how to fulfill your own mission in life.

Matthew 13 10 through 13 Jesus says he speaks in parables so that his followers will have plenty but that those who reject him will lose even what they have

The author discovered that whenever Jesus uses the term son of man it is in the context of explaining the mysteries of God. Whenever you hear that a bombshell doctrine is about to go off. Similarly in The Book of Enoch the term son of man referred to the keeper of mysteries.

The book of being teaches that the son of man was on the right hand of God thus we see the pre-diluvian world had this great information.

Most people only believe what they can be passively taught by others. They go with the flow of the Swift currents of life. But you're only going to really know God's will in your life if you go against this current.

No one in the scripture is obtains exaltation without seeking

to be taught by God the mysteries.

The principal of personal revelation is the principle of salvation.

And the son of man is the key holder of all such mysteries.

Ch. 12 Judge of Nations

Most people believe that the idea of God the father and the son being two separate beings is so revolutionary that they disqualify those people from their club of who they call Christians.

Note that in my notes on these books I've mostly focused on the commentaries of Rush I have not put in a lot of the actual writing of Enoch. Much of the commentary of course stems from directly from the writing of you know. The Book of Enoch is truly supernatural and a great Wonder.

Everyone has the light of Truth in them even if they don't know about God from scriptures etc so everyone is accountable to choose truth and reject the doctrines of demons.

Many have used the rocket boosters of the restored gospel but never turn them on.

They carry the engine on their back like dead weight and come to resent the gift seeing it as a burden.

You are not a fool if you are seeking the Mistress of god, you're a fool if you are not. You cannot obtain God's kingdom without them.

Christ suffered for all so we hope and pray even for evil people that the judgments of God will turn them

Lehi was discouraged that his some of his children and grandchildren would never be able to come or God in Christ Our world without end. But the comforting truth is that those of the Celestial Kingdom can visit those of lower kingdoms. Jesus went even to hell and back.

So you can still have reunions and experiences with these people despite the real consequences of their actions. Parents who are sealed to their children will always be able to reunite with them in places of common ground.

Remember this is the plan of happiness. All of God's blessings will bring us happiness and not sorrow in the eternal scheme.

The head of days and the Lord of spirits are referred to as two different people. The author suggests it is God the father and Adam.

Note perhaps another interpretation is that the Lord of spirits is Christ. But that person being the father is a very good theory likely the best.

Particularly when a third character called the son of man is involved.

Enoch 48:1-3 speaks of three different characters the Lord of spirits, the head of days, and the son of man. These would be Elohim Jehovah / Christ and Michael / Adam.

Daniel hears about the times of trial great trial such as the world had never seen that will last three and a half years. And in this time the righteous are taken to God.

Daniel says when the daily sacrifices taken away and the abomination that makes us set up there's three and a half years until something.

Saints are delivered the wheels of the ships of Chim do this they're large wheel discs in the sky is deliver the Saints. This is at the time when the Antichrist is in America. Eventually we get him out of America.

Return to the Lost tribes will rival the Wonder and might of the Israelites Exodus from Egypt.

N o t e I think these events might be on very different skills of magnitude. The Israelites leaving Egypt had a sea parted for them they had food given to them from the sky they had water given them in the desert and many other miracles. In our time the events that rival The Exodus will be greater than these of course and in a day when we already are acquainted with great technologies combustion engines artificial intelligence computers flight sciences etc, even with all these things we will still be astounded at what the 10 tribes returned entails. It will be beyond our current understanding of things beyond what we have seen and experience beyond our wildest imagination.

The Lord's hunters the 144,000 they will be sent at a time when the true believers are being hunted down to death. The 144,000 go through all the Earth together the righteous to zion. This is the time the Christian world calls the rapture, as Luke 17 discusses it's the time when two are working together and one is taken and the other left.

People of the ancient church and of the early Latter-day church suffered great things and our time is coming for

similar trials.

33m

John C's the people who don't receive the image of the beast in their head or hand get beheaded

People mock the book of Abraham saying it was just a funerary text but it actually harkens back to the Book of Enoch which was undiscovered at the time of Joseph Smith. At Joseph's time The Book of Enoch was so scarce that the most learned man of Germany couldn't get it.

41

The Book of Enoch and restoration scriptures affirm premortality that the father and Christ and Michael works together before the foundations of the solar system

Note this solar system is an important distinction because the book of Moses clearly says that the creation accounts we have are pertaining to our planet locally

One man testified that he saw ancient copies of the entire book of Eno including the parables which many say are fakes because they talk about Christ plainly hundreds of years before he was born. Dr John strodle the chief editor of the Dead Sea scrolls project testified before heaven and Earth that he both saw and handled detailed microfiche images of ancient Book of Enoch and said this was not the only copy

Second Nephi 19 27? God is capable of doing his own work. Therefore consider it's not missionaries that get people knowledge of Christ necessarily God can do his own work .

The work of God converting to Christ is thriving in places where our missionaries are not allowed.

Relates an account of a UFO that was the size of a city block and 40 ft High with many green lights. The people who saw this were a Muslim family one member of their family Ali had converted to Christianity and was impressed by the spirit that Earth is not alone as the inhabited life in the universe. Soon after he related this to his family they saw the craft and converted to Christianity.. it descended slowly in the sky until it was within 500 ft from their car. They were in a driving in a remote country area. They took this as a sign from God to the things all he was telling them were true. The episode 199 UFO s angels and God of the glory creatures podcast

Daryl Ireland of Boston University estimates Christianity is growing faster in China than any other Nation. Over the last 40 years China has gone from 10 million Christians to 100 million. The CFR estimates that Christians in China will double by 2033. Pastors in China are arrested for inciting subversion. There are anti missionary laws in China.

Wang Yi wrote a letter called faithful disobedience. It was to be read 48 hours after his incarceration for sharing the gospel in China. You got a 15-year prison sentence. The whole thing is really good try to get the whole thing. He says Christ has commanded great disobedience against tyrants. He doesn't want to change the laws he just wants to preach the gospel.

No this is very well put that God requires Great disobedience. It is a righteous thing to resist these tares do resist these tyrants.

In all manners of conscience man must obey God and not men.

He calls it faithful disobedience

Disobedience Scott calls for is also peaceful.

There is an authority higher than their authority and a freedom they cannot restrain.

I will serve my prison time but I will not be obey the law. I will be executed but I will not play guilty.

The government regime can put me in jail destroy my family ruin my reputation and to take my life but it cannot make me renounce my faith.

" I will joyfully violate all laws that violate God's law quote

End of that guy's letter

The righteous Chinese Christians who are real Christians and not just in name only will go to heaven before the fake Christians

Without missionaries from the LDS Church which bring in about 100,000 a year the Lord is bringing millions of Chinese and Muslim people a year to Christianity. Clearly the Lord can do his own work..

John Calvin said wicked rulers are the judgment of God on a wicked people in an effort to get them to repent and turn to him.

The boxes were of massive things that would happen

Have a great treasures being poured out upon the Earth meeting people's needs.

June 2002 the hidden character Stone says the Chinese Communist party will fall.

A large Boulder fell from a cliff and split open and reveal the six clear ancient Chinese characters which clearly read the Chinese Communist party will fall this Stone has received much attention and many Studies have shown that they are not man-made characters. The boulder is on display and many seeing it have abandoned the CCP

Compare Genesis 6 to modern day UFO phenomenon

[Ch. 13 A Strange Dream \(Brandon the Visionary sees Select Christians to New Jerusalem by UFOs, Mark of Beast Chip, Beheadings, etc.\)](#)

Brandon

The author focus is not on visions and dreams since you can't understand those without revelation he focuses on the revealed word

Janitor of an Evangelical congregation. July 6 2014. The experience is more credible because a lot of what he saw can't be explained by the Christian community. June 29th 2023 he made a YouTube video. He sat on this for 9 years because people didn't know what to do with it and his Evangelical community. His video is called Jesus took me to

the tribulation. He uses the posting name of Bible Brandon.

A lady comes screaming the sky is tumultuous a great storm the lady comes screaming saying they're gone they're gone he says where are they she says didn't you see them go he says no he says the aliens the aliens came and took the Christians they're gone. She runs off screaming. Everything is burning house is cars everything. People are looting and trashing the street.

The next thing he is in Europe in Berlin a middle eastern man and a gray suit with great power is there everyone's asking him what to do he appears on TV all the channels cover it Fox CNN everything he tells the people that the Christians were taken because they're being punished. You knew that all the kingdoms of the world would be given to him in 1 hour.

Everyone is scared and tormented and without peace and they look to this man who has this false peace and they want to follow him.

The middle easterners were saying the mahadeem has come. Everybody was calling this man this. He said he was a Muslim.

He called for everyone to turn their Bibles in and they brought these and you had them write their name down under false pretense that they could access their Bible but it was really too soon to get them on surveillance. There were millions of bibles. There's a football field with truck full of several stories high of Bibles and they were all being burned.

A black green white flag with golden swords in its center were put up and all other flags were taken down. Each Color represented a terrorist group.

They're all being thanks for bringing in this rain.

Everyone was required to worship him on Friday to wear white and line up. You would appear on giant screens.

Note that I went to his YouTube video and took a few notes which aren't in the rush book from Brandon's video

A lot of the grace message that was preached among Christians let them compromising and living like the world. Pastor who preached this watered-down lukewarm gospel we're also left behind as a punishment. The questions we got left behind were very mad and they went after these pastors who did the soft preaching ready to kill them for havine lied to them.

This evil guy was the Antichrist of course.

I saw several televangelists who were left behind which he recognized

The Left behind Christians turned on God one lady looked up to heaven flipped off God and cursed him

Everyone below the edge of 15 was gone taken in the rapture

Those who stayed behind started to make community groups to head to the mountains they knew it was going to get real bad real quick

They dug holes in the mountain side to try and stay warm you couldn't stay in your house in town because of the mark of the beast he couldn't go shopping

Discussions move at night they can't go at day due to being

seen

Farmers had guns but the Christians in general didn't have guns for some reason they weren't able to protect themselves

Black Hummer armored trucks with blue lights were the authorities coming to get the picture which people reported

The man in these vehicles had black face masks Black mirror

They had guns which emitted some sort of a pulse like electromagnetic which is done to stuns you

A woman had two young children born during the tribulation maybe three four or five years old. The man said we're going to give your kids the Chip And if you don't deny Jesus we're going to cut your heads off. Or you can take the trip. The dad said no . Is Mom said don't tell the children they were ready to slice the kids head off that huge sword. The dad said no don't take the mark. Then they sliced his head off.

The mother and children were crying from witnessing this but as soon as they got the trip emotion left. So the chip interfered with emotions somehow. Another example of this is one man who had the chip was on a big bridge going to jump off but the chip triggered something calm him and he didn't jump.

The people with the trip acted like robots like zombies who wouldn't socialize.

Towns had barricades and to get into the town you had to take the chip or die.

The mark left a sort of bruised or Fern sore on the forehead or the hand. One woman tried to make up there to pretend

like she had it . People were desperate to get into the towns for food etc. As soon as they detected her deception they instantly cut her head off.

People in line watching had no emotional reaction.

Chip was a very small square similar to what is being manufactured now.

People playing the cities died from starvation and call call c
o l d

Thousands of synchronized drones flew around scanning to make sure everyone had the chip. You could hear them coming. All through America everywhere.

Note I believe there will be a city of Zion refuge where these things are not happening. Jst of Luke 17 scribes where people are taken to they are taken to the body of the Saints that means the New Jersey. Rush talks about this as well.

Once the drones found you you were done. The report you and the authorities would come. The drones would stay by you until they did and running was due time futile

It was sad seeing the children go through this. The Bible verse about whoa to those who have stuck in those days that's probably referring to the children for after the rapture

Those who took to the mountains and tried to hide their fires by having them say that having them hidden deep in caves which they had the. When the drones came it was like a loud swarm of bees you could hear them coming and begin to attempt to hide. They could have detect body heat of course no yes we have thermal cameras on drones already.

The abomination of desolation in Jerusalem there was a massive temple on a hill large stone column and a route a room roof

Yes I cried instead the anti-price good at this Temple there were two men on his side. One man Brandon could identify the other man he did not. Brandon was told not to maiden name name name names. No the prompting I am getting is that one of these men was about one of these men was the pope

Partially because the Pope is such a big world figure that you would be recognized for recognizable and sadly the Catholic church is not true and it will influence over many people and it could be an effort of joining religions of the world one and two one

The Antichrist when he initially saw him did not have a beard but on this occasion he did. Had black and white hair and a black and white beard. He had great confidence like a James Bond or Barack Obama. Spoke very intelligently poisoned and precise. Had a peaceful way to drive in you are a white turbine you are bin

People don't realize it but there's a sense of normalcy and sense of peace that people have even bad people and this sense of peace is from the righteous that live among the people but when the righteous are taken away that piece is gone

The next scene everything zoomed out they were standing outside the Earth and could see a holy city and could see many bright lights which Jesus told him represented souls and he saw there was a major revival the last harvest. Jesus wept and said do you see China he said a lot of them died for my gospel the gospel cost them something.

Filled with joy for the sacrifice they did for the gospel

Sorry cold streams in China which represented souls Jesus said those were the underground churches China It looks like gold veins going all throughout Asia. Japan Philippines 2. All over the world.

There were what appeared to be crop circles all over Europe. These circles were like hot spots people went for revival. America Canada Mexico Africa Europe South America they had more of these revivals than the Middle East. There was still revival in Middle Eastern countries just not as much.

There's a massive golden brick wall in heaven and out from it came a major wave . The Lord said this wave was the last outpouring. Behind the way of where Angels like soldiers on flaming chariots. There was golden fire chlorine around all the chariots. All the angels look the same. They had wrapped gifts and Jesus said those were end time gifts which had never been seen on the earth before creative miracles etc that have never been experienced on the earth before. Like Jesus said greater works will you do.

M55 of Brandon vid

And note that I found the video here

<https://youtu.be/RLS3QooVBxg?si=TQtaK0PUuyfyxSWw>

This is in 2014. Jesus told him urgently that he needed to tell people he is coming. He said we know you're coming. Jesus said no you don't. His relating of this is 2021.

He sees from having the pouring out of great treasures great things which people needed.

Perhaps the gifts are and treasures are those which the Lost tribes bring

Jesus told him that months before I am coming to get you they're going to talk about aliens a lot it's one of the signs of the times.

When you try to tell people about this about the aliens in 2014 no one believed him.

The revival comes out of a great shaking. Events will come within months that will shake America like never before.

Jesus told him what happens when you try to wake your kids up and you yell and you yell and they don't wake up the next thing you do is shake them.

There will be a great revival of a remnant of people who become radical for Jesus.

You saw in St Louis there was a man in a wheelchair Christians walked up to him and prayed for him and he was healed right on the spot.

Don't be intimidated by the world because we are about to get out of here.

He saw a certain location with a Starbucks coffee store during the tribulation. It was a location that did not have such a store it was different stores there, by and by several stores came and went and after covid the building is plowed

down and they started building another store and low and behold it was a Starbucks in 2021

Shake off all of the compromise you I've been living in

He saw timelines he's not allowed to say but he says we are really really there.

End of the Brandon vision

Consider the underlining meeting behind messages of division. Of the vision.

185 14:14 one Nephi 14 versus 14 talks about the spiritual outpourings to come

All of the scenarios Brandon spoke of temps people to force them to deny Christ.

Revelation chapter 20? Speaks of those who are beheaded who refuse to worship the beast

Don't make decisions out of fear like the mother did in Brandon's vision. It's better to die and go to God to live in the beast Kingdom.

Note that Brandon only saw the crop circles indicating revival centers outside of the United states. The United States was filled with Saints from coast to coast.

The arrival of the ships of c h i t i m and the lifting up of the Christians does in fact match scripture.

Burning cities correlates perfectly with the prophecy of

Christ that the returning remnant of Jacob will destroy the cities of the wicked by fire

Many righteous in America is consistent with the prophecy that the 144,000 gather in the righteous to the New Jerusalem from the four corners of the world.

Ch. 14 The End of the Beginning

In Enoch about 50 and 52 chapters we read of various groups after the judgment. Mistakes of six groups one the holy and elect. To sinners who treasure up evil. Three repentant witnesses. Or those on the Earth. 5 those in s h e o l
Six those in hell

First The holy and the elect. Glorious beings in the form of lightning as in glorious celestial bodies. They are adopted into the household of Christ and join their Heavenly parents by keeping covenants following Christ's example.

Next the sinners who treasured up evil. They sin not out of weakness but out of rebellion. They prefer darkness. Lucifer and his followers who will be cast into the pit at the edge of outer darkness. The sons of perdition. This is the lowest Kingdom and they stay here forever because there is nowhere lower for them to go. Of those who do have bodies in this place they are completely without Glory.

This is the only group of home it can be said it would have been better for them if they had not been born, meaning they would have been better off if they simply opted out of the plan of happiness without coming to Earth like lady wisdom Rather than having themselves to outer darkness for

everyone. Note it seems to suggest here that there is a place for those who chose not to come to Earth which is not out of darkness.

Next repentant witnesses. These are poised upon the burning edge the edge of the burning mountain range at the end of all things who can see those confined two outer darkness. This is people who rebel against God at the end of the millennium etc. They stay here for 10,000 years. Their cross is consumed and they become an exotic landscape at the end of all things. They are saved by the Lord of spirits but don't get to be in his presence ever again. They never get the Celestial Kingdom full of Glory but they do get lower kingdoms of Glory. Dc76 says the telesto kingdom which is the lowest Kingdom of Glory will be by far the highest populated. They did not use the atonement of Christ in the second estate but paid for their sins on their own. The process of a toning for one's own sins is described as taking 10,000 years upon the burning mountain. At the edge of all things. They can progress but they will never make it to the Celestial Kingdom worlds without end says dc76 verse blank.

Next is those living on the earth which are not consumed by the Lord's coming

This is fifth is those in s h e o l. This is Hebrew for the spirit world. The spirit world is Spirit paradise and prison and the prison as hell. Enoch specifies hell as another place so when he talks about shell is must be referring to Spirit Paradise.

Sixth group hell. This is a temporary holding place, a place of decision, similar to those who are on the burning mountain. This is the last stop before outer darkness from whence there is no return. How is for people who reject God to be able to have a full awareness of what that entails before

a final destination is decided upon by the person.
Scriptures about endless torment refer to outer darkness.

Price goes to each of these as the DC state's reference. He gathers out the righteous. Those from hell and those from the burning mountain who follow him are delivered. But from outer darkness there is no Deliverance it is the great Alcatraz pit. Those who witness out of darkness on the side of the burning mountain some of them will not want to go there and they will go with Christ when he calls for them, but others will be drawn to that darkness and remain there forever. Resurrected beings who go to outer darkness do so to be rulers there because those with bodies all over those without.

Add a note to the Brandon vision about woe to those who give suck in those days. This scripture has always confused me because I can't imagine any time where having children is a negative thing, but this makes a lot of sense because it's a sad thing that the wicked we'll have to see their children parish or made trans into a zombie like state.

The author suggests that in the next cycle of the plan of happiness Christ moves up to be the father and we are his children by adoption we have thus gained a father and we will contribute Spirit children to his plan.

Note early Christ will move up and do these things. As to what our roles will be and whether those rules will ever change that I do not know. We do know that the resurrected will have the resurrection of the highest celestial will have Spirit offspring and be God's like Abraham Isaac and Jacob already are according to DC link blank, but whether we always contribute children to Christ's system or whether that is a temporary thing and we eventually have our own

systems or whether we directly go into our own systems these are questions not revealed to me. Of course when I say our own systems I don't mean completely independent I mean something akin to what Christ will be doing. My basic logic suggests that over time such would be the case though I do not know how, but the idea of progression never ending resonates with me.

When Christ takes the father's throne the father moves up but we still have continual access to him. We will be Celestial beings who come and go no more out.

Note the implications of going no more out are stirring and seem to indicate a permanent celestial Resurrection.

Ch. 15 His Arm is Outstretched Still

DC 133 verse 32 32 the lost 10 tribes arrive in the West. The Hopi prophecy aligns with this as well. This is the North American continent.

Phoenix sees six mountains of various oars o r e s. Six is the number that represents man. The number of the beast 666 indicates it is the number of a man. It indicates imperfection. Seven indicates perfection.

The number three is about progressing or fullness. Jonah is 3 days in the whale, Christ is 3 days in the Earth. The beast number 666 indicates the height of Man's power.

The oars are about various modern technologies etc. The mountain of iron represents power like in Nebuchadnezzar's dream that the iron kingdom was mightier

than all those that went before it.

We have iron chariots of our own now which are as Isaiah said without number.

The mountain of copper is about our ability to harness electricity.

Silver and gold represent wealth and mastery of microchips circuits. They are super conducting metals.

Soft metals like that are also important and even used in bombs.

Is six hours we're seeing in the west because of the industrial revolution there.

The angel told Enoch these medals would be used to make the Lord mighty in the Earth. This refers to how the Lord was able to use America and these last days. America was the first to master these six medals which made it the greatest Force for good the world has ever known. It was also a land with religious freedom where the gospel could be restored.

Enoch sees that Menard returns the might of men as represented by these metals will be shattered, America will be brought low, it has become corrupt and will be shattered like the iron legs of Nebuchadnezzar's mission vision

The Antichrist will rise to great power in America before the Lord returns

this is a good point about the Antichrist in America some have speculated that the Antichrist only impacts the Eastern world, not so

The miraculous ships of c h i t i m will bring destruction from God. They are whirlwind which will Purge the West.

Those who tried to come to the refuge of America which has been purified by this point those trying to come across the waters will find that they cannot and it is only the righteous who can go there.

The wicked will not know about the American refuge, all they know is that the righteous disappeared with the spaceships.

The marvelous work on a wonder will be the refuge of America after his plans after it is cleansed. And bringing the righteous to it.

Great wars ensue among the wicked This Time and the wicked are cut off from the Earth

(I think this is still ch 15 material)

The wicked will be cut off from the earth forever, the earth becomes a place of righteousness where the wicked cannot be.

Anytime versus 11 and 12 speaks of a group this is Enoch chapter 10 verse 11 and 12 speaks of a group or bound for 70 generations until the final judgment that lasts forever and ever. They are the watchers who gave weapons to people in the ancient times. According to Enoch after 70 generations these watchers will return and give their terrible gifts to mankind again that will bring about their own demise.

Enoch 53 confirms that the watchers will be on the earth in

the last days. They're described as the hosts of azazel. Remember the Lord ascribed all the ancient all the sins of the ancient world 2 this Azazel and he was bound . Then the world would be free from the watchers influence for 70 generations.

We will see the mighty Walters return.

They were worshiped as Gods before the flood and they will be worshiped as Gods again.

Satan will be unbound from the prison planet and he will join the lady wisdom to go around the cosmos corrupting people the way it's war against Israel and Jerusalem.

Note this is a big idea that Satan goes together people from various worlds to attack us here on this one but it is plausible since the scripture does say Satan will be loosed and the scripture does say that people from elsewhere have been for us and against us in the past

Eventually the archangels take and cast these rebels into the pit and Earth is cleanse by a baptism of fire these things mirroring the times before the flood

Enoch speaks of the head of days as the one who destroyed people with the flood. Note this has stirring implications Enoch 54.

The author suggests that this passage of head of days does not refer to Adam but to God. No the author here speculates beyond the plane meetings of the book.

Even at the great and dreadful day the Lord does not begin with wholesale destruction. It sends for the 5 month torment

prequel opportunity to try and turn people from sin see rev 9.
But the people reject it.

The Waters will separate people so they can't come to
America see DC 61?

But many will be brought here. They will think people being
brought here were abducted by aliens that's the only
explanation they have.

History of will repeat itself. Then with the times before the
flood the watchers came they were seen as angels and gods
they brought new weapons.

They were banished but after 70 generations they would
return.

Enoch gives this order of events, the watchers proceed the
return of the 10 tribes.

Watchers give the kings of the earth great weapons and a
great deception happens.

But this won't last for long because the Lord causes the
house of his congregation to appear, which means the 10
tribes return and destroy the wicked so that the New
Jerusalem can descend in America.

The watchers are described as the hosts of Azazel. They will
be on the Earth in the last days

Remember the Lord described the sins of the ancient world
to Azazel, and found him buried with sharp rocks for 70
generations.

There was a brief isolated return of the watchers after the
flood in the land of Canaan but the Lord dealt with them via
the House of Israel. It is a type of what we will see. We will

see them return.

After the flood the head of days says in vain have I destroyed all the flash on the earth. He says henceforth I will not do so and I will set a sign in the heaven. In a chapter 54:7 through chapter 55 verse 2.

Note here again the author claims that this reference to head of days refers to God the Father and not to Adam. This is a speculation of the author, it might refer to Adam indeed. Remember D and C reveals the ancient of days to be Adam. And head of days is another translation for ancient days. The author recognizes this and says when there are passages that look like God the Father is speaking and it is attributed to the head of days that these passages are using a fluid use of the title head of days. But I'm not so sure.

God does not begin the great and dreadful day with all out destruction. He sends a precursor 5 months of torment to reflect them and give them a chance to repent. See rev 9 also. As people reject this opportunity their next opportunity only comes at the burning mountain of fire.

The Lord will use the antichrist as the world's escape goat as he did with Azazel.

True change can only come when we feel the consequences of sin. God gives mercy all he can about the wicked and system needing more punishment before they will change.

The watchers themselves get cast into the pit and they never return. But they're followers don't get quite as harsh of a punishment they are sent to the valley and are eventually redeemed.

It is not an easy or quick experience for them. That would

take thousands of years.

It's a great liberation occurs in a single day. This aligns with the hopi prophecy.

A great noise will be heard by everyone around the world and they will fall and worship the Lord.

Nephi knows what's going on he's only allowed to say so much his real message is in the Isaiah chapter he transcribed.

Ch. 16 The Third Parable

You have to seek the blessings of Abraham by doing the works of Abraham. Just going through a temple ceremony doesn't mean those blessings are sealed upon you.

The outer gospel is what is spoken. The inner gospel is what is meant by it And is more about doing than hearing.

The mysteries of God are of great worth. The world does not know their value. Ana can tells us that there are worthless mysteries, the worthless mysteries are beyond the safety rails of the gospel. When you encounter anything contrary to the gospel quickly cast it aside. The devil influences everywhere today we must have great caution.

The mysteries of God are important. They are like flashes of lightning in the dark that briefly eliminate the sky and expose dangerous tornadoes location.

Element 16 verse 14 through 18 h e l a n. The people doubt the signs of the times they say the believers may have

guest right on a few things but not everything they claim will happen. They go on to flat out tonight the reasonability of Christ himself.

The message may sound like science fiction but it falls within the guide rails of the gospel for those were willing to do the work to check.

Ch. 17 Son of Man

The father and the son told Joseph Smith that all of the Christian creates at his day were abominations The reason is because they all had a false idea of the Godhead, The idea that they are three in one without a body etc.

You can't go into the kingdom of God with these beliefs because no one can be saved in ignorance. To worship God you must know God.

The identity of God is as much a mystery today to most of the world as it always has been.

Jesus referred to himself most often with the enochian title son of man. He uses it in the New testament over a dozen times.

People in and out of the church failed to recognize the original this title coming from the Book of Enoch.

The son of man went with the ancient of days.

The Book of Enoch for told that the son is man would replace Kings it says the son of man was hidden from the beginning and is revealed to the elect.

These things would not have been taught in the synagogues of Jesus' day he would have had to go seek that knowledge yourself. The mighty miracles of Jesus verified his proclamation that he was the son of man.

Notice also that the writings of the apostles also demonstrate great familiarity with the book of Enoch.

The Jews in power would have known that the title son of man meant son of God

Many copies of the Book of Enoch were found hidden away in caves in Israel. The powers that be didn't want those to be public because they vindicated Christ.

Knowledge is power, so those in positions of power seek to control the flow of knowledge.

12 sections in the D&C refer to the son of man
The following chapters will analyze these.

[Ch. 18 The Coming of the Son of Man, D&C 45](#)

This Revelation was received within days of Joseph finishing the translation of the book of Moses in the pearl and gate price which refers to Enoch.

In this section Christ calls himself the son of man and the god of Enoch.

The book of Enoch and this section refer to innumerable inhabitable earth-like planets.

Enoch refers to various classes of beings
More on that in volume three

Many of the Latter-day Saints believe in the supernatural origins of the restoration because of the faith of their fathers. If it were up to them to discover such truths they would probably reject them.

There's been the gentiles rose to power that the Jews would return to their Nation. (1950 thereabouts?)

The Book of Mormon says most of the gentiles reject the gospel like the Northern Kingdom of Israel did and will be destroyed.

Israel is restored as a nation in 1948. From that time there are people in that generation who will not die until there is a desolating scourge.

The scripture is clear there are those among the people who lived in 1948 that will live to see the second coming. At the time of the printing of this book they would be around 76.

Isaiah speaks of The condemned people who changed the ordinance and covenant this of course is referring to marriage which America has now defiled since 2015 and earlier.

Isis that after this covenant is broken the plagues come.

Dc45 says those who will stand when Lord comes those Will survive there are three elements they that are wise and have received the truth and have the Holy Spirit for their guide note in this I see three aspects first is wise this refers to the word of wisdom you have to be keeping this to not be to not succumb to the plague next is receive the truth this means in

the church the third thing is Holy Spirit as the guide this means you're being instructed by God and you're not falling prey to the deceptions

The seven still opens around your 2000 a half hour of silence occurs this is around 2020 in the Lord's time of a half hour being about 20 years this is the time 2020 is when Congress began frequently reporting that there are many trans medium crafts.

DC in multiple locations speaks of signs in the earth. This is different than signs on the earth it is specifically in the earth. Another passage in DC speaks of things we do not know of what you're taking place above on and in the Earth.

One possible interpretation of scripture is that the purifiers spoken of in the Hopi prophecy come from two locations one from above the Earth and one from inside the Earth

DC clearly says the 10 tribes will be assembled to this place as in America where this Revelation was received

Scripture says the most choice land of the Lord gets corrupted then the Lord sends his warriors to redeem it then the rest of the 10 tribes come and this event is miraculous more so than The parting of the Red Sea and in a similar manner he casts up a highway in the sea for their return

Scripture says that even notions will be redeemed after the Lord comes. Do not think that the Lord's coming is distant because not everyone in these nations has been preached to.. the heathen nations of course are the non-Christian Nations notes as several Latter-Day prophets have taught.

The Lord will reveal his secrets to His prophets but don't suppose he will reveal it over and over.
He has commanded us to study the things he has already revealed.

The w**** of Babylon will be replaced with a smaller but very powerful organization which promotes many lies.

You won't hear Isaiah expounded upon in general conference. You've got to figure this out and only when you do will you understand the true nature things

The ox lion eagle and man were symbols chosen by God because as Joseph Smith taught they did not originate on this Earth they came from elsewhere.

Moses 3:5 says God made man in heaven before putting him on Earth.

Thus we see life was not from did not originate on this Earth it was brought here.

Got asked is man upon the Earth? This indicates

DC 45 says soon there will be wars in our own lands gather out from the East and go to the West. This was before the Civil War and the Saints avoided the Civil War by moving West.

Note this may be a type of what we need to do to avoid the next Civil War as well. Indeed bring him for saw another civil war where only the Rocky mountain corridor would be safe.

Just like how the Israelites attempted to settle in Canaan, the Latter-day Saints attempted to settle in Missouri. In both of these instances the people drove them away. About 200 years later the Lord gave Israel back Canaan. And it's been about 200 years since we were chased out of Missouri. In 2031 it'll be 200 years since this prophecy was given. Just like how the Lord called on supernatural means to give back Canaan to Israel after 200 years, similarly the remnant of Jacob Oliver team Zion for the latter Day Saints probably 200 years from the time this revelation just like the Israelites.

Either 13:3 and Revelation 20:2? Said the New Jerusalem will descend from heaven. The city center will. And Book of Mormon says the relative Jacob will be the principal builders of New Jersey and the gentiles can help if they want.

The saints were supposed to not be telling everybody about the revelations of what was destined for them in Missouri but they broadcasted these things anyway and this brought down persecution upon them and drove them out.

Joseph died 14 years after the church was established. It made great progress in that time. There was a revelation that if Joseph lived into his 80s he would see the Lord etc, so if he would have led the church for another 50 years the church probably could have made that progress to where they would have been with the Lord. But it was not so.

One good lesson from this is that the influence of one man can greatly change things. This encourages us to labor diligently to influence people for Zion.

Ch. 19 Holy Men We Know Not Of D&C 49

2034 is 2,000 years from when Jesus visited the Nephites. If you consider that time as the time of the Lord's return, in other words midnight, the time this dc49 Revelation was given would be 6:00 p.m.. and today would be 11:54.

Note I need to pin down a little better what he's talking about here I think it's one year per minute.

This section debunking ideas of the Shakers has meetings for us about the true coming of the Lord.

Scripture refers to how I run into her pant except this group of only people that we know not of.

These must be the purifiers who will purify the world to get ready for jesus's return.

They're part of a larger group, they are the warriors that will proceed the larger group that will come later.

Scripture says take my young man my middle-aged who are the strength of my house and go straight way to the land of my vineyard and redeem my vineyard so that by and by I may come with the residue of my house 101:55-56 and 58 taste it.

Note the author sees this Force as people from City of enoch. It could also be that they are people here, faithful church members who do this work, or at least participate in it.

The healthy Hopi prophecy speaks of two forces that participate in this redemption. One of them are practice posterity of the Germans. Remember thousands of Germans Germany's top scientists and their families disappearing after world War II. Remember Maria orsic and the vril society. Remember survivors on u-boats reported secret Nazi base in Antarctica was taking over by a powerful Nation of which the world knows little.

Admiral Byrd and operation high jump reported finding this event civilization in Antarctica. His son was killed on the way to a speaking engagement about this after publishing his father's diary.

That some of these people are led by John is revealed in the DNC.

We read that one of these groups comes out of the Earth and stings people like scorpions.

They torment 5 months. 5 months is also the amount of time that led up to the Egyptian Exodus.

The host rising up from the earth is reminiscent of Admiral birds diary and the account in the book The Smoky God.

There are also scripture passages indicating people living in the Earth.

Dc88 verse 104 paste

According to the Book of Revelation after this 5 months of purifiers another house survives. Another post arrives. Post h o s t arrives

Revelation says by these was the third part of man killed by fire

Revelation says a third part of men. This is different than saying killing 1/3 of people. It likely means purging one third of the area inhabited by mankind.

North and South America represent 1/3 part of the kingdoms of men.

1/3 of the inhabitable area.

The Lord said the purging of the last days will begin at his house and spread from there.

Prophecy of the Lord's vineyard indicates that the wicked will not be destroyed all at once.

The Shakers believed the second coming had already happened via a woman then living and Lee. The movement of the Shakers died out within a few decades so this regulation was really a type to point towards something in the future. It is a warning against a deception coming by a divine feminine figure.

The one I'm seeing in the sky in Revelation 12 is considered to be the church. But consider also that she may be a type of Israel because she gives birth Christ. Consider how she is in the sky not on the Earth, this could indicate that a large portion of the House of Israel is taken to the cosmos and is not on the earth.

The woman in the sky was pregnant, this could indicate that most of Israel was already taken away from the earth even before Christ was born, such as Enoch's people and the people of the Lost tribes.

Jeremiah 30 verse 23 through 33 and chapter 31:1-9

The trials of the last days begin in America where people profess to know his name but didn't know him.

When The vineyard is cleansed Israel will emerge in one day.

DC101 the warriors come first and Purge The vineyard then the rest come.

The returning of lost fragments of Earth will cause it to shake more than ever

At their return the polar ice will be dissolved and slow down as Rivers at their feet

The cities of the gentiles will be reinhabited by those willing to serve the Lord

Springs will make uninhabitable places in the world inhabitable

When the 10 tribes are turned they come to the children of Ephraim who are still at that time dwelling in the everlasting hills

AC 133 verse 26 through 34

The church flourishes in the hills. This indicates growth of the Utah area all their temples there and the wealth the church has accumulated.

Utah has always been a temporary place of refuge. It will not be the center place, Missouri will be.

Either 13:8 America is the promised Land
For the house of Joseph.

A mysterious Northern land called Thule by the ancients was
lifted up with Germanic people of the Lost tribes.

The native Americans are not yet prosperous people but they
will wake up to the office size prophecies of their fathers and
become legendary for their righteousness again

The righteous will be gathered physically to the New
Jerusalem. It won't always just be a spiritual gathering like
we see now.

Thus far we have seen fishers of Men they catch the fish and
release to let them thrive in the gospel where they are. But
this will change to where the hunters are sent out to gather
people.

[Ch. 20 Laying the Cornerstone D&C 58](#)

Good people don't know the doctrines of the church just
because they are good, it takes time and effort. We see
Joseph also learned line upon line. He learned because he
kept trying to learn. It can take years for those who are
seeking to find. And those who do not seek will never find.

When people don't understand something they think it's not
important for them to understand. This is why the Lord says
the church is under condemnation for taking lightly the
things they have received.

Abraham wondered how he would possess the land as God promised now he was getting old. In the 1st of Genesis 15 the Lord told him even if he dies he will possess the land because death is not the end and life comes again in the resurrection. Similarly early Saints who long before Zion in Missouri will still have that promise as the Lord says, in Life or in death.

One key that the time wasn't right for the early Saints to inherit Zion Missouri was that the Jews were not gathered yet, that would not happen for about a hundred years later in 1948. And now that this has happened to the generation has come to indeed inherit Zion Missouri.

The close reading of the revelations shows that God didn't intend them to permanently have Missouri yet but they were not able to see this at the time, as a close reading of the passages now reveals.

Daniel 12:1 the tribulation of the last days will be harder than anything that's ever happened.

Ezra sees a mysterious man come from the water whose life is extended he was over a large host. The people are terrified of him. He burned up those who tried to fight him. Second ezdras chapter 13 verse 5 through 11. Paste
People tried to destroy this guy but he destroyed those wicked people.

This is the return of the remnant of Jacob to cleanse America.

A flying mountain is involved. a Heavenly Host arrived on a flying mountain.

We have read about living to the age of a tree. Enoch clarifies this by saying people will live to the age of his

father's, that's hundreds of years. Some of them over 900. When the millennium comes in our bodies will be renewed and we will still be able to have children all those years. direct and lineal offspring one's posterity will be in a millions. These people going to heaven not bringing just a few but a massive number of people.

Note this is Shirley the key way to fulfill the parable of the talents and to fulfill the scriptural mandate in DC 19 that says you'll have great joy if you bring a soul but extremely great joy if you bring many.

DC says God wants people to be anxiously engaged, this means he doesn't just want mindless robots as followers. God says those who only do what their commanded to do are damned in other words they have no forward motion. Abraham was a good example of this, he did not let others get in his way in his pursuit of righteousness. He is now a God on a throne as DC attests. Ref
Remember great things come from small simple means so don't procrastinate doing little things right now to make progress.

God doesn't prevent us from all injury. He teaches Greg's principles gives counsel and lets us choose our own adventures.

DC 58 versus 44 through 49 and 64 through 65.

We were to quietly purchase land in Missouri and work elsewhere. He told them they wouldn't be receiving an inheritance in Jackson county for many years.

Dc45 versus 42 through 43? The Lord wanted the Saints to work discretely in Missouri not to publish what they were doing

The Lord didn't tell all the saints to hurry go gather to Missouri but they heard Zion would be in Missouri so there they went. This threw off things. The Saints failed to see in the revelation how they would first prosper in the mountains before in Zion.

In 1834 Joseph told the Saints in Kirtland That the Saints would stay there until the coming of Christ. That the son of man would come to them while in the Rocky mountains. April 8th 1898 conference report.

Brigham said Joseph would have taken the Saints to the Rocky mountains but he didn't know how to do it yet. They lack the resources to do this expensive journey with the recent failure of the bank and the persecution in Missouri etc.

When the saints prematurely went to Missouri the resulted in the missourians panicking about the many Saints coming there and the governor boggs issuing the extermination order slaughtering many of the saints. Between this and a failure of the safety Bank in the church many left the church claiming Joseph and the Lord for their problems when in reality those problems came from disregarding the council of the Lord (and Joseph).

This is the only time in history when the church was actually shrinking.

Joseph saw in vision the beautiful Rocky mountains and the Saints who would go there at Great peril with many dying on the way and he saw that the priesthood would remain.

The Lord lets us do what we want to do as evidenced by these Saints in their early return to Missouri etc. But we will

suffer much less when we do things the Lord's way.

15 years after the Lord revealed that the Saints would flourish in the Rocky mountains they actually made the trip. And also according to Joseph's revelation, there they will remain until the second coming.

Ch. 21 The Destroyer D&C 61

William Phelps saw a destroyer riding upon the waters. Others heard the noise but did not see it. It was on the Missouri River.

The Lord rebuked the elders for not preaching the gospel along their journey on the river.

In the beginning the Lord bless the waters and curse the land. In the end now the Lord has cursed the waters and he will bless the land.

No one will be able to reach the American Zion except the honest in heart because of the troubled Waters

John and the lost tribes will serve as the Lord's destroying angels to burn the wicked.

Note there are also visions of a comet coming to cause the fires of the millennium, perhaps these are associated together.

The destroyer that will ride upon the waters is not Satan it will be the remnant of Jacob.

God said he has created the waster to destroy.

God says that worked my battle ax with whom I will break in pieces the Nations Jeremiah 51:19-?

This is John and the Lost tribes

The fifth angel has the seal over the Lost tribes. Who tells the other four angels to hold off the destruction until the servants of God are sealed. It says this is Elias who was to gather the tribes of Israel and restore all things dc77:9.

Notice Joseph Smith does not fit this description. Consider John the Baptist who was the forerunner to Christ. Consider Joseph Smith is not contemporaneous with the return of Christ but lived several hundred years prior.

John eats a little book it meant it was a mission for him to gather the tribes of Israel. This is Elias who is coming to restore all things. Dc77 verse 14

Notice this is clearly about John and John is the alliance of the last days. e l i a s of the last days

John restores all things and he oversees the destruction of the purification of Zion.

This is the task described of the scorpion etc

John is the one who commands the waters to be disturbed to not allow unauthorized people to come to America after it is cleansed

The rivers near Missouri well likely play a part in the cleansing of the land

DC 61 further explains people be moved upon by the spirit to go to Zion Missouri by way of tent.

Don't go to Missouri out of fear only go if the spirit tells you to

If you can listen to the spirit you'll have power over the elements.

When the situation is dire the Saints will perform exploits and save thousands

Dc58 refers to those who survive the tribulations as more blessed than anyone ever.

It also includes the phrase in Life or in death.

Dc61 is the other place in scripture which refers to in Life or in death.

The Lord told the early Saints that he is coming in an hour they think not. They thought he was coming right then but it wasn't the time appointed yet (and it is now)

[Ch. 22 Astounding D&C 63](#)

God doesn't show signs to those with whom he is angry.

The Lord rebukes sexual impurity in this section. We are living in the era of the world era most steeped in this sin. This section is directed at the same who are seeing the signs, us.

The Lord says you are not justified in these things just because they are among you.

Note president Hinckley had to rebuke some BYU professors who were advocating the use of pornography to stimulate marital intimacy.

Just because other people are doing these sins does not mean it's okay.

God doesn't just tell us everything plainly because his goal isn't to get us to avoid all pain. But there is blessings for the wise who seek to understand him.

Jesus was asked why he speaks in parables. The answer he gave is that it is because his audience had not received the mysteries.

Matthew 13:10-13

There are layers to the Lord's teachings.

The Lord said don't go to Zion in haste. He said purchase the land so people don't get upset.

Much of the land of the Saints had in Missouri was based on loan rather than outright purchase. This is not how God told them to do things.

Isaiah 13 goes with this

Sign would not be redeemed until the Lord cleansed it

And the Saints would go to the mountains

Less than 20 saints were killed by the mobs in Missouri, but 13,000 missourians were killed in the Civil War.

Civil war broke out less than 15 years after the Saints led to the West to the Rocky mountains.

He suggests the highway in the deep is from space.

This section made it clear that the Saints would not inherit Zion in their lifetimes but that they would get an inheritance there in the future.

Throughout the cosmos there are societies where gods and mortals mix in common ways.

The city of Zion will be like this. The righteous dead will

rise and live among their mortal posterity. These righteous resurrected will not be Angels but will be Gods like Abraham. The city of Zion will be a city of Gods and Men.

The author claims that people from all over space will come seeking an inheritance in Zion on this world. Note maybe there are some worlds which don't make it this far and the righteous from those worlds need to flee to another one? Aside from this I don't see why people from other worlds would need to come to this one for an inheritance.

The scripture he uses for this claim is the one about the city of Enoch coming to join again with us here on this world as the city of man is currently not on this world. This is clear and true, and if all he is indicating is that the people from fragments of this world will come back that is easy to understand and accept.

The scripture also tells Enoch that Zion will be on this Earth from out of all his creations. This could imply a larger cosmic scale and role of this world.

None of those who make it into the millennium will be lost. Death in the millennium is an immediate change into Resurrection.

I will send my angels to cast out the wicked. This refers to John and the other four angels that represent the Lost tribes return. 63 verse 54.

If it takes effort to read about the mysteries they won't do it. So writing about these things is no problem. People who read these things and then try to share them won't be believed. Only those who seek will find.

DC 64, 65, 68 this is chapter 23 3 and 1

In multiple locations the Lord connects tithing with temporal salvation in the last days

Scripture says Christ the gospel to every creature. Currently we don't know of any creatures intelligent enough to meet the gospel. But maybe they're out there somewhere.

Consider the seraphim which are apparently being least beasts of intelligence.

The scripture says signs will follow those who have faith. This doesn't just mean miracles. It can mean signs as in indicators of direction.

On his trip to Jerusalem shopkeepers recognized who was and who was not Muslim and who were the Latter-day Saints.

The shopkeepers had replicas of Joseph Smith etc for the Latter-day Saints.

[Ch. 23 Three in One \(covers 3 D&C sections which?\)](#)

(No notes on this chapter, double check)

[Ch. 24 Kingdoms of Glory](#)

The scripture says the Lord is God and beside him there is no savior.

The author indicates that this passage must be for multiple

worlds. Note I don't see that in the passage but perhaps. What scale is being spoken of is unknown.

John chapter 1 also points out all things made were made by Jesus.

Note again what is the scale? We know very plainly from the revelations that words like eternal don't necessarily mean a duration of time that has no end but rather describe the quality of something. So I'm not so confident that a word like all necessarily refers to every planet everywhere. The word all could refer to everything of this world. It could also refer to everything in this solar system whatever scale is being referred to we don't really know.

John 1 does give an important caveat it says all things that were made were made by him. This indicates that there were things made before this iteration cycle of creation which were not made by him. Note this is good logic.

The author believes that everything our telescopes can see are mortal creations of the lower order.

Note I have often wondered and with supporting evidence whether bright fiery sons are higher kingdoms maybe even Celestial kingdoms. I don't know.

the author specifically expresses his disliking of the idea that God that Jesus is over this galaxy and not others. Note however several have pointed out various evidences for this and I consider it a real possibility.

A few of the arguments in favor of Jesus saving the Galaxy are for one that Brigham Young said the sun revolves around co-op, and we understand the sun revolves around the Galaxy center.

Also the number of stars in the Milky Way is so vast they could reasonably be called endless, particularly in light of modern Revelation that says words like eternal as used in Scripture describe quality rather than quantity.

And consider our doctrine that there is no end to exalted gods. Joseph Fielding Smith points out how there must be ruling deities in every star system.

We can also see that galaxies are quite separate from other galaxies like different paintings in a gallery of space.

The limits to this theory of course are that we really don't know. The sovereignty of Christ could be bigger or smaller than the Galaxy and still fit the description of worlds without end.

Remember also that the creation accounts in the scriptures we are told in the world that these accounts are specifically about our world and they're about, not about all things created everywhere. We do not believe that everything was created at once.

We know the 7 days of creation were 1,000 year periods as described in multiple scriptures of the restoration, so there is the possibility that during this 7,000 year creation quite a number of things were made.

The author points out that God knew that we would have telescopes shortly after the time of this revelation dc76 which would reveal that there are not only worlds without number but galaxies without number. The author reasons that the Revelation therefore indicates God as greater of the whole visible universe.

Note - again this is not our only possible interpretation. God could have been revealing to them based on their knowledge of that time. More Revelations will be given adapted to the understanding of the Saints as they are righteous.

There are clearly things about the true history of our world which have been hidden from mainstream academics.

The author repeats his theory that there is no savior in the visible universe besides Christ for this iteration of the plan of salvation. And that our Heavenly parents are the sons of heavenly father they are exalted beings in heaven and they play on our behalf too heavenly father. That are our heavenly father is who their savior was and they are now the children of that God similarly to how we are the children of Christ through covenant, Christ being the father or creator of the resurrected Celestial bodies of the righteous.

Notes again this is not the only way to view the plan of salvation. There are possibilities in his theory. I prefer as to most members of the church the idea the doctrine that heavenly father is our direct father. Surely there are mysteries in this thing which are not fully known at least not to me. I prefer also the doctrine that since space is so big there can easily be multiple gods and multiple saviors in the vast expansion space expanse of space. I also prefer the doctrine that eventually through experience we will become just as God is, not just inferior. God will always be our god, but we can become as he is in the full sense. This contrast the theory of the author which is that there is a race of saviors which will always be the ruling gods of which we are always side from.

There is a second anointing that involves the Washington State by one in authority for a man and his spouse. Washing of feet not Washington State. Note I speculate that the women's feet are washed by the man after the man's feet are washed by another in authority. That's what mirror but takes place in the representation of endowment for a couple to be married.

The abrahamic covenant before Abraham was had by Melchizedek and before Melchizedek was had by Enoch. It could be referred to by various names. It is about those who seek God.

DC says those who become gods will be a part of the innumerable angels that surround Christ in a second coming in the second coming.

After death in the spirit world the veil is not yet completely gone, faith is still required, people will still have diverse beliefs.

The church will be present there.

(It is not until the judgment and resurrection that we remember all.)

The terrestrial or middle Kingdom is for those who stand up for convenient truths but not hidden truths like the true nature of Christ.

These are people who are not willing to risk offending the world.

They may have had a witness of the truth but left it because of opinions of friends.

One's Glory can be turned down to accommodate lower orders, but it can never be turned up above beyond what they qualify for. This is relates to how people can travel to equal or lesser kingdoms but not to hire than what they qualify for.

The author suggests that due to the ability of a glorified person to turn down their glory to be around those of lower kingdoms, that there would be certain planets where people of all three kingdoms intermingle.

Note I will say that sounds rather odd.

We have scriptures about who ministers to which kingdoms, I doubt it's a free for all. For example, those of the lower Kingdom really wouldn't enjoy the company of those of the higher. Rather, the higher kingdoms minister to the lower kingdoms next to them. The author emphasizes his hope that beings from the highest could go anywhere they want including the lowest. I suppose to some extent this is clearly true, but we have seen how lower folks reject higher folks and our only ready for a little bit more than what they have, not a whole lot more. So the ministry of the next highest Kingdom should suffice. For Scott can go around and take a look at things maybe even have some interaction with people in all sorts of kingdoms, but I figure the main interactions are with those of the same Kingdom and one higher.

Those who reject the help of God and pay for their own sins, the telestial, can never become celestial. Being celestial is about God making you into something more than you could ever make of yourself.

The author points out that the prohibition for never coming where the father and the son are is something spoken of those of the celestial Kingdom. The author points out that this prohibition is not said of those in the middle or terrestrial Kingdom, therefore the author speculates that through time etc those of the terrestrial could advance to celestial.

Note- we are speculating about advancing kingdoms, there are various possibilities. Typical thinking in the church is that none of these are possible. If they are the time frame in which such would happen would really be vast, as the final judgment of this Earth waits a whole 7,000 years of creation and 7,000 years of temporal existence.

No te I have heard of a theory that when this Earth becomes Celestial the children we have here, it will be their premortal existence, and they will go on to an earth from there. Where would this Earth be? Perhaps it's close as the sun is to this earth? Perhaps on a world of this solar system? Perhaps the sun is the celestial world from which we came.

Perhaps celestialized worlds become Stars, those bright fiery wonders.

Perhaps the temporal 7,000 year. Of this Earth is the time when the 7000 year creation of another nearby is occurring.

Ch. 25 The House of God, D&C 109

Chapter 25 the house of God dc109

Take responsibility for your own spiritual education. Got information from the best books.

The come follow me manual when IT addresses Isaiah it is clear and its message that if you want to understand Isaiah it won't be from that manual.

In the temple dedication recorded in this section Joseph Smith associates Temple worship with learning by faith and seeking learning from the best books. Most of the authors writings were from the time period in his life where he was an ordinance worker in the temple.

Temple sealers are encouraged to answer gospel questions, a

great resource to discuss things.

Elder bednar says it is not the responsibility of the church to teach the Saints everything they need to know.

The dedicatory prayer in this section asks God to help the Saints understand the doctors of the last days doctrines of the last days

Nephi says he included the writings of Isaiah in his book specifically to help the Saints in the last days

2 Nephi 25 verse 8

Jesus said Isaiah spoke of all things. If you understand Isaiah you understand what's in the sealed portion of the Book of Mormon.

ether for verse 13 through 17. Scripture says much knowledge is hidden because of unbelief Says when we do believe these things will be shown us including the writings of John

For every one member of the church there are 80 catholics. Yet the Catholic Church had an annual deficit in the millions. Whereas the Latter-Day Saints have an annual surplus in billions annually.

Many respect the church for its resources not for its doctrine.

The celestial obtain as dc76 says equal might and glory and power as God. Note to me this is not sound like the line of Sayers Theory it sounds like complete ones with God This note goes with the prior chapter I think on the plan of

salvation dc76
now going back to 25

This dedicatory prayer speaks of the early days of the church but it's also a symbol of the latter days of Our Time. In Early Times many converts from Europe came to join the church in America. Similarly all of the righteous will be gathered out of Europe and brought to America in the last days.

This Kirtland Temple prayer dedication has things which would be fulfilled in our time not theirs. It is very interesting that the church has regained the Kirtland Temple recently and this is a sign that the things in this section are about to be fulfilled!

The saints were not to receive their inheritance in Zion for a long time and now that time has come we are the generation that will receive that inheritance. Yet Utah will not be completely abandoned many will still flow there.

Scriptures identify to remnants one that flourishes in the wilderness and another that is the Limonite s

He also spoke of dc49 verse 8 a holy people we know not of The author suggests that this is the people flourishing in the wilderness

Missionaries in the church are gathering the scattered Israel but there are other parts of Israel that the Lord is gathering and they will be restored for the great and dreadful day and this will shock the world

This section talks about a pressure against the church being overcome and the gathering taking place

A prophet is not without honor but in his hometown. This means it's hard for people who are acquainted with the daily shortcomings and weaknesses of a prophet to believe in his inspiration.

Yes bad things to happen to good show good people.

The death of a single child can be enough to break up a marriage consider Joseph and Emma lost six of their 11 children. And the revelations brought much persecution to their family. I'm up to not handle the doctrine of polygamy.

Hiram could tell the doctrine was stressing Joseph's marriage to the breaking point. He wanted to help. He asked Joseph to dictate the revelation said he would present it to Emma and convince her of it. Joseph said you don't know Emma like I do. So Hiram presented dc-132 to Emma and return and told Joseph he had never been scolded so hard in his life . Joseph said I told you you don't know Emma like I do.

The dedicatory prayer includes petition for Joseph's family etc.

Emma and other dissenters did not go on the Exodus to Utah.

I have heard an interesting Theory from Morgan philpot about Emma being a type of the church in the last days, today many reject the church because of polygamy and children of many families in the church are going straight etc etc Joseph is a type of God and Emma is a type of the church. The church is not adhering to God and the result is that the children are being lost

Another critical aspect of this parallel is that the church will

split in the last days and many will not go on the end time Exodus just like how it happened under the leadership of Brigham Young where some did not join!

The polygamy deniers of the early church left the church and made their own r LDS Church. Nope how polygamy deniers are doing the same today! To be clear it is obvious that the church today does not practice polygamy but those who deny that Joseph righteously practiced polygamy are leaving church now.

The Lord will be merciful to emma. Her dying words were Joseph.

[Ch. 26 There Will Be Trials](#)

Joseph was put in jail on charges of treason

note the Saints of the end of times probably persecuted for similar reasons trumped up charges of extremism and treason and disloyalty to the government.

[Ch. 27 The Saints of Ramus](#)

Chapter 27 the Saints at Ramos DC 1:30 and 131

The Saints here were particularly close to Joseph and he could teach them more freely than the general public of the saints

DC 1:30 verse 4-5 time is based on the orbit of the sphere you reside on. And the only Angels who minister to this world are those who have or will reside on it.

Compare with Abraham 3 verse 5 through 16. Check his claim that this scripture indicates that all mortal worlds are planets that revolve around Stars. It makes sense of course.

Joseph talks that one of the primary reasons a person would be translated is to minister to other worlds.

We also have Joseph's teaching that the Angels who Minister here are people who have been or will be living on this earth..

Joseph was told that you would see the Lord if he lived to 85. He got done a lot in the church and if he would have lived that long the church could have been ready for the Lord. Joseph was the greatest seer the world has ever known. But God knew it was not meant to be and that others had to come before the winding up scenes.

The job of the church is to administer the ordinances. The job of understanding the ordinances is on us.

Numbers 11 Moses wanted all the people to be Prophets prophesying in the spirit of the Lord. This demonstrates that we shouldn't be relying on the brethren to figure everything out and tell us everything.

The author expresses his fear that before we will contemplate the cosmos the cosmos will come to us. He affirms that we are not ready for the Lord's return, that we are as ready for it as the Jews were ready for the first coming of Christ.

The law of the Celestial Kingdom is to fulfill the measure of one's creation by keeping the commandments all of this is

possible by receiving personal revelation. You might say that the law of the Celestial Kingdom is the law of personal revelation.

Cholesterol people stop at nothing to get what they want the satisfy they are lusts

DC 1:30 and 131 both are from Joseph's teachings to the Saints at Ramos

The Bible dictionary says the principle of Revelation is the principle of salvation

this goes with Joseph Smith teaching that no man can be saved in ignorance DC 131 verse 6

You're not going to be surprised to find out that you're saved. If you don't know whether you are saved you are not saved. You'll know when you've received the second anointing with the washing of feet.

DC 1:30 verse 3 and the Book of Revelation show that the spirit of Revelation is the spirit of Christ of the testimony of Christ

It's not correct to say a spirit does not have a body. They do have bodies but they are organized differently than ours. Joseph taught that all spirit is matter but it is more fine.

Physical matter is bound by the speed of light but quantum or subatomic matter is not.

For some reason we do not fully understand we cannot have a fullness of joy without the spiritual and the temporal

intertwined.

Without the spirit being in the physical body.

There are other teachings from Joseph to the Saints at Ramos which we're not included in the DNC perhaps because they appeared too strange.

Chapter 28 the ramifications of Ramos

Joseph taught about the beast in the Book of Revelation in his teachings to the Saints at Ramos but it is not included in the DC.

Tpjs p287

Joseph Smith verified that the beasts in the Book of Daniel represent kingdoms.

Joseph said John the revelator thought of things in the future. The author points out that yes most of the seals talk about things in the past but there's also a fulfillment of all of them in the last days.

Joseph said the beasts with John saw will devour the inhabitants of the Earth in days to come. 287 through 294 tpjs

Thus we see there will be multiple beasts devouring the Earth's inhabitants in the last days

Joseph said the passage about the beast should be read as an image of the beast. This is not in the jst of this passage but he taught it nonetheless.

Joseph said that the beast which rose up out of the sea should

be translated as the image of a beast. The image or figure of a beast. Joseph says whenever Daniel is talking about a beast it should say an image not a beast.

But John's teachings about the beast are an actual beast according to Joseph.

287 through 284 tpjs

Joseph said John the revelator saw actual beasts switched dwell in the heavens which are not to be confused with the image of beasts which other prophets saw

Joseph said when it comes to John's writings in the part about the beast rising up out of the sea in that occasion it should have said the image of a beast as that one was not an actual beast but a representation of kingdoms of the machinations of the last days, the product of Ezra's eagle.

287 through 294 tpjs

Joseph said the individual beast is a creature that lives in heaven that dwells separate and apart from the human race

No the author seems to mistakenly say 287 through 284 when it's really 287 through 294

Thus we see Joseph taught there are non-human highly intelligent entities that will come to the Earth in the last days and subject humanity to their rule.

John C's a leader of the Ezra's eagle Kingdom who is seriously brought back after a deadly wound.

Revelation 13 verse 3 through 5 jst the people worship the beast he speaks great blasphemies

Thus we see a beast who gets a head wound and recovers. And a dragon who is Satan who gives this beast power. The kingdom given to the beast is the kingdom of Ezra's eagle.

Joseph Smith makes it plain that the beast does not represent the kingdoms of the world because all the kingdoms of the world Wonder at the beast so they can't be the same thing.

287 through 294 tpjs

Thus we see the beast will be an actual entity.

Joseph goes on to say that there are many beasts of all different kinds saved from many worlds and that we believe in the salvation of beasts.

There are many intelligent creatures throughout the cosmos who are not made in the image of God.

General Jeremiah claims to have captured a large reptilian creature of great intelligence and have interviewed it. General Galcotry. And that his people were trying to limit the spread of Christianity.

Dr Steven Greer has found many witnesses and information about supernatural occurrences UFOs etc.

Dr. Steven Greer said a group in the US is preparing for disclosure that it is a breakaway group from a the Mormon corporate empire
(The author here States this means they have the religious context to understand these things. Now back to Greer.)
that this breakaway group has reached full functionality on an anti-gravity interdimensional

Device. The intelligence community just had a meeting in the Cheyenne mountain to discuss their achievements. The meeting was to discuss a go or no go disclosure. Some powerful people want to use this technology to stage an end of the world event. They tested something the size of a basketball and when it was hit with the right frequency at levitated. It then opened a portal into a lower dimension and all kinds of monstrous creatures started coming through the portal and into the lab. The Mormons filmed it. Senior officials from the NSA and CIA told him about this as soon as it happened.

The Cheyenne mountain group wants to stage this technology as a return of Christ event. Now this technology of these portals has been weaponized into other dimensions. The NSA and CIA told him that a man has this technology in his hands who claims to be the savior of this galaxy.

This is from Dr Steven Greer May 12th 2018 part two close encounters of the 5th kind YouTube video minute 52:30 to minute 57.

Note if there's any truth to this account it strongly suggests the one savior per Galaxy Theory, even though the Messiah figure spoken of must be Lucifer, Lucifer is trying to poise himself as the Messiah in place of the true Christ, which indicates the true Christ is the Messiah of the Galaxy!

Ch. 28 The Ramifications of Ramus (Beast Creatures, etc.)

Min30 ramifications (is before min 30 relevant or missing or in the prior ch notes??)

Greer is no liar. He said he had these conversations and he did.

Greer says there is an underground base in Utah which is the most advanced on the planet.

He said there's a breakaway group from the Mormon corporate empire who has more authority in that facility than the president of the United States. The author asks career about this group and Greer said he couldn't talk about it.

They can put together from these accounts that there are people who have knowledge of the restoration and knowledge of super high technology.

I know 11:30 the ships of chicken come against the antichrist ships of c h i t i m. Then the antichrist has indignation against the people of the Holy covenant. He returns and has intelligence with them that forsake the Holy covenant.

The author suggests that this break off group whatever it is has access to the funds of church funds of the church to fund their research and that the use of these funds, since the church is dealing with managing hundreds of billions, could be accessed without the knowledge of the church, similarly to how the Pentagon is unable to account for trillions of dollars.

January 1st 2024 their team reports of portals and monsters at a mall in Miami Florida. Videos showed hundreds of police officers surrounding the area. Independence people posted first-hand accounts of 8 to 10-foot creatures who were opening portals and stepping through them inside the mall. All mainstream news quickly denied this saying the police officers were called because of teenagers fighting with

sticks. Interestingly the Miami Mall has coordinates which are the inverted coordinates of the middle of Antarctica. We are aware of strange paranormal activity at Antarctica.

Notes in the videos you can see large numbers of people running away from the area screaming.

And the police came out and made a social media video where they said there were no aliens, this is just the thing that expect him to do if they were aliens if there were aliens.

36m

Anti Christ rules America The place of Ezra seagull after it's collapse for 42 months

The beast that gets the head wound is not a country it is a creature. He rules of the Antichrist for a Time.

The last 10 tribes return and they expel the beast and the antichrist from America.

While the first beast is recovering from the head wound a second piece with two horns. Again literal beasts.

Revelation 13 verse 13 through 15

An image of the beast that all the world worships is set up

The second beast that spoke like a dragon AKA Lucifer is in the opinion of the author the same as the image of the beast.

The false prophet is the Antichrist.

Three are mentioned the false prophet and the beast and the dragon.

The Antichrist can do miracles in the sight of the beast. In other words the Antichrist is subservient to the period and the beast is subservient to the dragon aka the image of the beast

Lucifer never had a body but the beast and the Antichrist create an image and it is possessed by Lucifer the dragon.

Perhaps the first beast offers himself up as a host for the second beast and this is why the second beast spoke with the voice of the dragon AKA Lucifer. It is a fact that Spirits can possess bodies that are not their own.

The beast from space probably wouldn't come alone.

Is evil beings get chased out of America and go to europe. Revelation 14 is about the 144,000. Before the beast is at the Apex of his power the ratchets are being gathered to America.

The evil ones such as the Antichrist and the beast will seek to finish the final solution which Hitler failed to do which is to get rid of all the Jews at the battle of Armageddon and of course the Messiah will come from heaven and save them with great wrath

Ch. 29 Supernatural (Don't Wait to Learn, We're Already Told to Seek)

Most members of the church think personal revelation is limited to what the prophets have already officially said.

That the profit is the ultimate gatekeeper for all understanding and learning.

That if the profits don't talk about certain things in general conference that we don't need to concern ourselves with them or that those things are unknowable.

This is a false religious Creed. Joseph Smith said he wants nothing to do with creeds like this.

It is a mistaken idea that only certain people can be taught by the Lord and everyone else has to depend on them to know what the Lord would have them understand.

President Nelson is teaching us urging us to stretch beyond our current ability to receive personal revelation.

President Nelson said for those who have eyes to see and ears to hear it is clear that the father and the son are giving away the secrets of the universe.

Knowledge does not have to be bottlenecked through the prophets in the form of the 12th.

The reason the true nature of the sun is hidden is because two few people are interested in learning of him from the father.

President John Taylor In the millennial star one talks about how if the Revelation how Revelation to one person is not Revelation to you how do you have to get your own revelation how you can't know God until God reveals it to that no one knows the Sun except those to whom the father has revealed it. Spoke of how in the last days the devil would be highly involved in literature etc that on our own we can't be competent enough to detect the delusion. That is beyond popes sitting in the temple as God. That one far greater than any Pope is soon to come for evil. The devil will take a

preeminent lead in politics religion etc in wars famines pestilences an earthquake thunderings and lightnings that mighty Kings will be constrained to Fall down and worship this evil one because his signs and wonders will be among all nations. Satan will be worshiped as God.

The prophets are limited to teaching repentance. President Nelson's doing all he can do which is to tell us to learn on our own via personal revelation from God.

The Lord has revealed what he will do to the prophets but we can get personal revelation that expounds upon these things and helps us understand them

Layman and Lemuel believe their father the prophet could receive Revelations but not themselves

If we as a church follow the council of the prophet we would not be as w o e f u l l y ignorant about these things as we are

Astonishingly many of the Saints don't even believe there will be an antichrist. They get their understanding of the scriptures from YouTube not from God.

How will Faith endure when the Antichrist rules with great power with supernatural feet not of this world and when Lucifer transforms himself into a tangible entity that is known and worshiped around the world?

We don't believe in the supernatural anymore we just believe in darwinianism

But God speaks and miracles happen the dead is raised water is turned into wine etc.

Why do we believe in these miracles but not in the miraculous Creation of the world? Why can't God command

the waters to separate from the land?

If the dead rise instantaneously at his command why wouldn't the elements do the same?

God is not found by the laws of science as we know them. The laws of science are such because God has dictated them to be so. God can manipulate and change these laws at his word. God's promises are the only true and immutable laws. The supernatural is the real Norm and the world of Newtonian physics is the facade that gives us from seeing things as they are. What did not was normal will come crashing down what you thought was normal

Notes he makes a great points about how at the church we have stopped believing in the creation and instead have adopted to the worldly Antichrist theory of evolution. It is true that God abides by law but it is also true that there are different levels of law for different kingdoms and that God has power in the highest beyond the laws of the lower kingdoms.

(is there more to this ch?)

Vol 3

note for later in bk - subtitle of the one chapter 'covenant dinosaur portals'
and the other chapter of classes of beings something on the living objects

Some of the Dead Sea scrolls with the Book of Enoch are still being withheld by the Jewish orthodoxy perhaps because they contain prophecies of the Messiah which go against their view As one person who was fired from the Dead seas project said

One of the Dead Sea scrolls about the messia says he would have red hair.

It is set of David that he was on a Rudy townsense which I was color to say means red hair.

There's a statue likely of Joseph agent with red hair and there's 12 tunes like it for the 12th tribes of Israel. Direction tombs.

Bring the Spanish Inquisition anyone with red hair was assumed to be a Jew I default.

There are many redheads in Jerusalem.

Joseph Smith talk to the son looks just like the father so he might have right here too. Red hair too.

Note interestingly in Michael's painting of Michelangelo's painting of God touching the finger of Adam there's an unnoticed figure to the side of God I'm a mature woman with red hair which must be his wife.

The opens are great but the capers it's thanks to them we have access to the Book of Eno. Directions the Ethiopians.

Moses married and he's a new opiate married an Ethiopian. Another connection of the Ethiopian church is that a woman of Ethiopia through Solomon had a grandson of David.

My sister love received a visitation when he cried out to his father and who was in the transit city in who came to visit him.

But there was aloha's alive at the translation of the City of unit but was asked to stay behind so the posterity of Phoenix would continue

The Book of Phoenix says when Noah was born he immediately praised God as a baby and was particularly bright.

It says his father lay Mac wondered if he was a son of the watchers Which is more indication that such was going on generally.

Our purpose on Earth is not to be shocked by God's power but to test our agency so when God gets involved in big ways to then big miracles it's usually to rescue his people from when Satan gets too powerful to study the art corrections steady

People from the past will return to Earth in the last days because the covenant land of ours is also there's

The book of Phoenix says the Giants being born for Giants and physical structure but their spiritual statue was the same as ever nose everyone else

The evil of our society is similar to that which in our Phoenix encountered we just haven't risen up to the occasion to get the blessings like Phoenix's city did

Even though groceries regular these days God's people recognize and reject it.

Phoenix know that his writings will come forth and be understood

Many are deceived not because God's profits are silent but because they are deaf dumb and blind

Just as the Lord reserved angels of people from this world to minister to the people before the destruction of the flood he has reserved angels to minister before the destruction by fire.

This concludes chapter 1 fragments of the book of Noah

Chapter 2 the heavens will shake

No I built the art He wasn't some week old man

We are in the same story as the great patriarchs It is a bleak moment where hope seems distant but all great stories have such moments

Scripture says we will see things in the last days in the heavens that will cause great fear

Jesus describes the heavens shaking from the perspective of man on earth. Phoenix describes it from the perspective of heaven looking down to earth.

The Book of ether says people who read these things won't believe them. Who else would he would be referring to other than the latter Day Saints?

It is mentioned that the visions of the brother of Jared will be

unfolded to us by revelation. Some people already know. God has revealed much through the prophets and we have to study it.

We have the opposite mistake of the Jews. The Jews rejected the living prophets favoring the writings of the dead. And today the latter-day Saints are only interested in what the living prophets are saying and ignore the important messages of the past.

The word of the Lord stands for all time.

The writings of the prophets are told to facilitate the revelatory process.

The table common people of the world will be shocked that they were wellfully blind having despised those who could have helped them.

The scripture says all who hark into the words of the prophets come to the Father.

And the way to know who is under the bondage of sin it says is by who doesn't come to God. Who's going to receive his voice I'm not of him and are not acquainted with him. Sanity and unbelief I've brought the whole church under condemnation says the scripture. DC 84 47 through 56?

People who try to get taught by the father or called a cult and are mocked. But when the heavens shake they will fall in the earth and fear.

Hey Bruce chapter 12 refers to the shaking of not only earth but heaven also

The passage draws parallels to how people were afraid of the Lord back in the day and they will be again.

End of chapter 2

After 3:00 the ancient of days

The shaking of the earth will surely kill billions of people

The head of days or ancient of days is described as sitting on his own throne apart from God.

The header of Daniel chapter 7 clarifies saying the agent of days Adam will be visited by the son of man Christ.

Daniel shows us that the shaking of the earth corresponds to the destruction of the fourth beast kingdom which is Ezra's eagle America.

Daniel also saw the antidepress describes as a little horn. That the antidepress will be joined by the beast and the both returning to the fire. Correction and they will both be thrown into the fire

The flaming Wheels also known as the ships of CHItiM are subservient to Michael, and he is likely who coordinated the event and the scripture concerning them.

Michael will drive the enemies from America and coordinate this from his seat of power in Adam ondi Ahman

The beast is a literal beast to a roll alongside the antichrist

The answer is eagle prophecy speaks of a Terrance and government worse than anything before. Directions government

Ezra's eagle says the head on the right the vows the head on the left

The heads of the eagle accomplish Satan's work

The administration of the antichrist over America will be short

Rush believes the three eagle heads will rise before the end of January 2025

It believes an eventful to move Biden into other presidential hopefuls before normal transition processes can occur.

As evil powers rise up to a level never before seen since the flood Adam will step into intervene. His intervention will begin in America and spread to the world.

When Noah saw the vision of what would happen in the last days he was in great fear. How much more will we be who actually see it take place. Scripture says men's hearts will fail them when they see what will happen it probably refers to literal heart attacks from the shock.
